

Curve fit to total of RNA

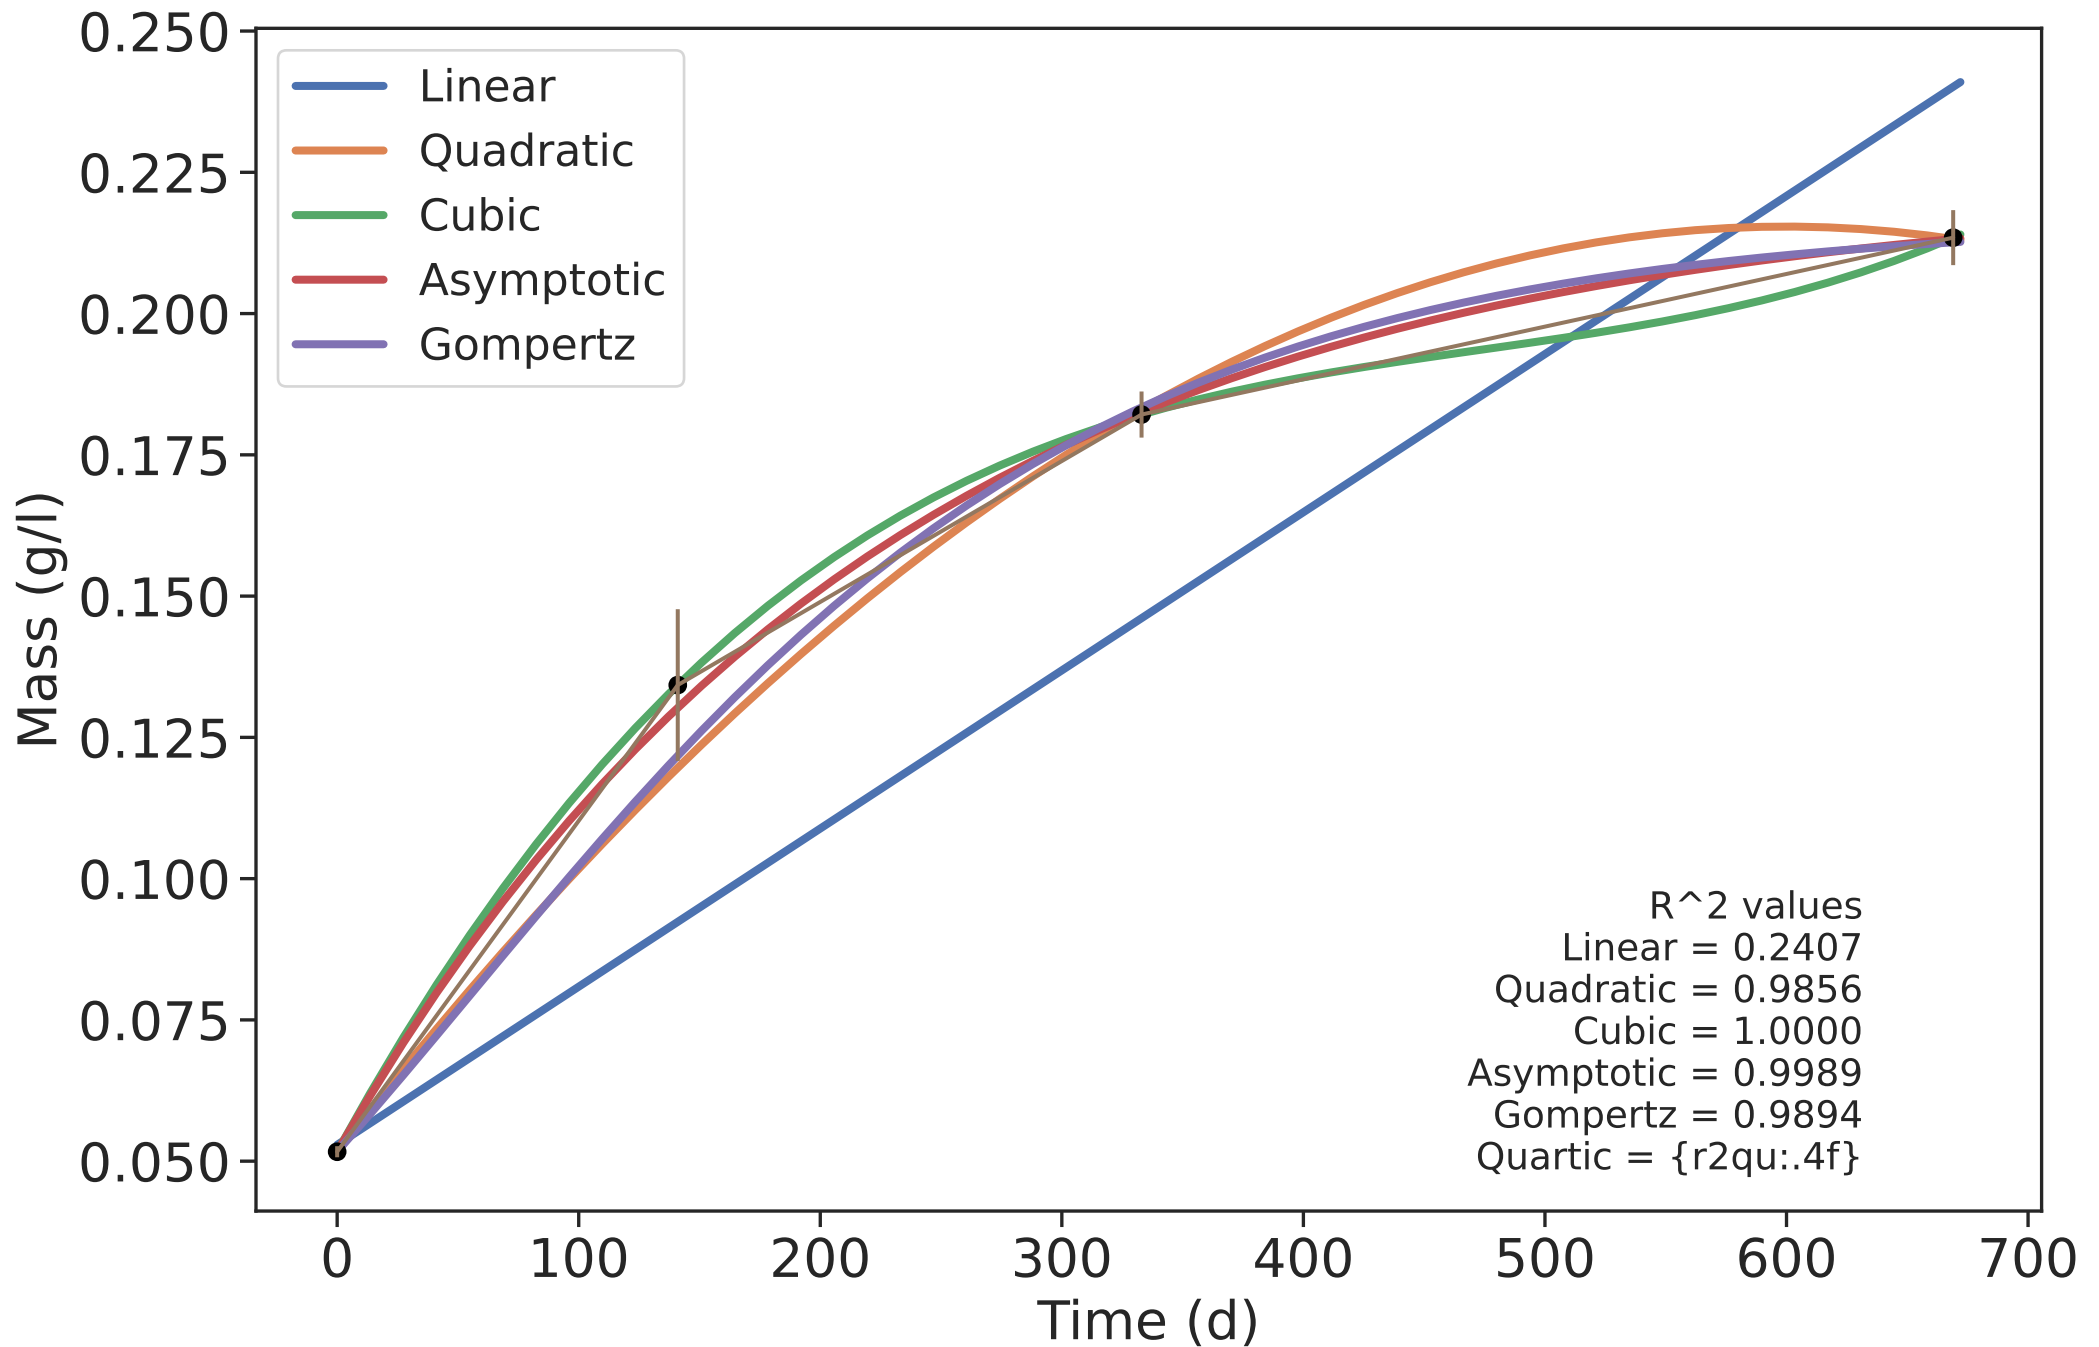

Curve fit to total of L-valine residue

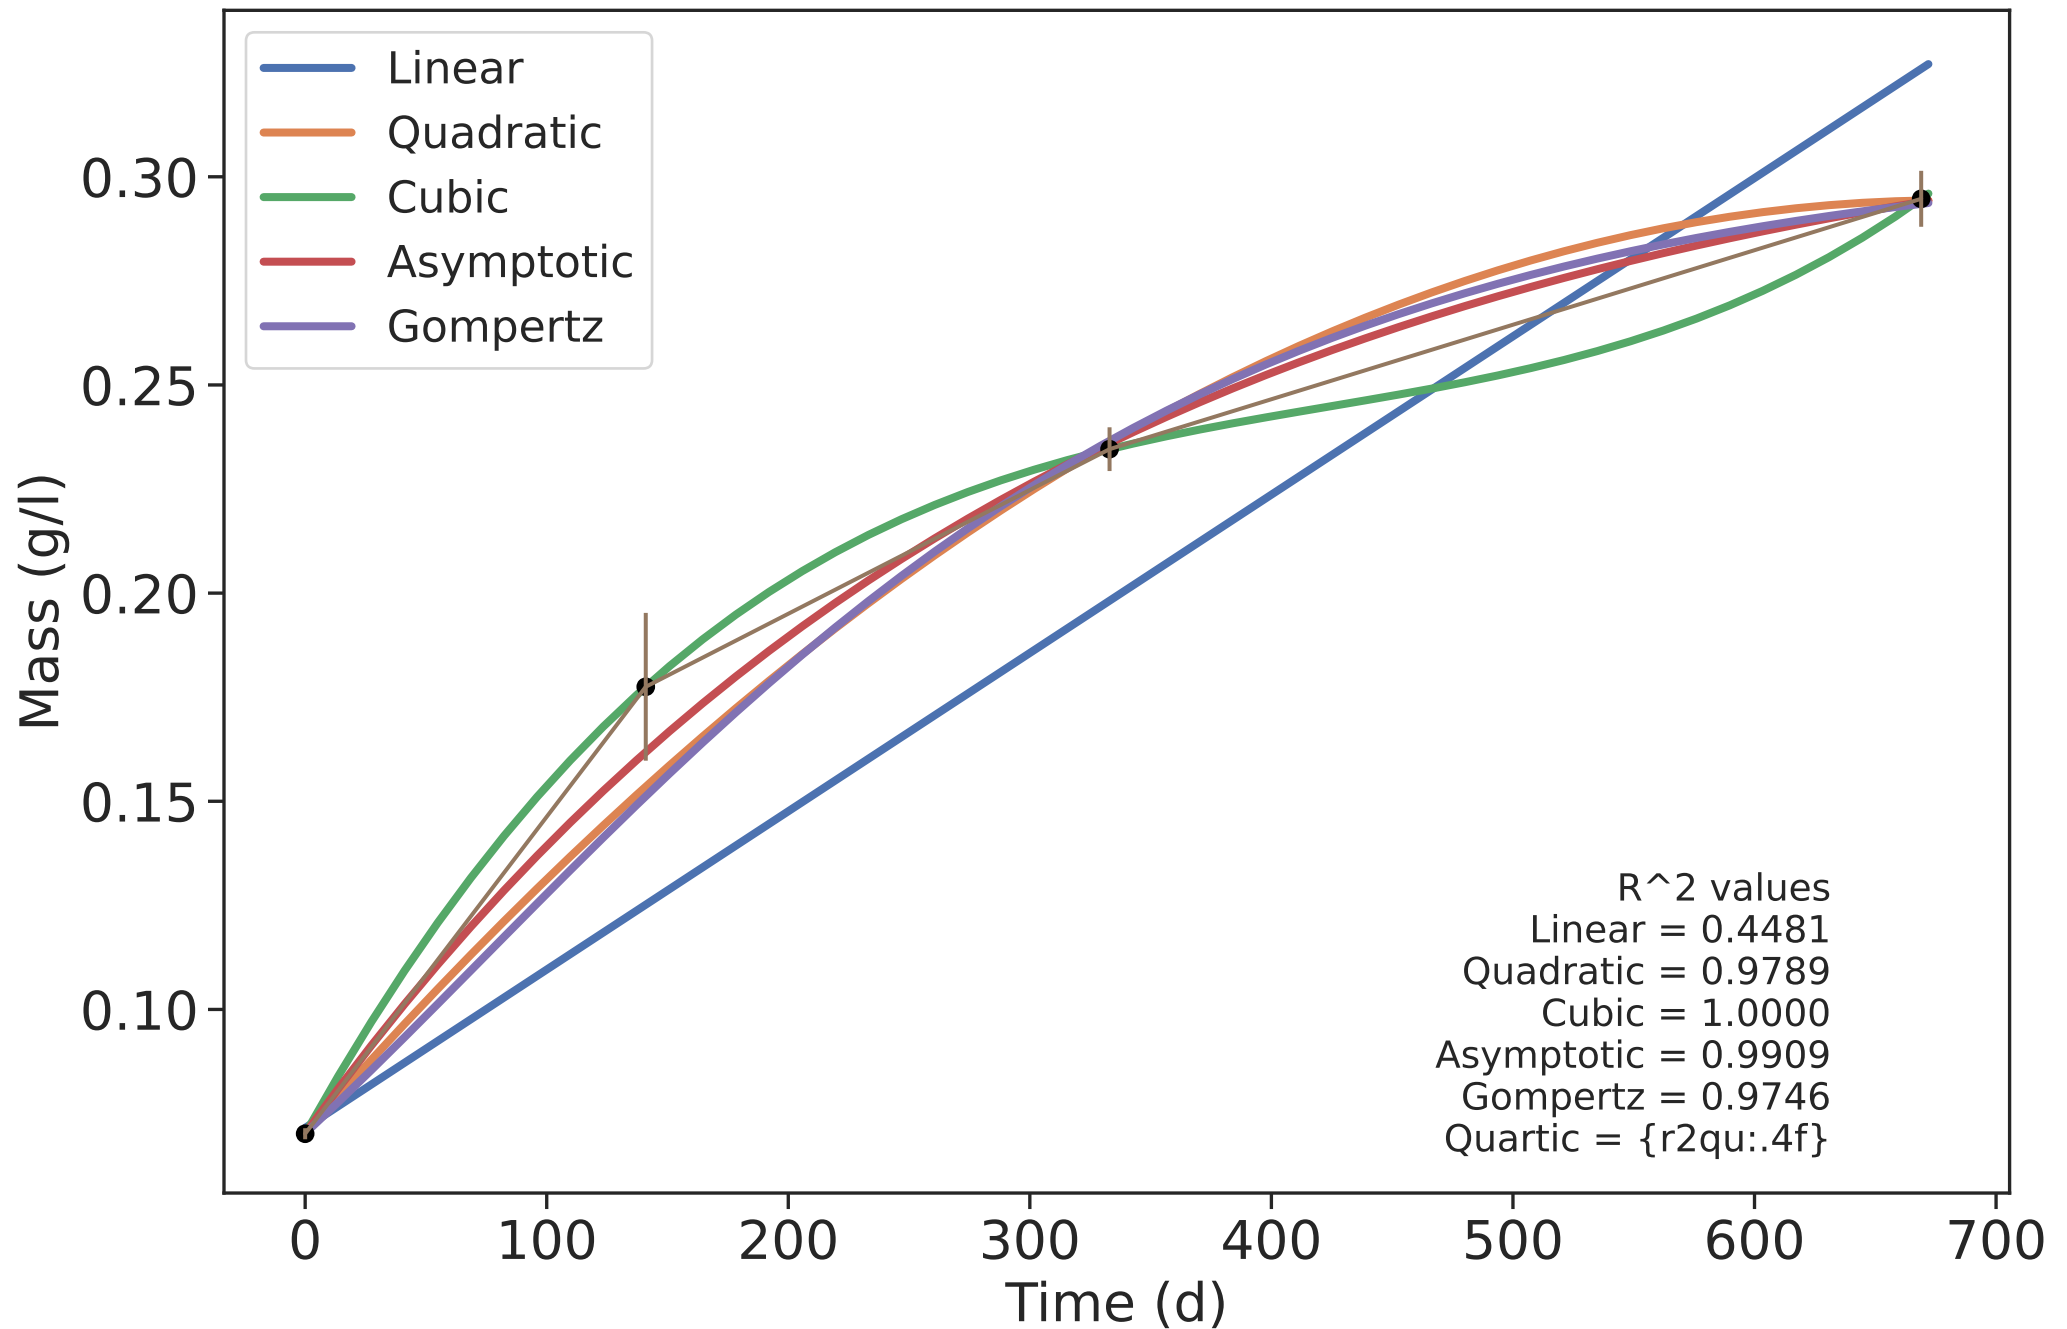

Curve fit to total of L-tyrosine residue

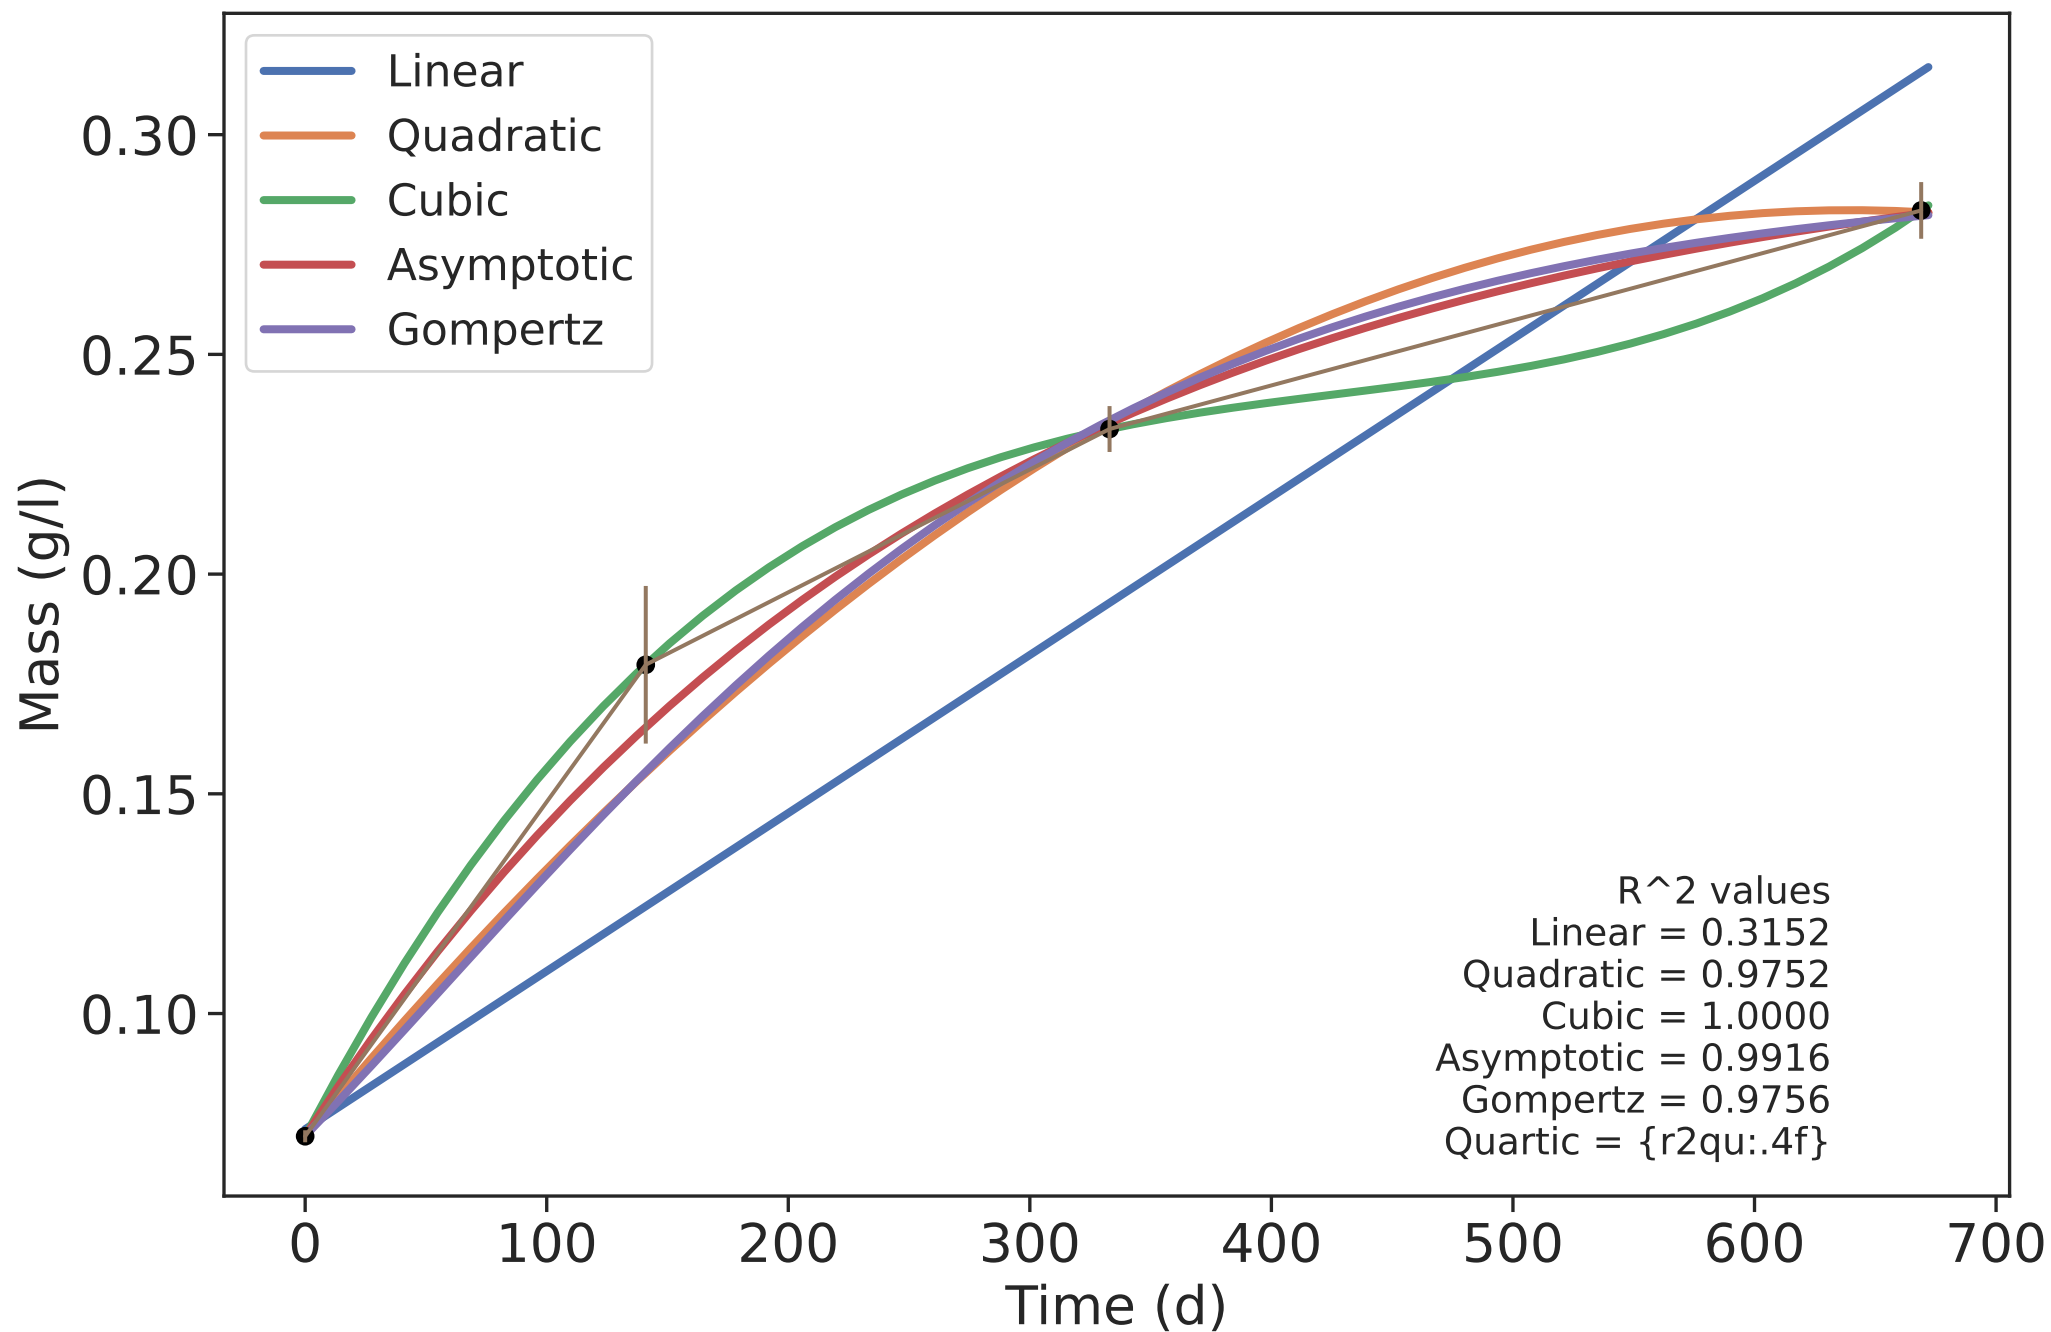

Curve fit to total of L-tryptophan residue

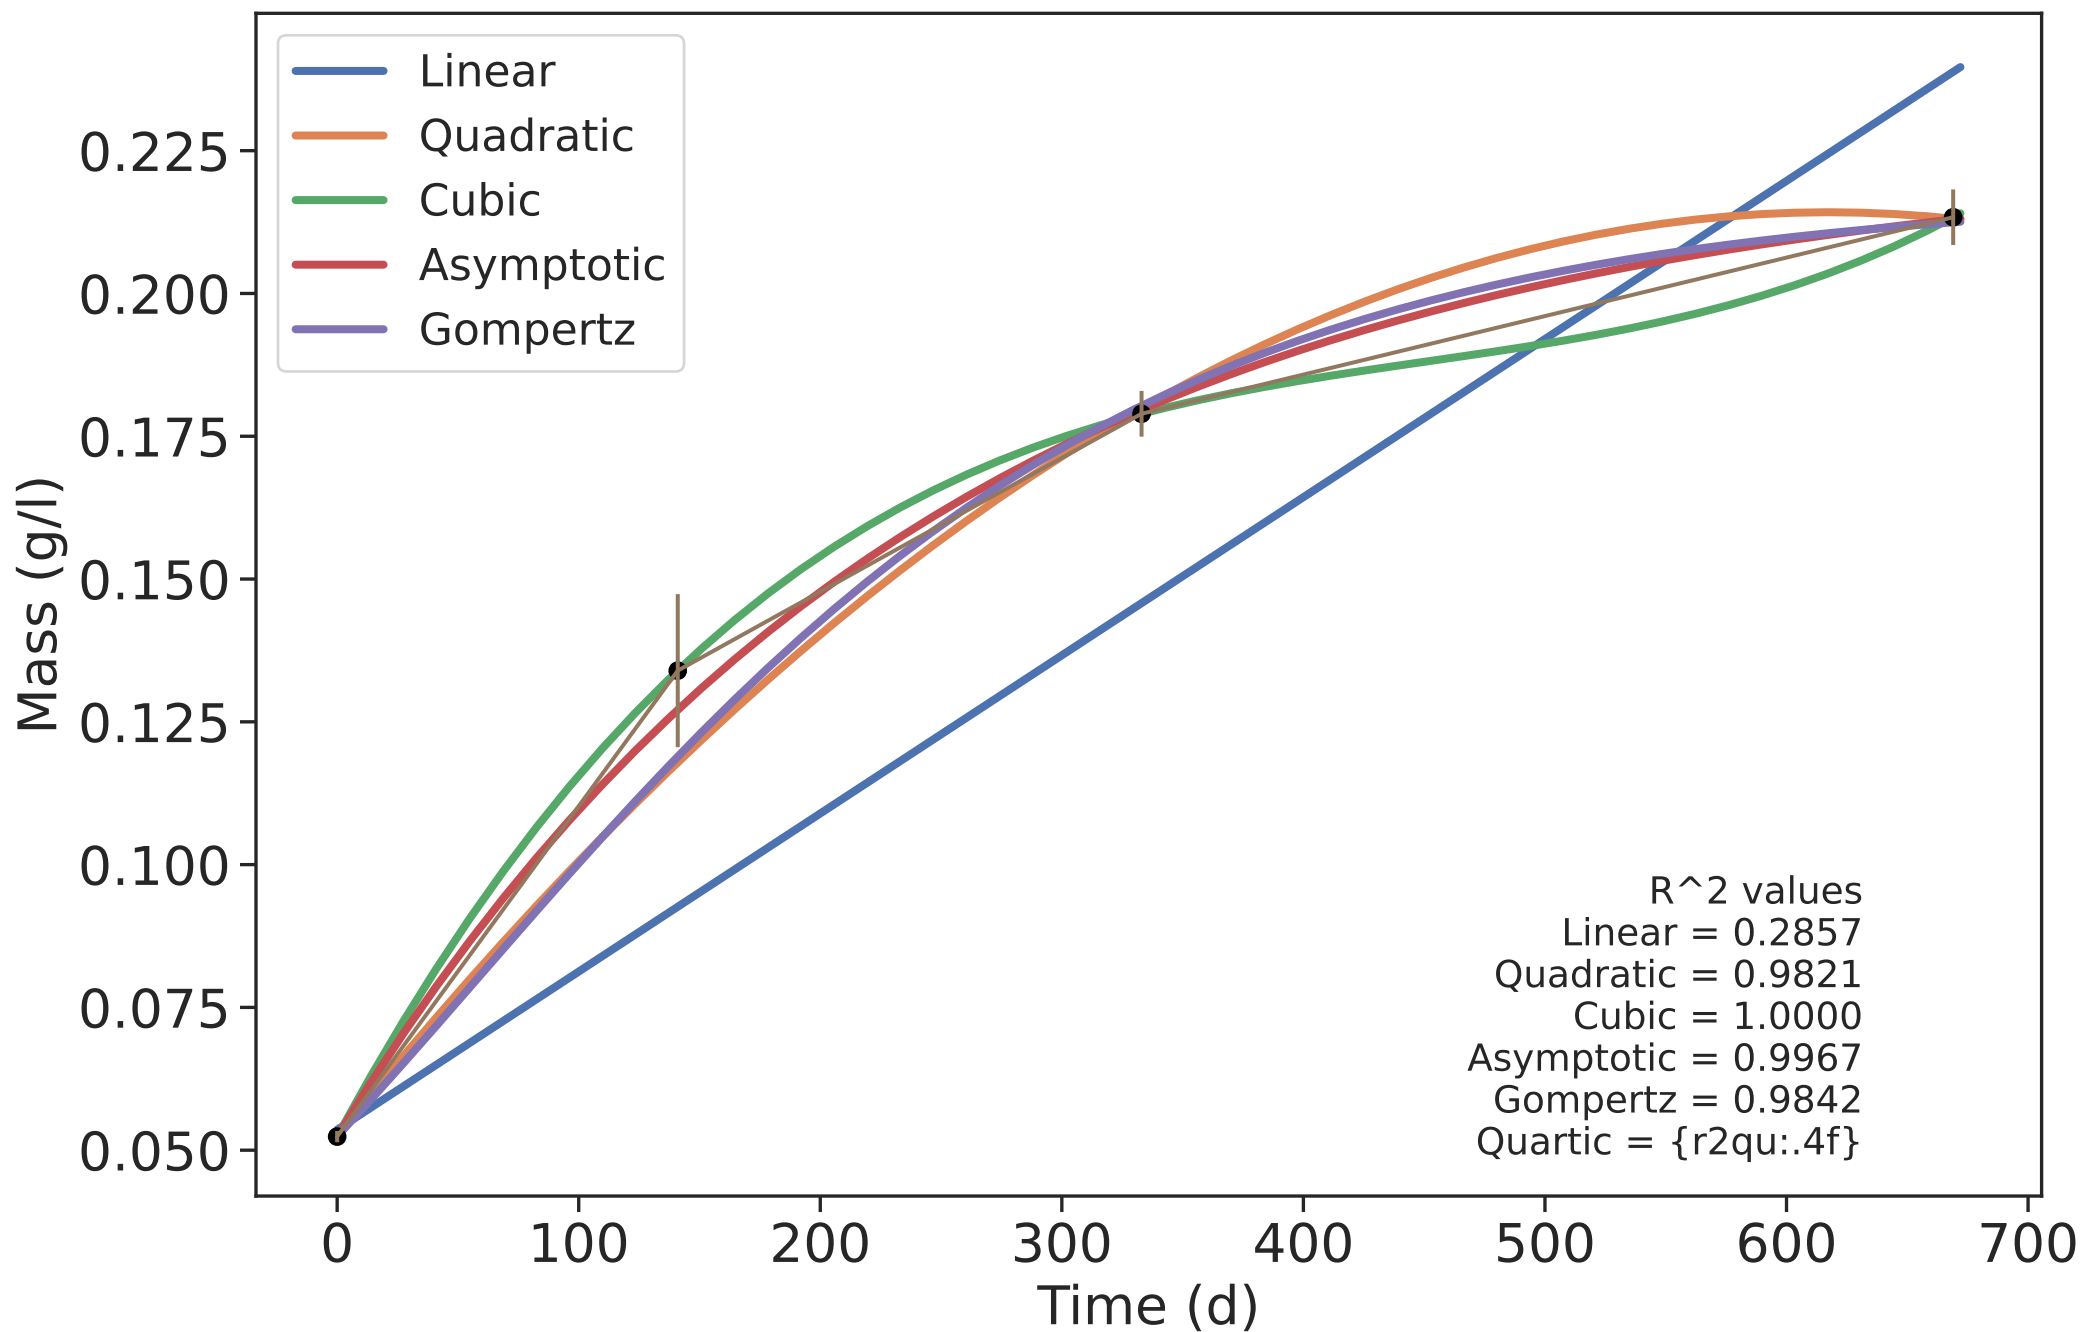

Curve fit to total of L-threonine residue

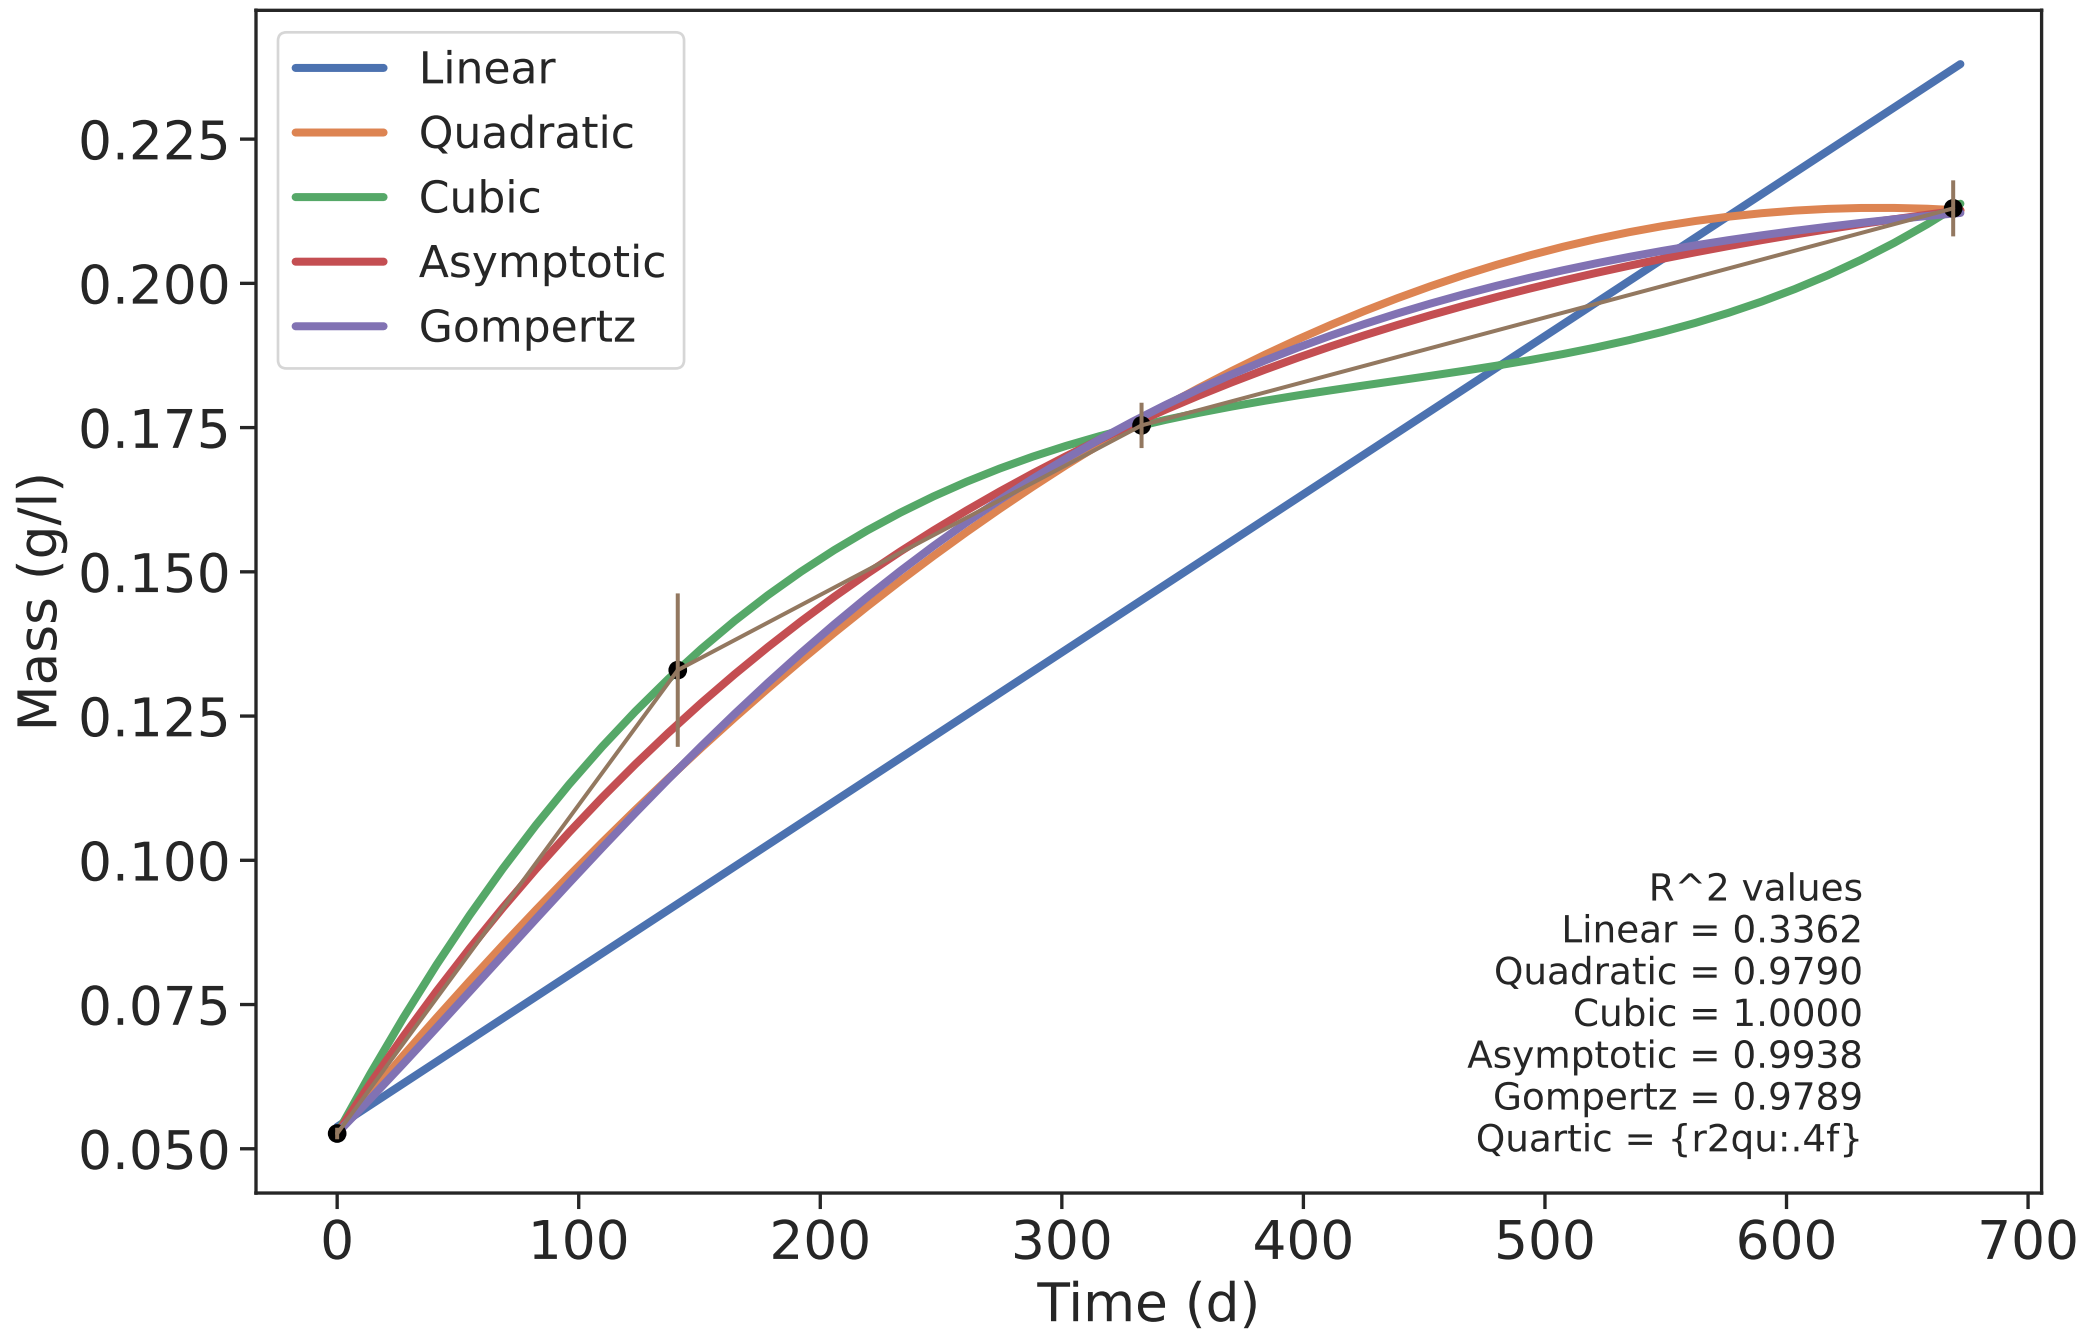

Curve fit to total of L-serine residue

Curve fit to total of L-proline residue

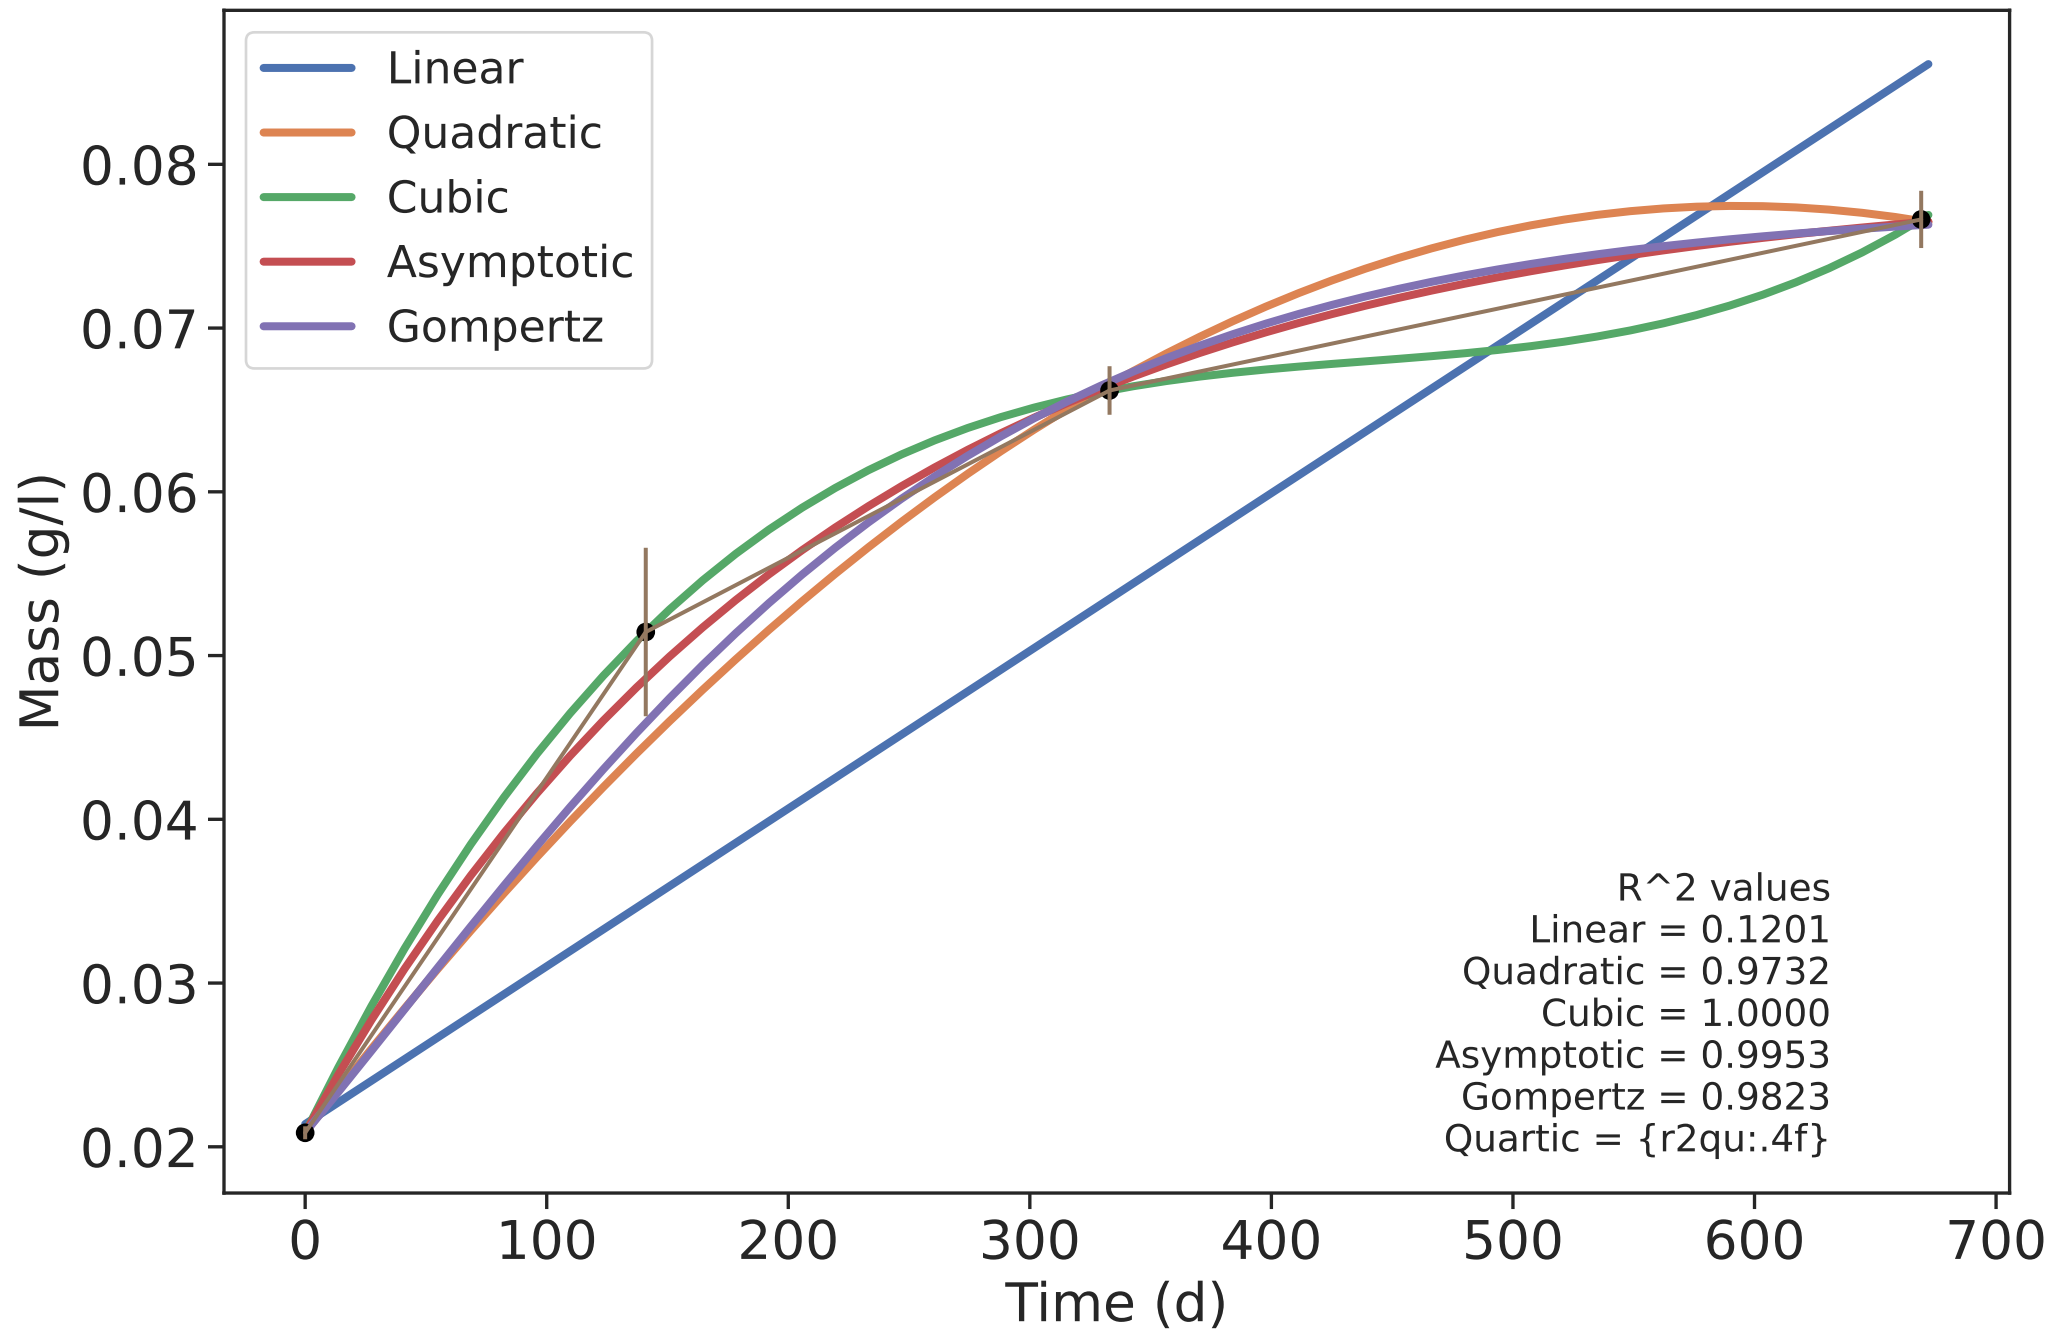

Curve fit to total of L-phenylalanine residue

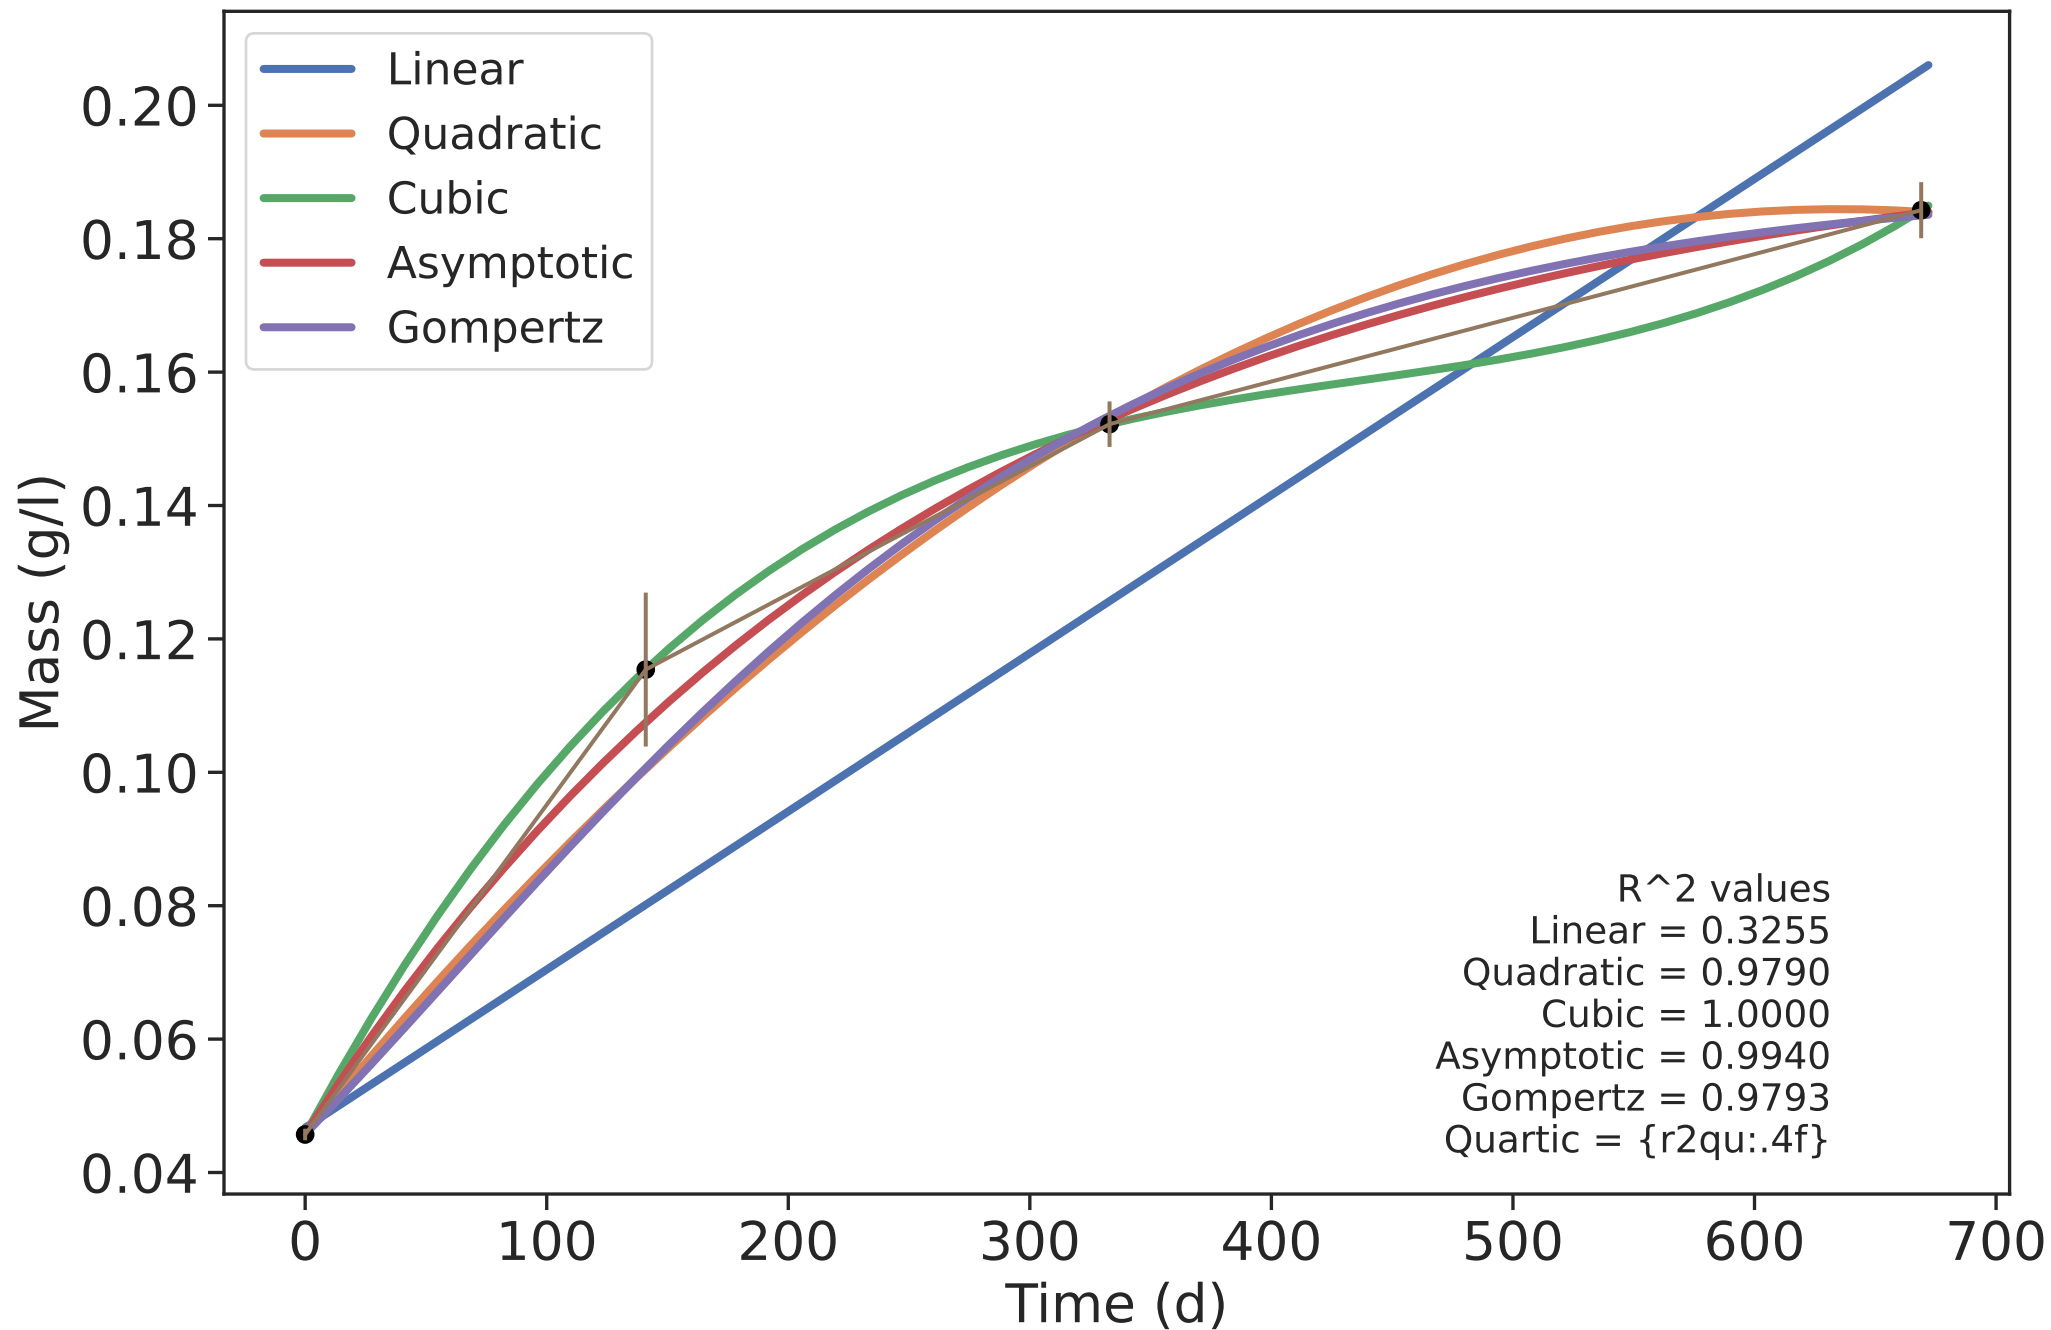

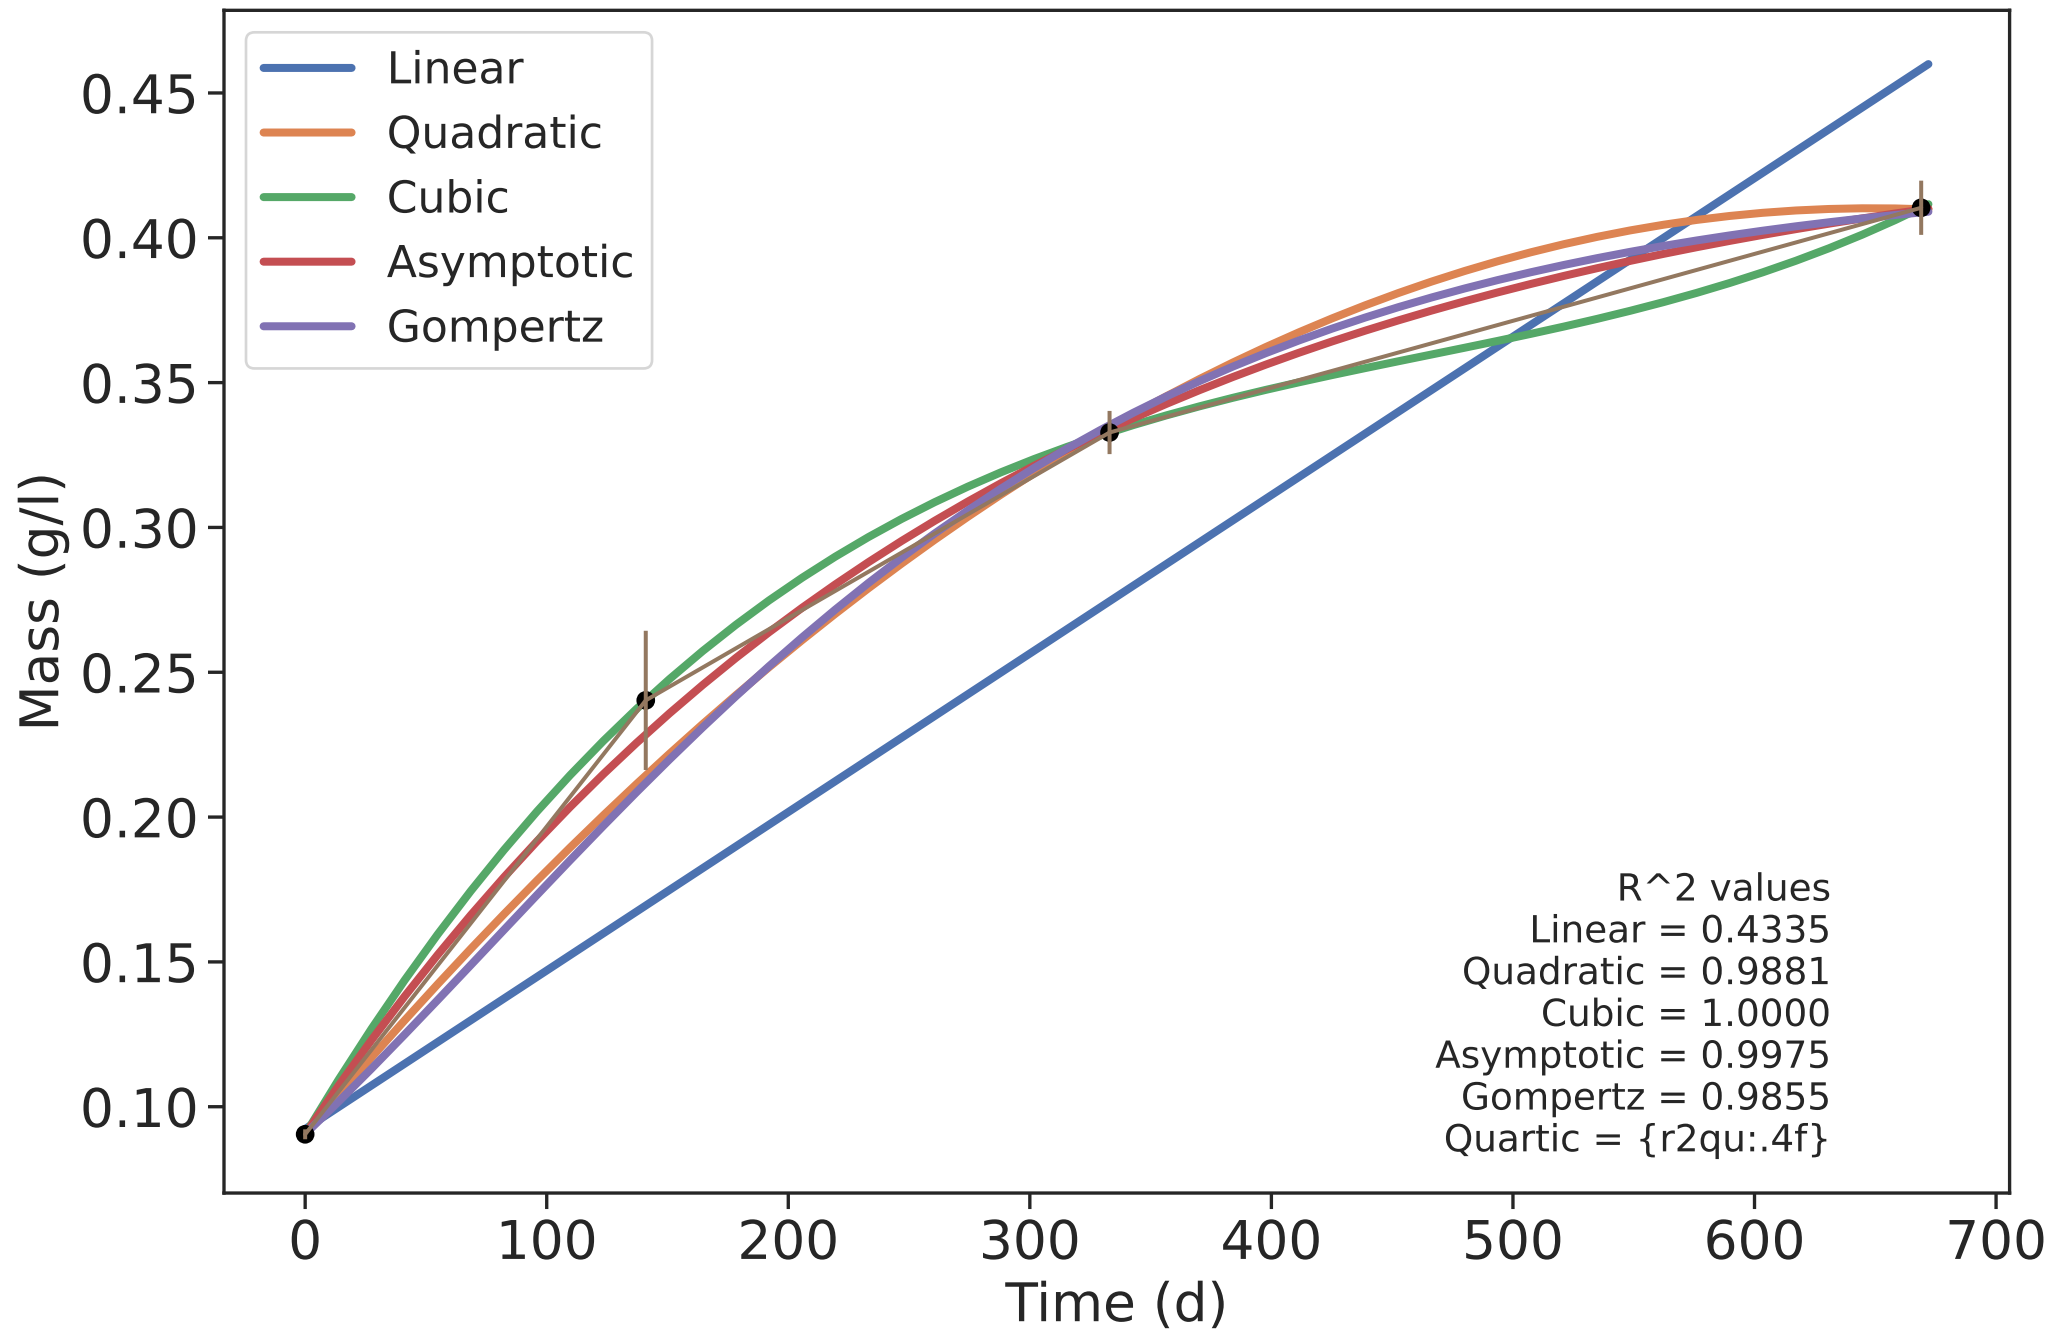

Curve fit to total of L-methionine residue

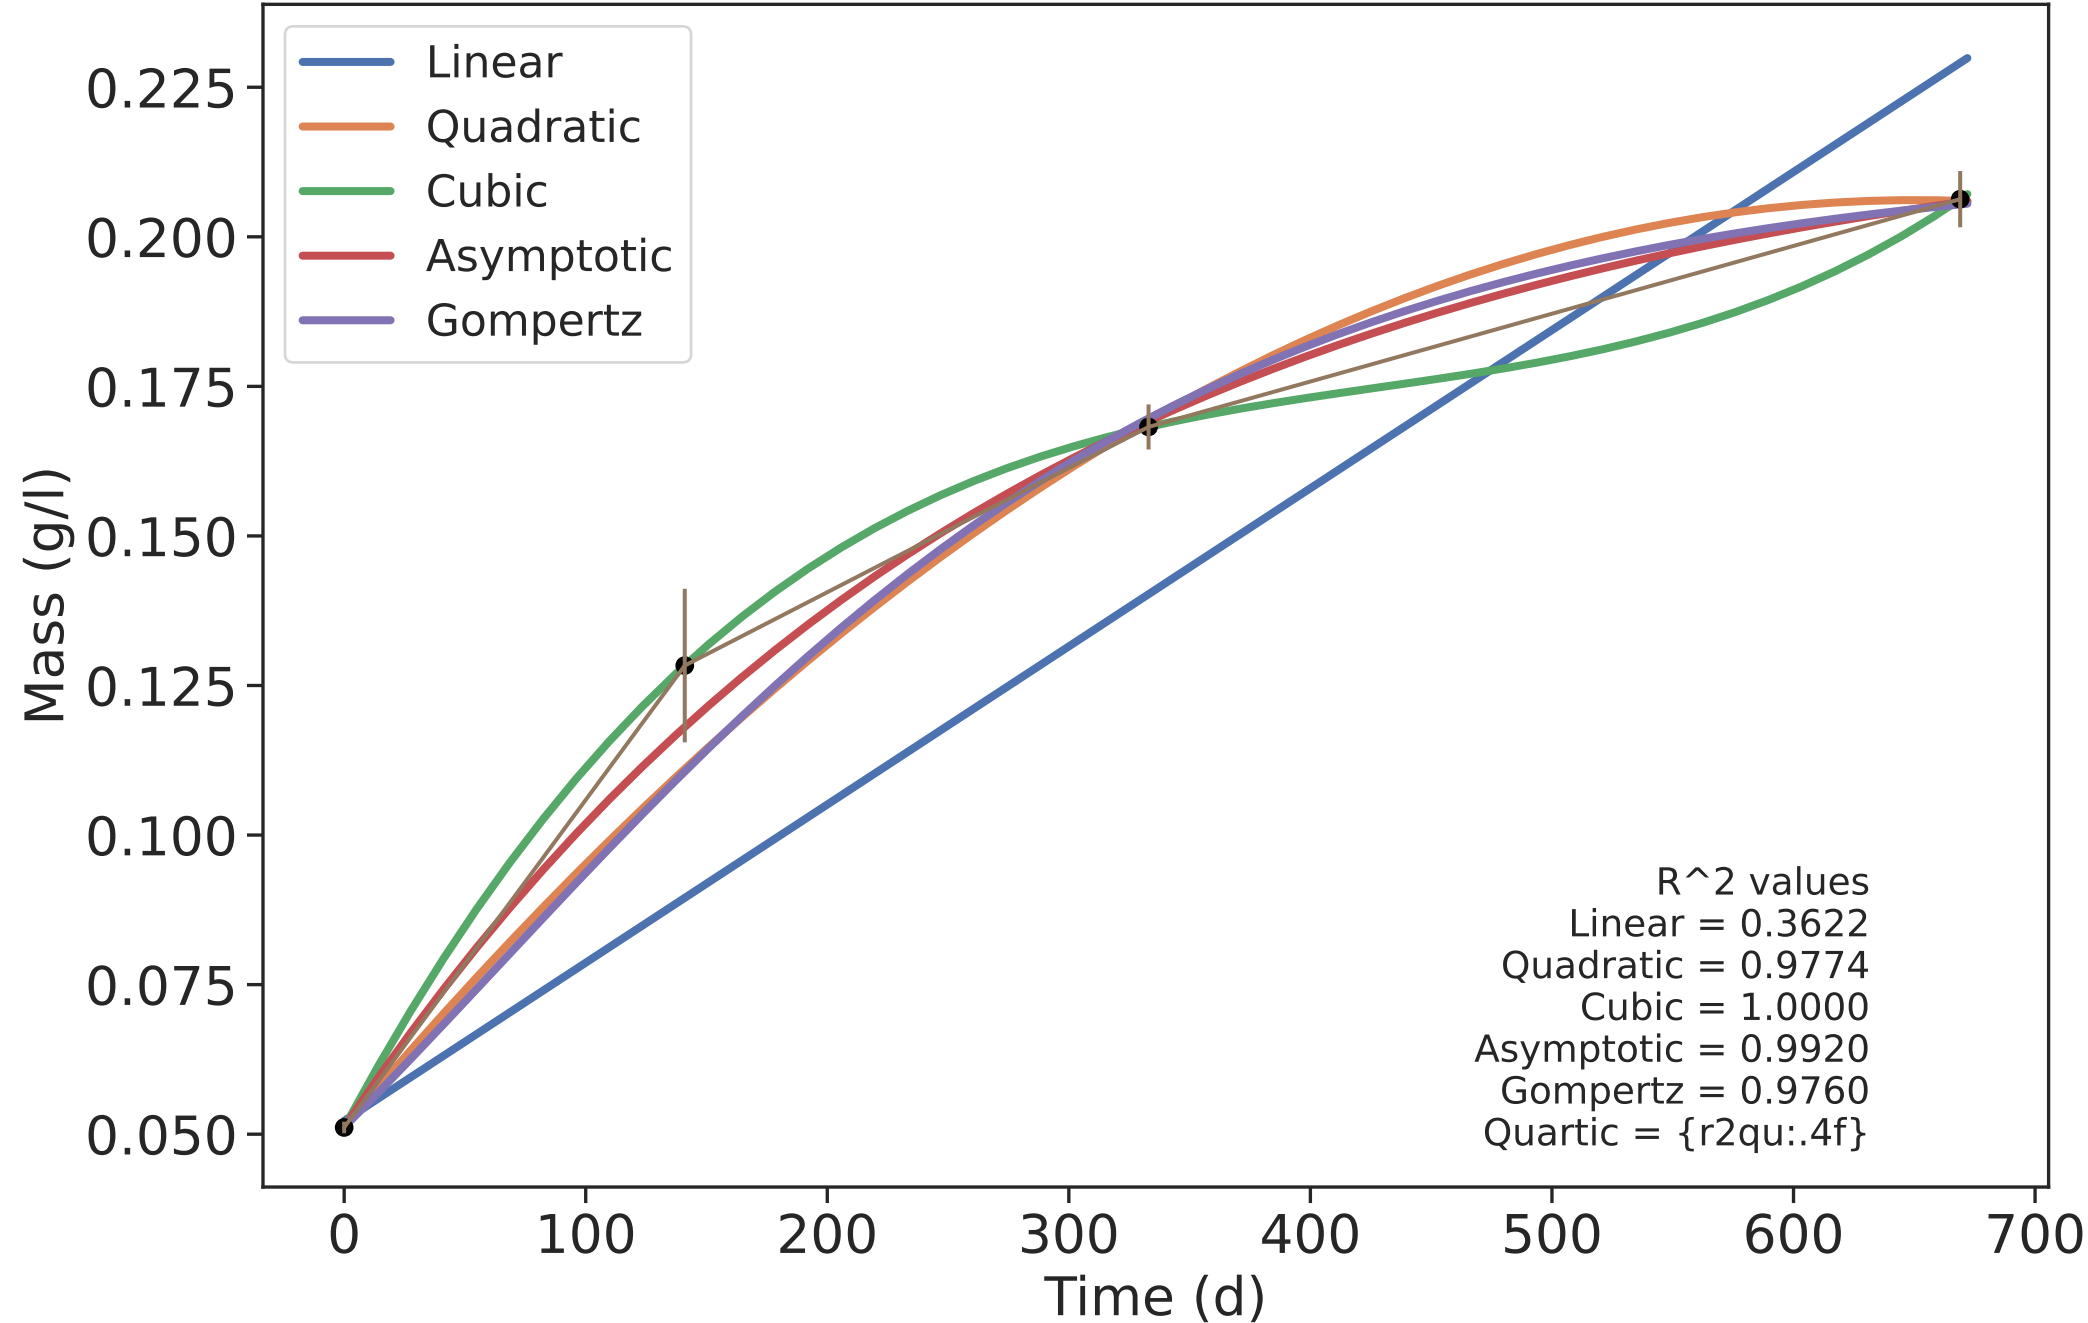

Curve fit to total of glycine residue

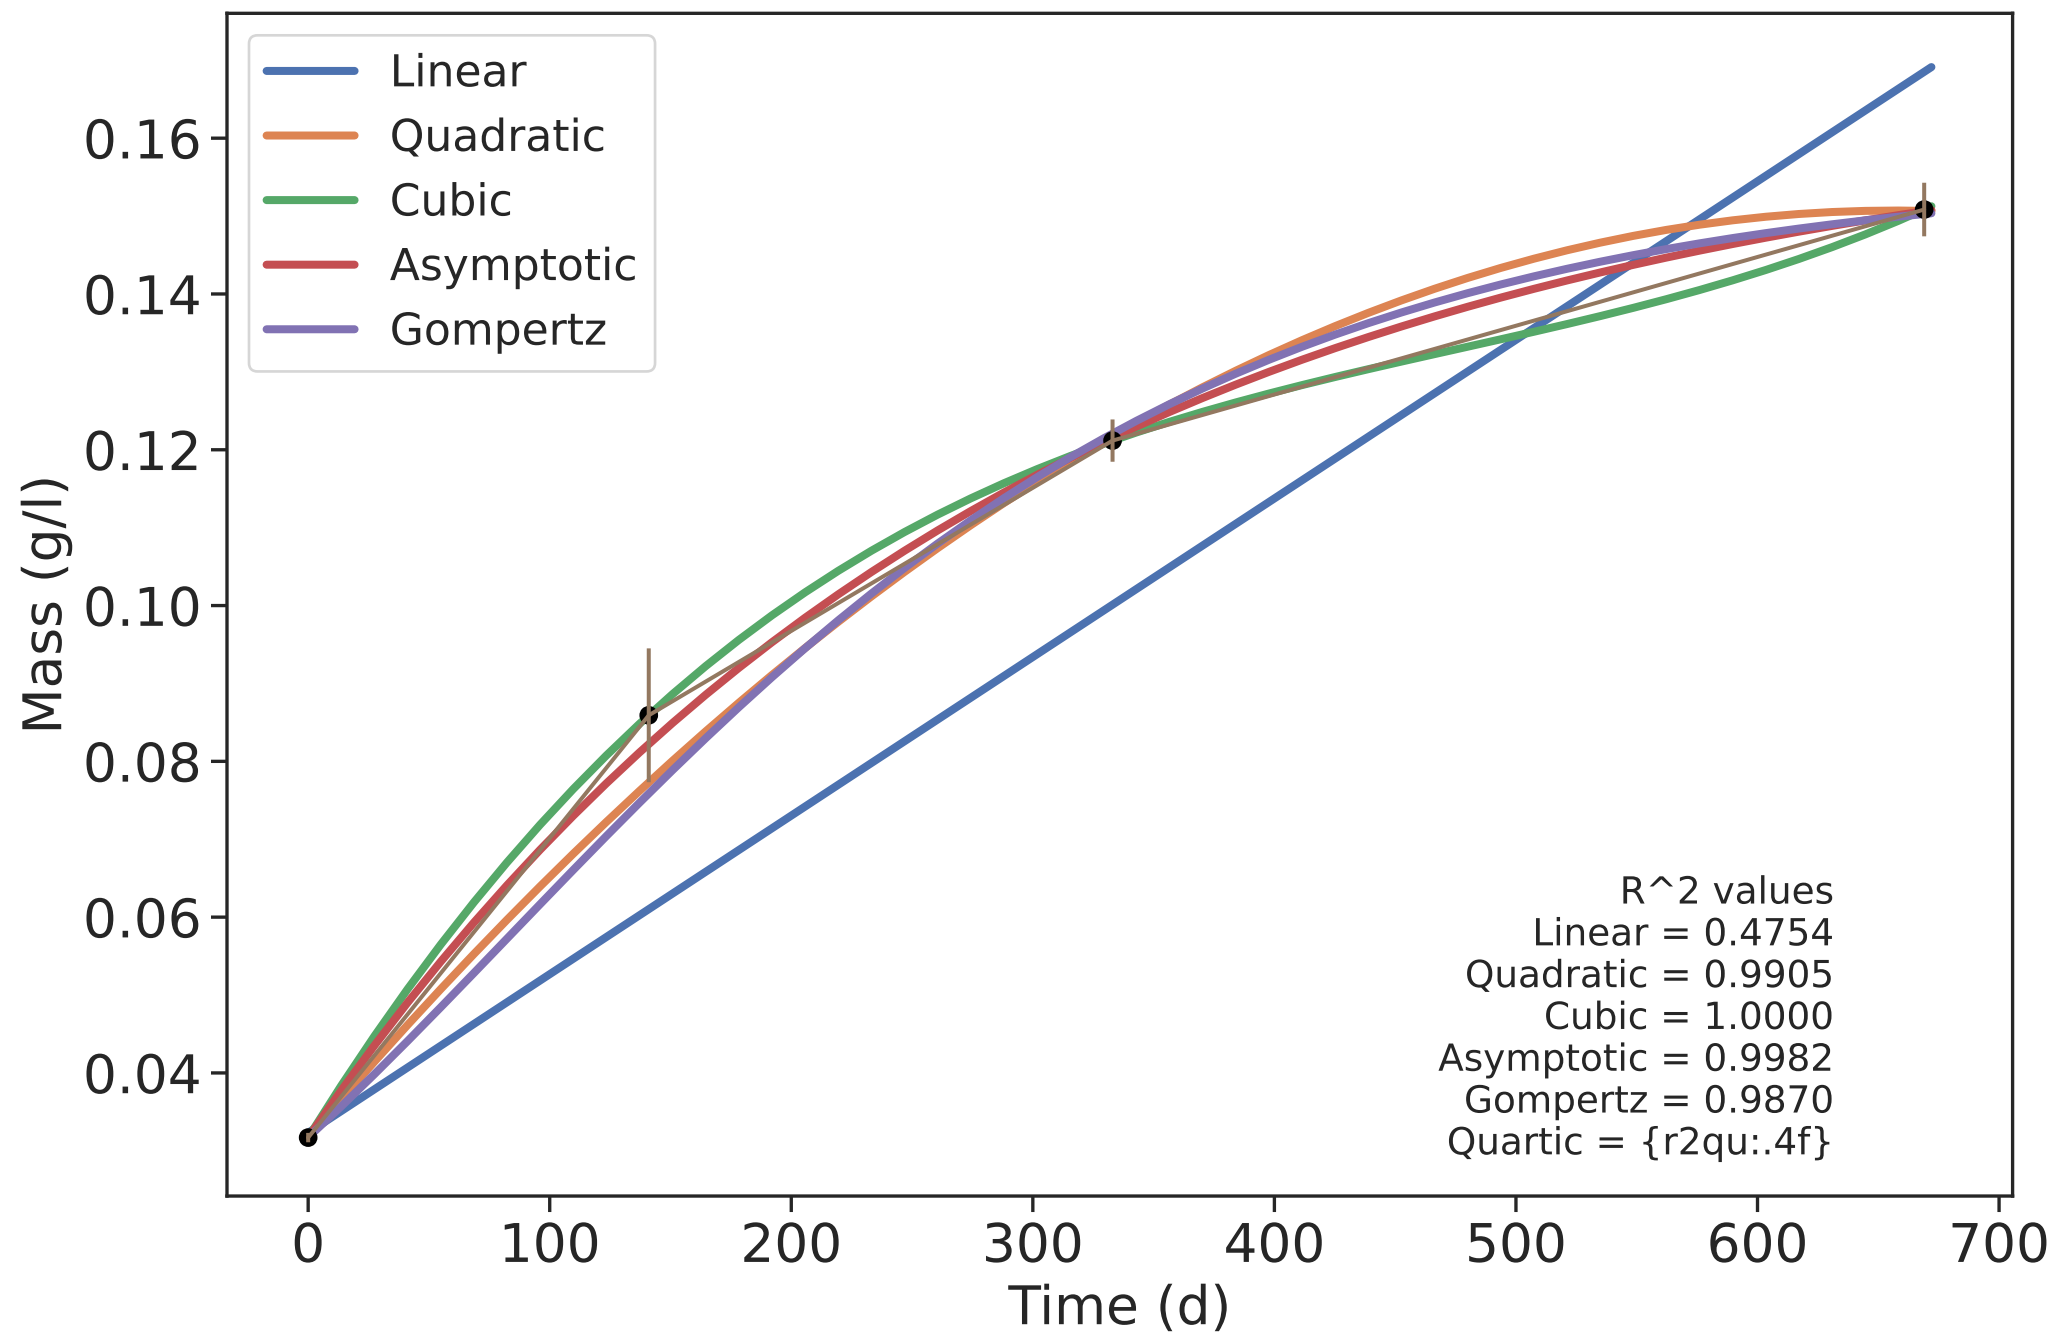

Curve fit to total of L-lysine residue

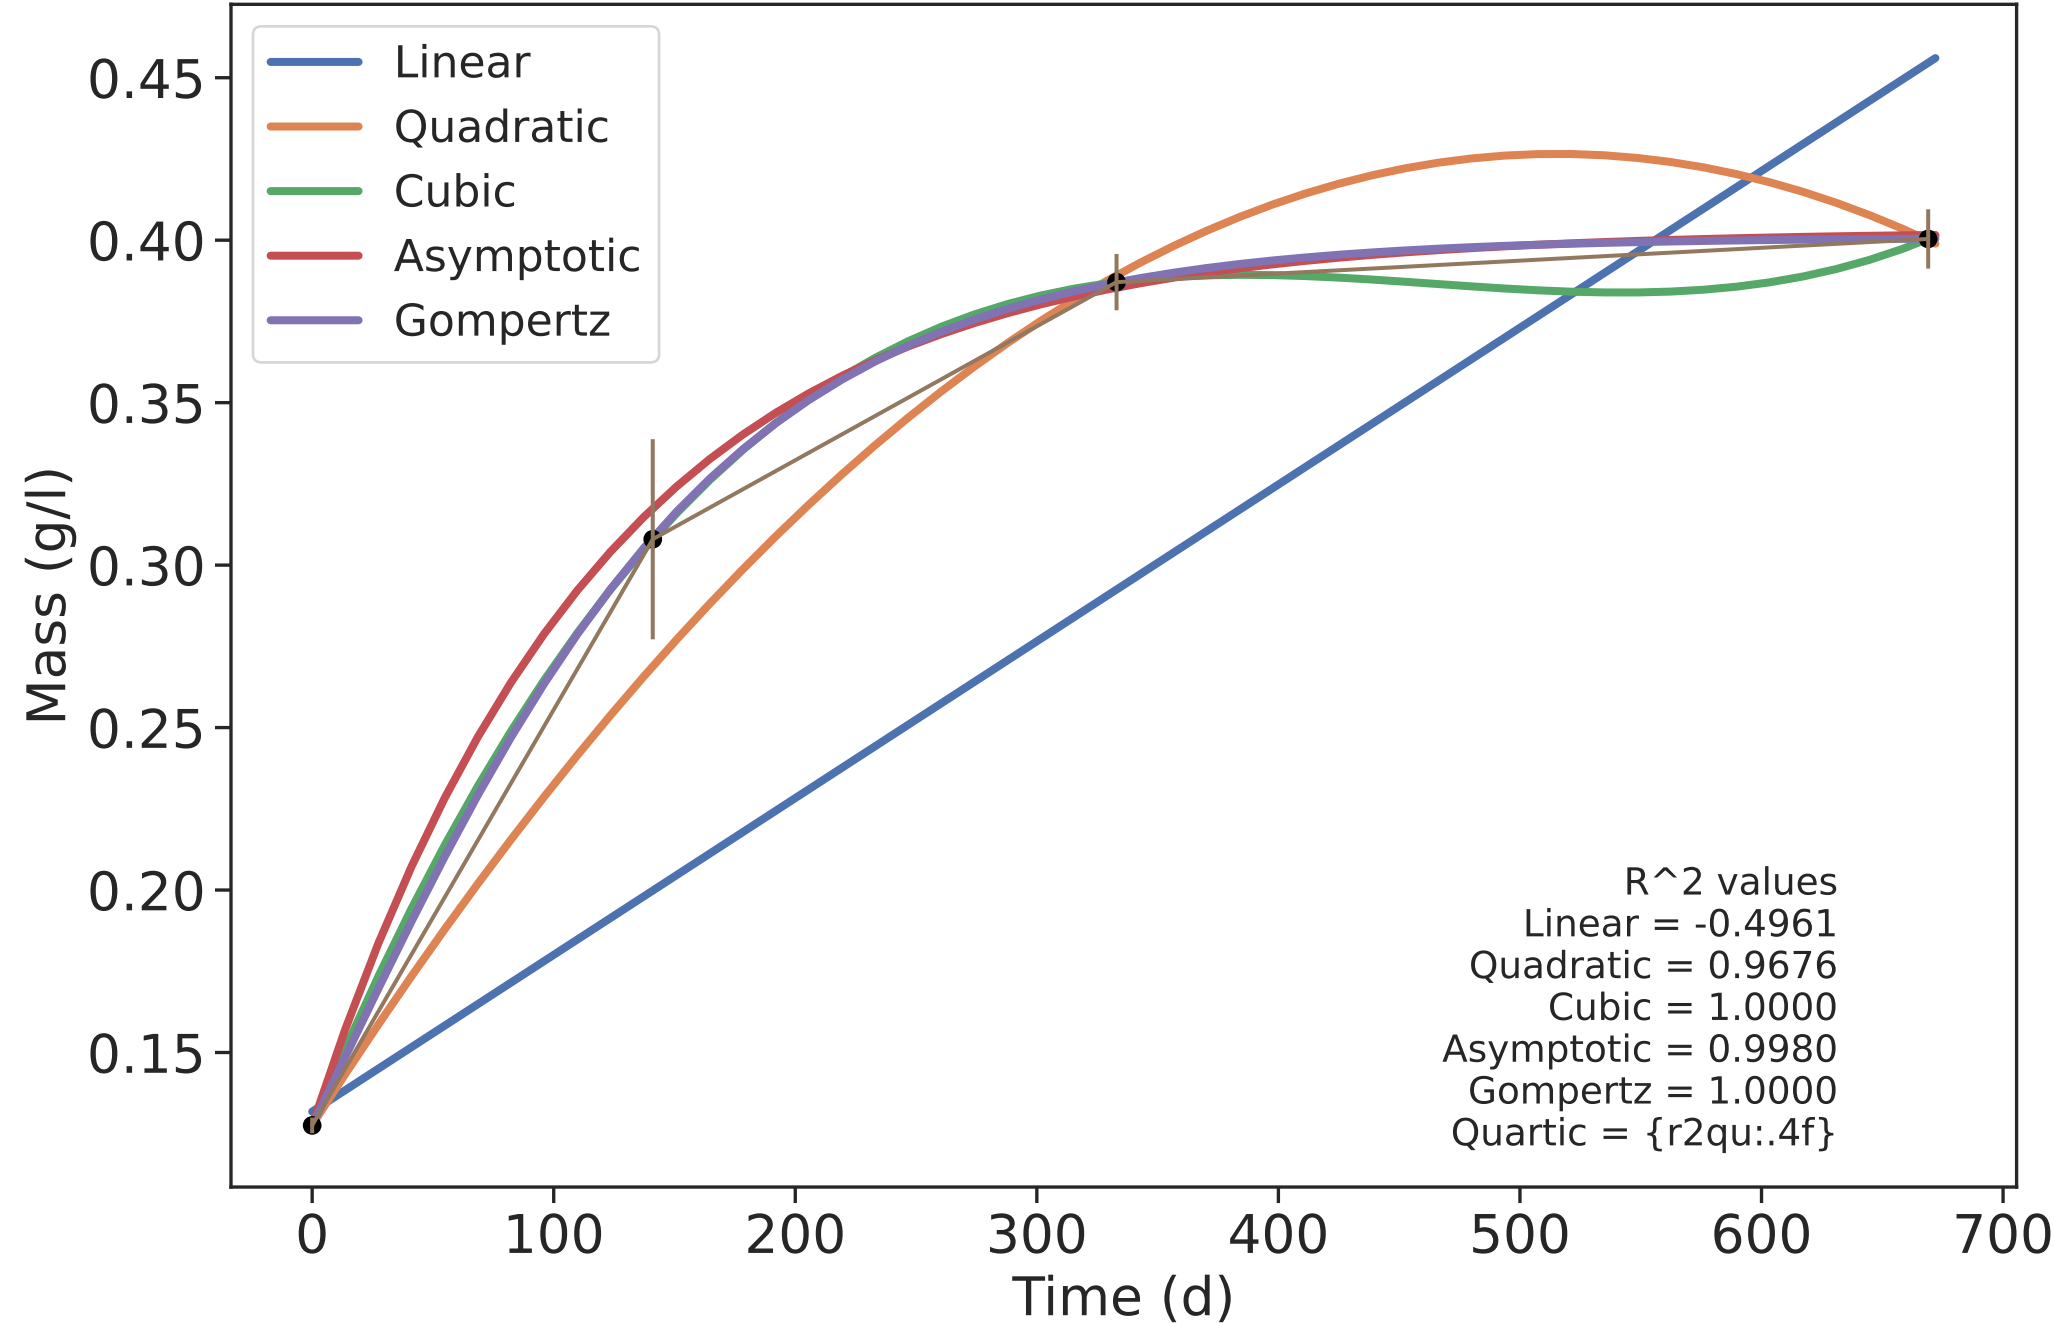

Curve fit to total of L-isoleucine residue

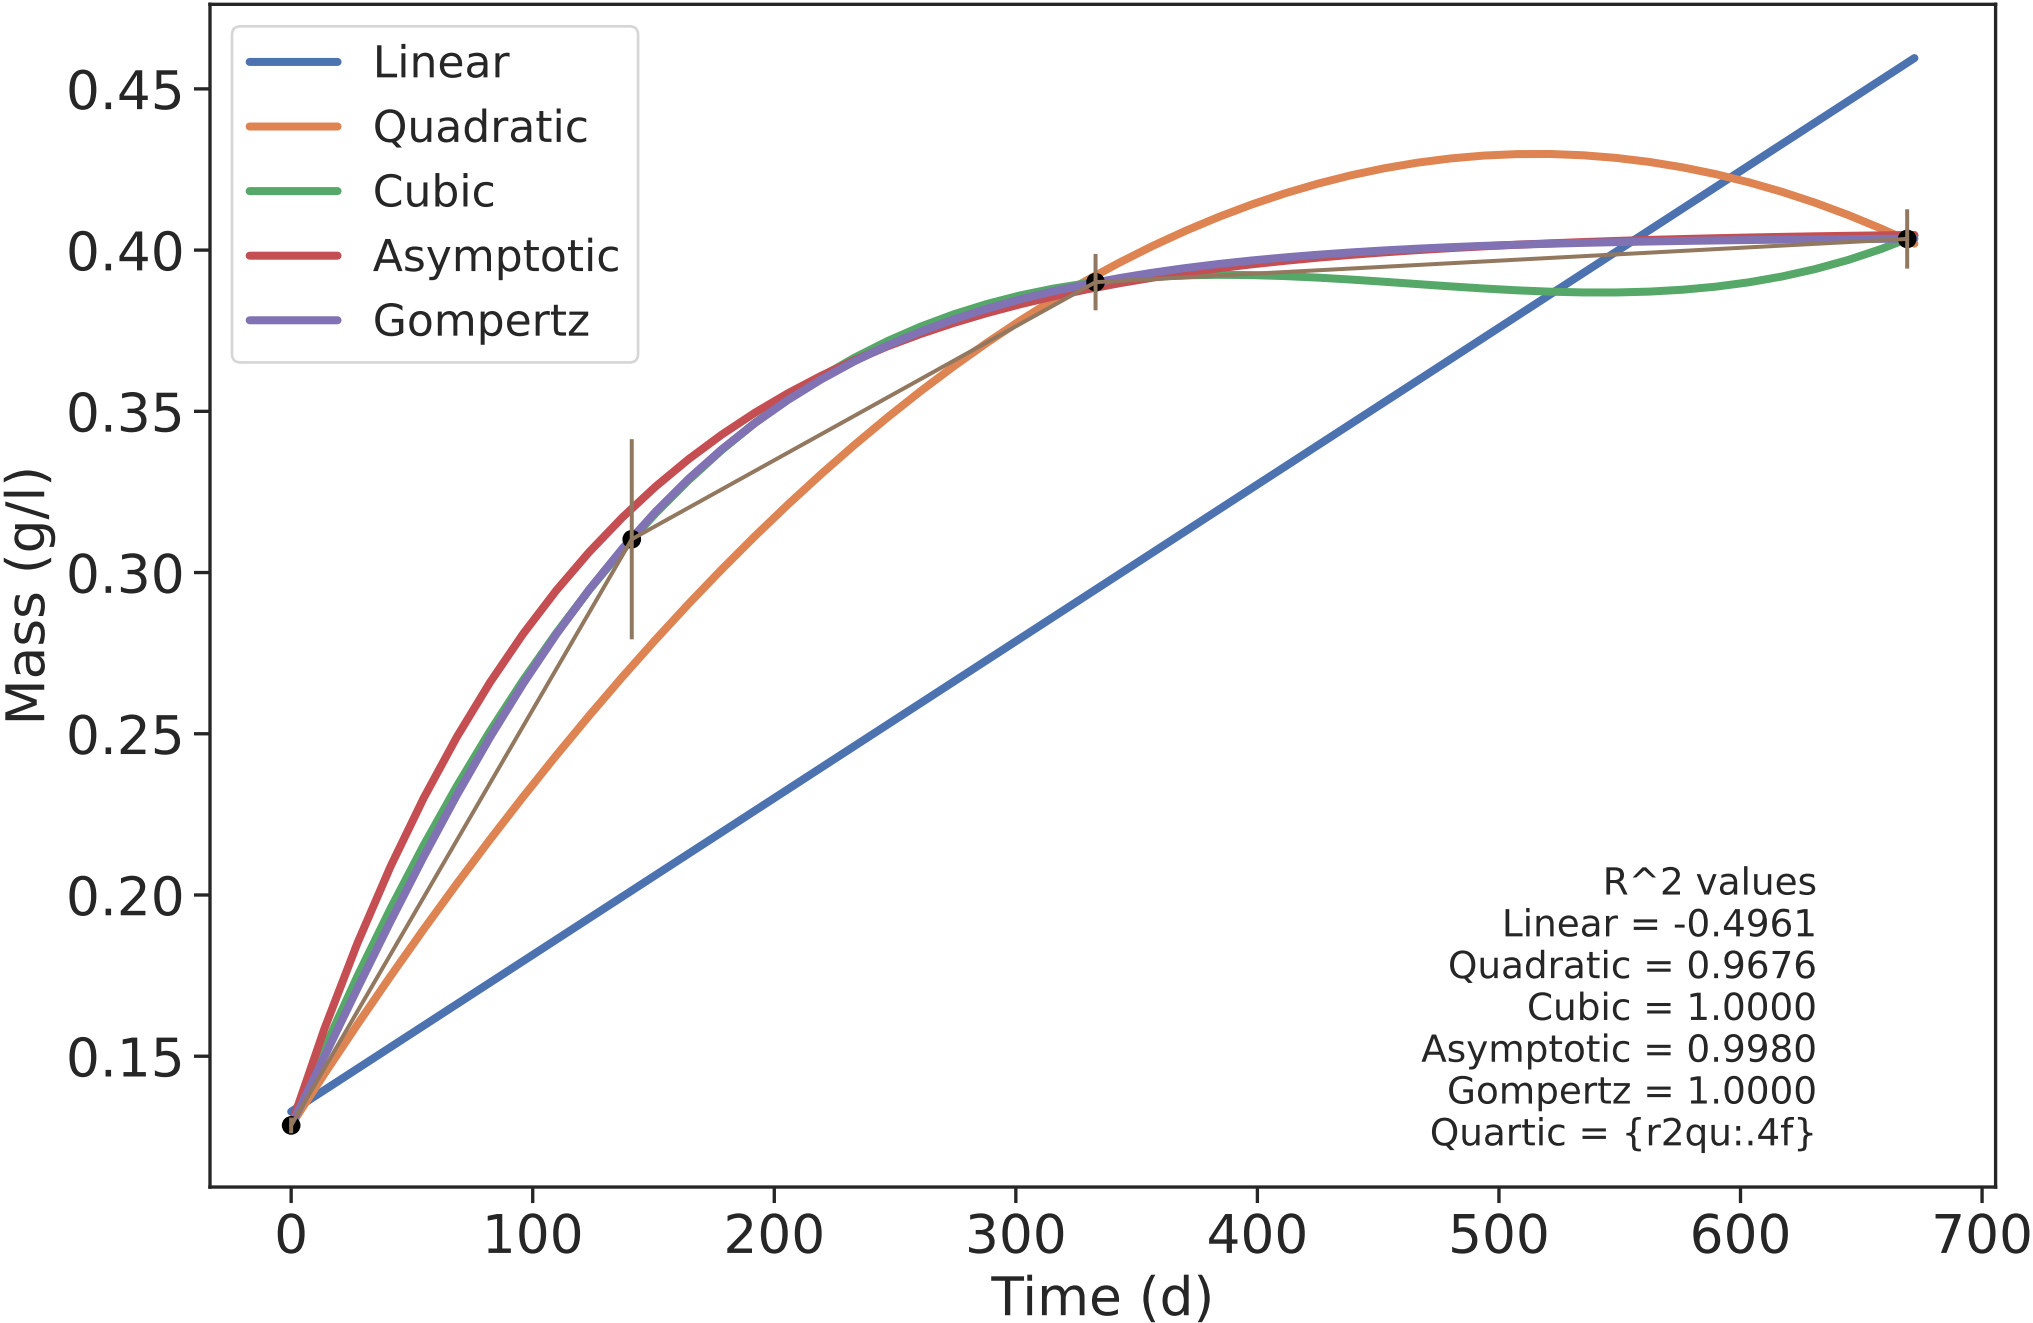

Curve fit to total of L-histidine residue

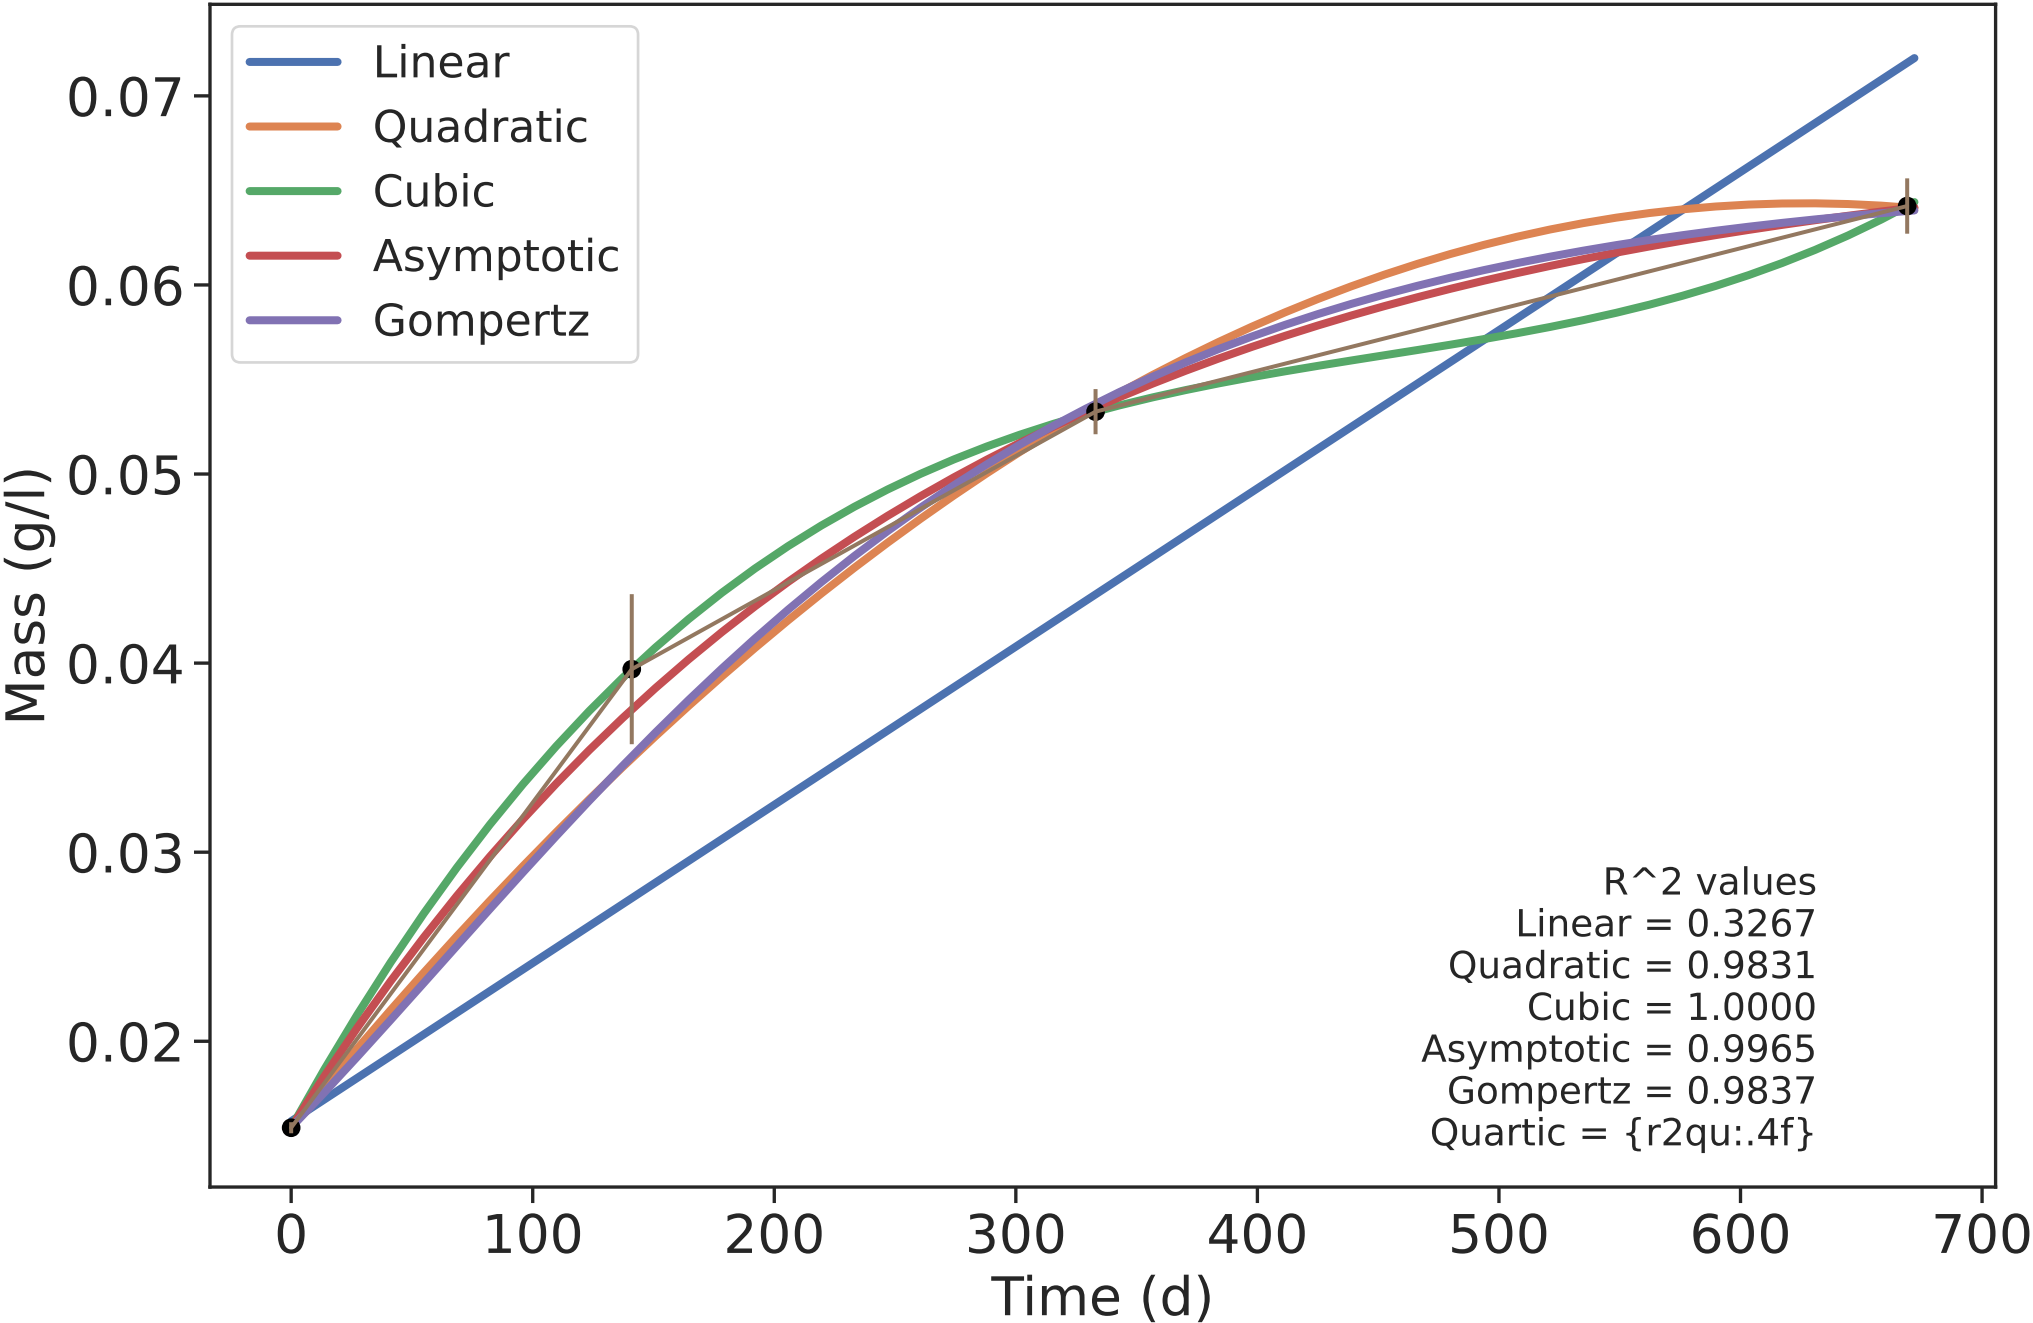

Curve fit to total of L-glutamine residue

Curve fit to total of L-glutamic acid residue

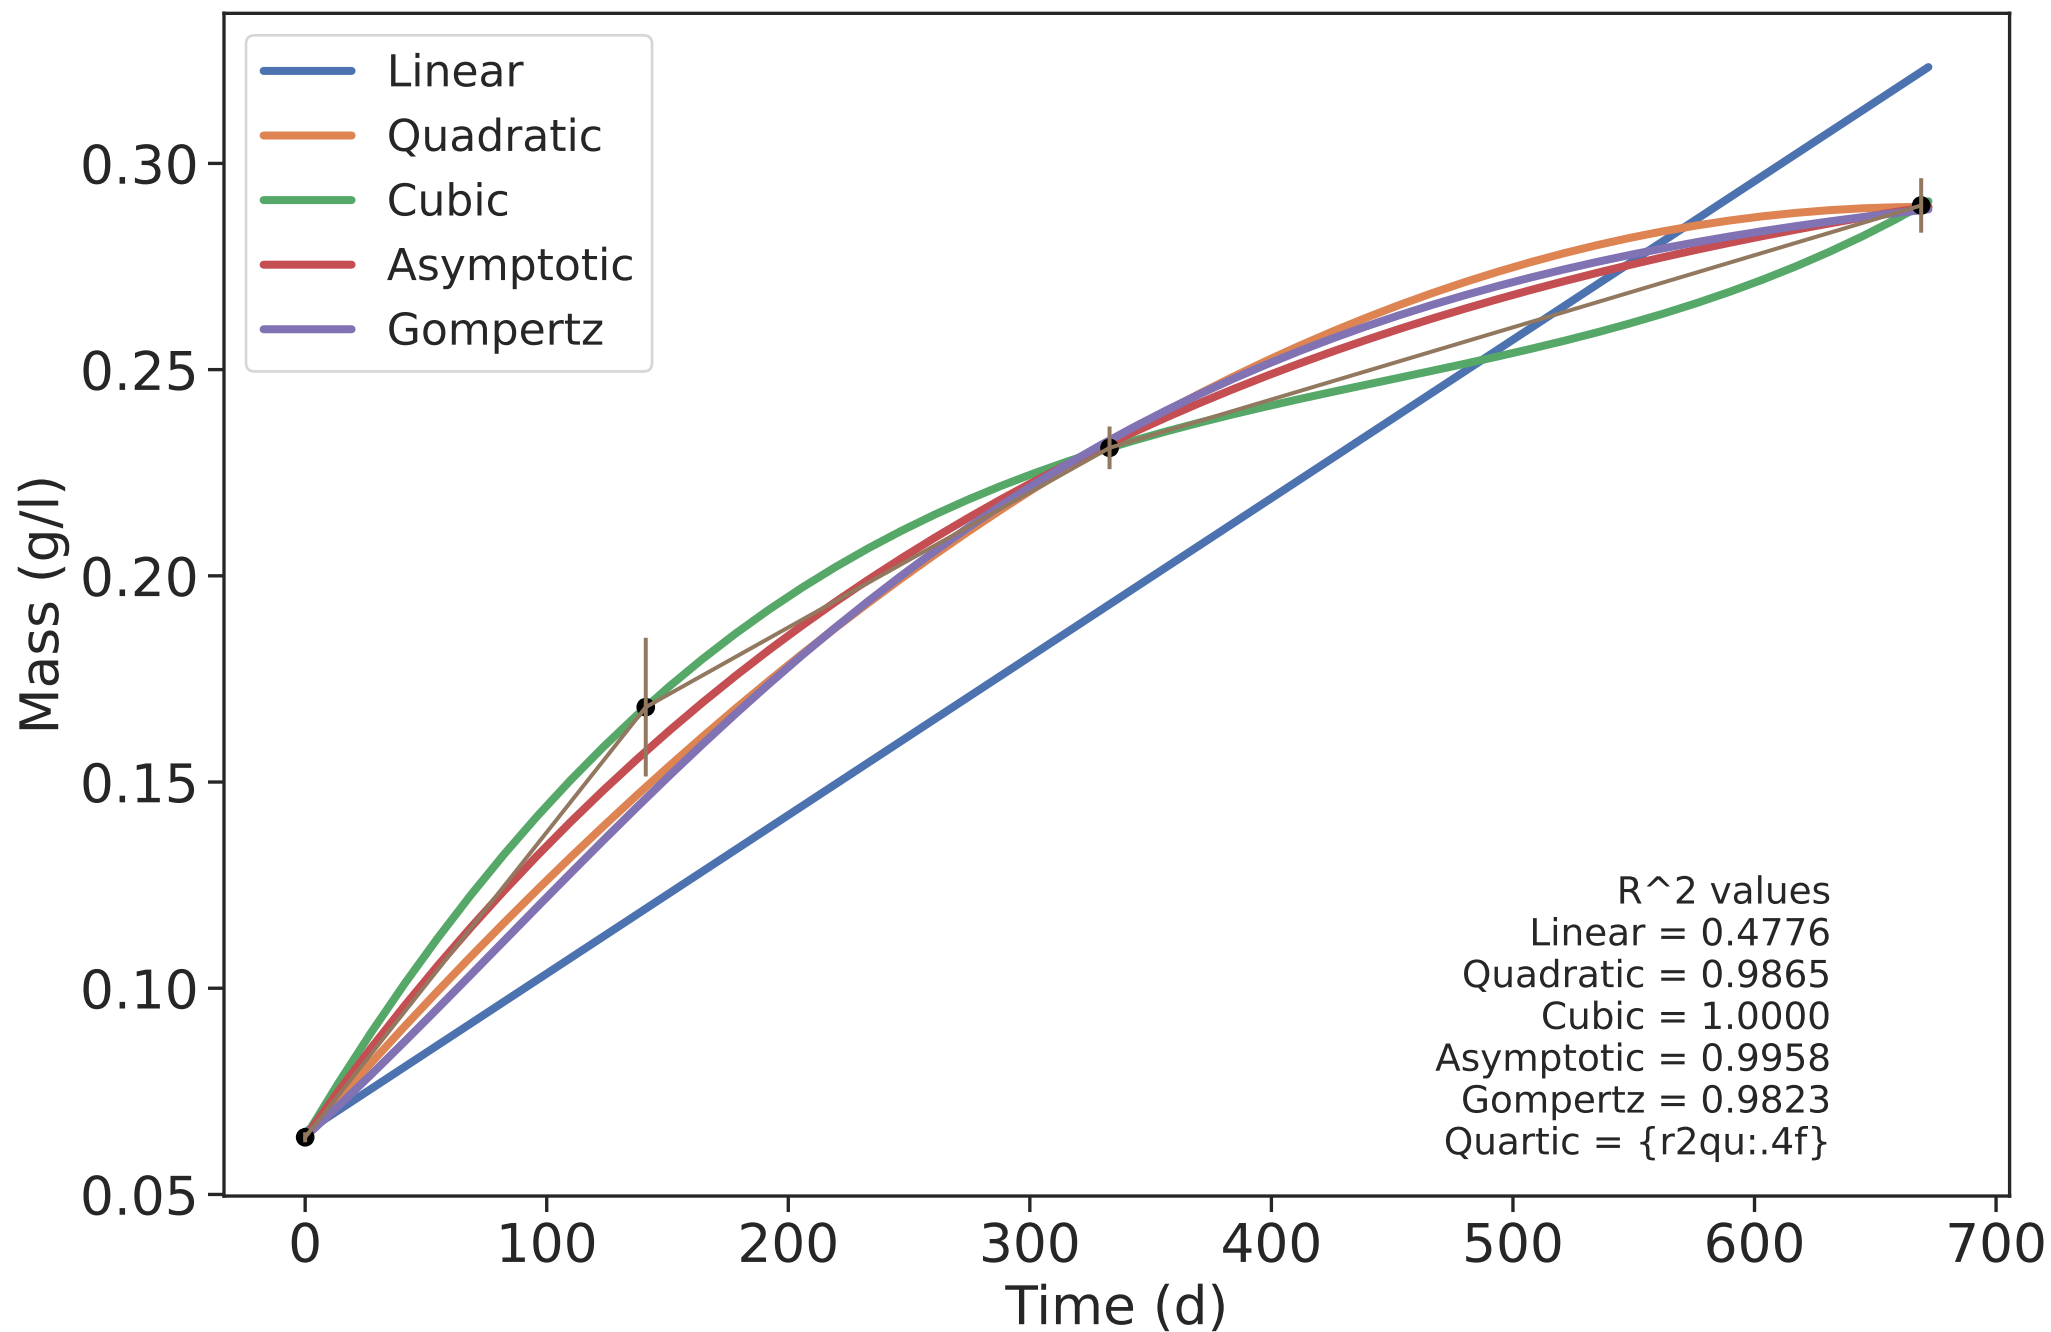

Curve fit to total of L-cysteine residue

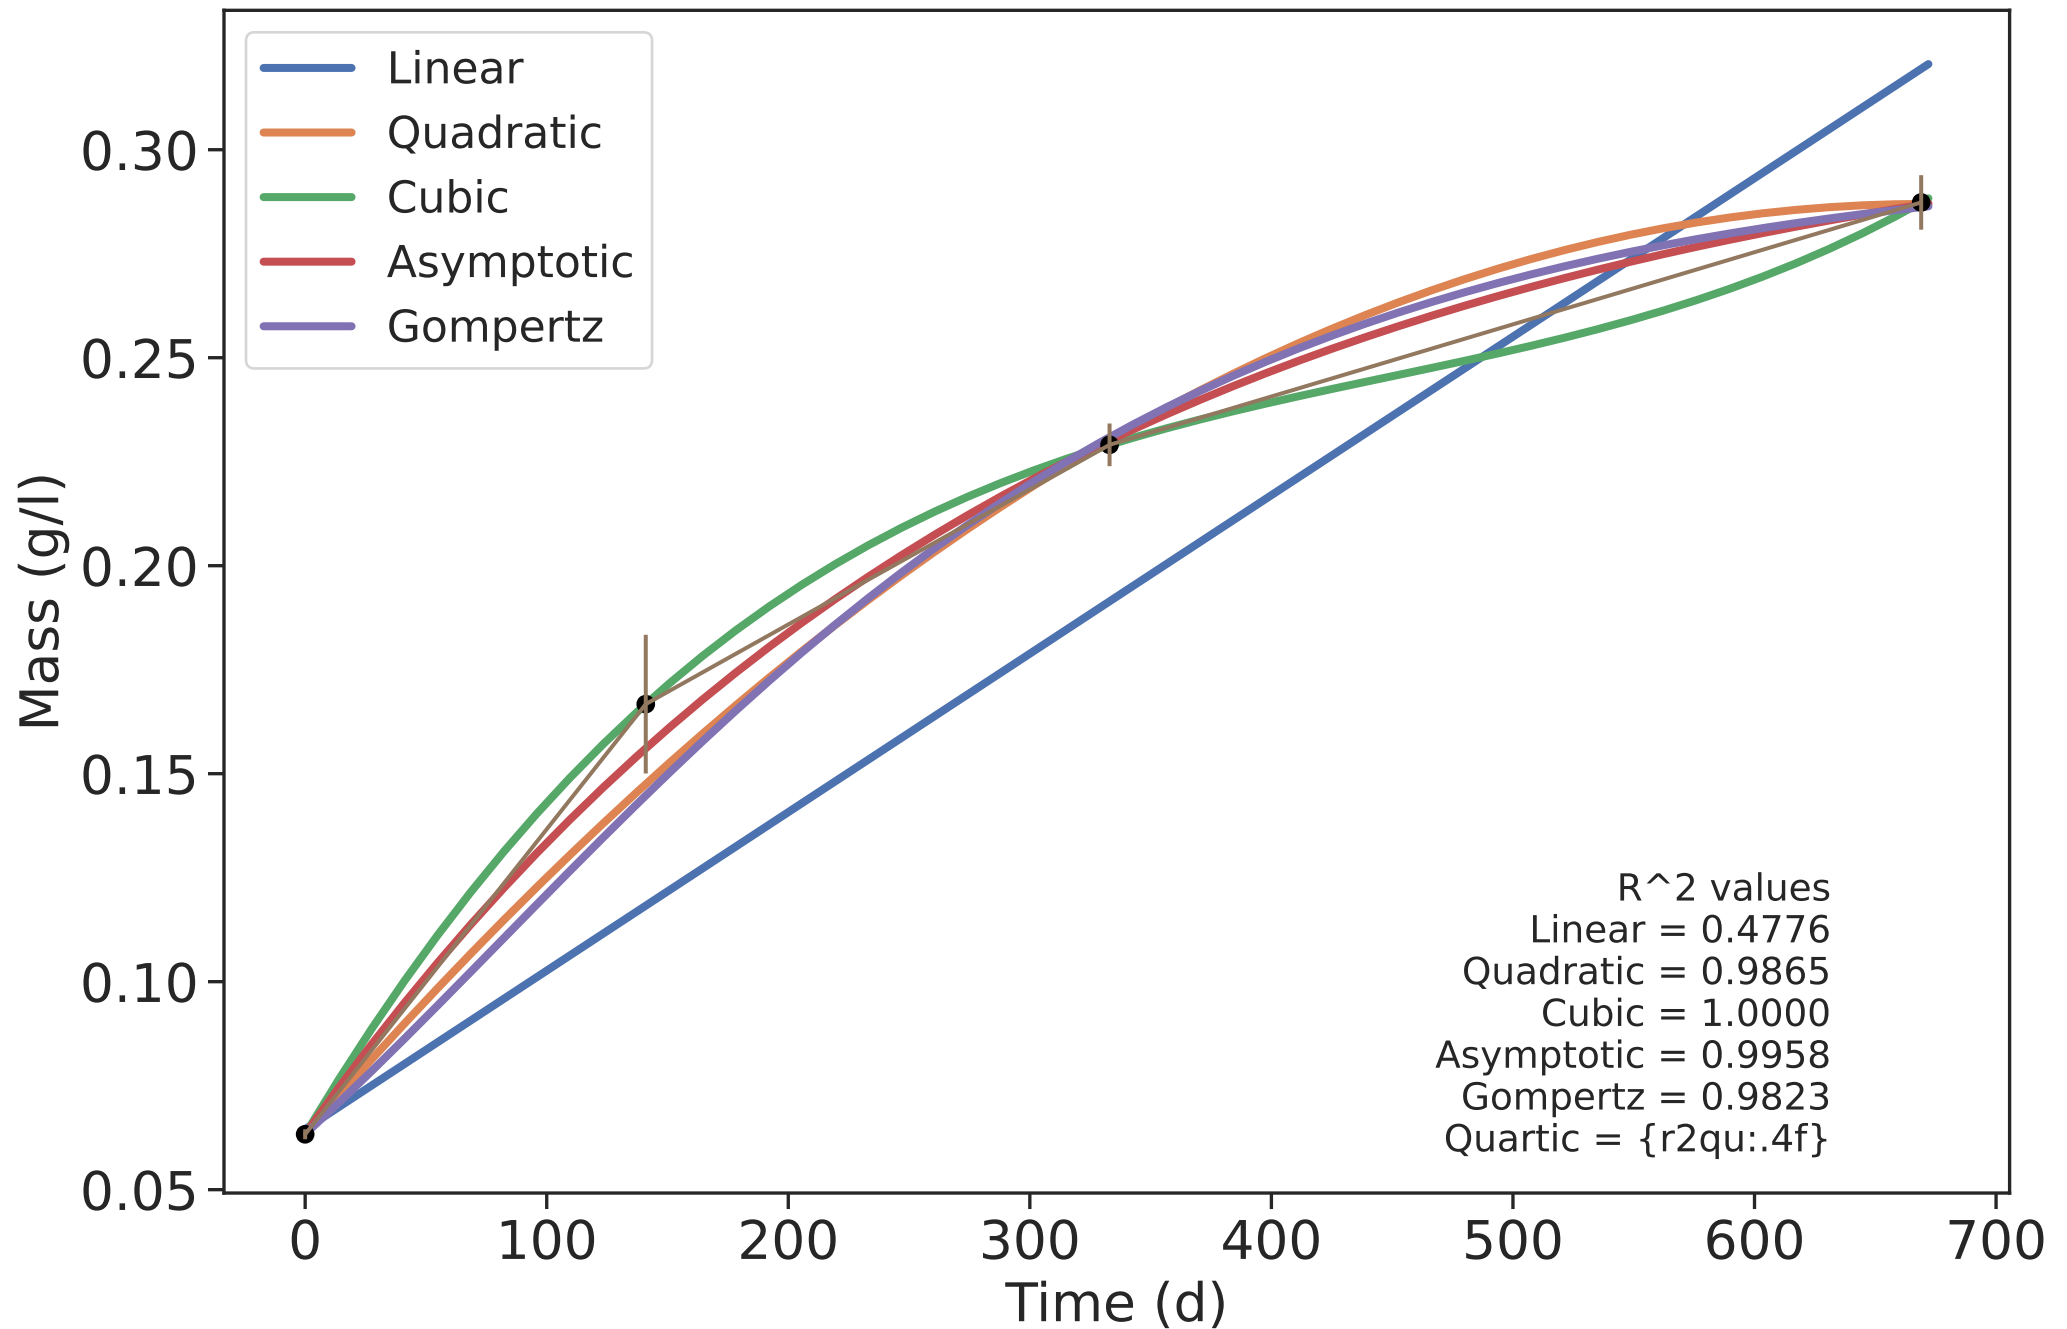

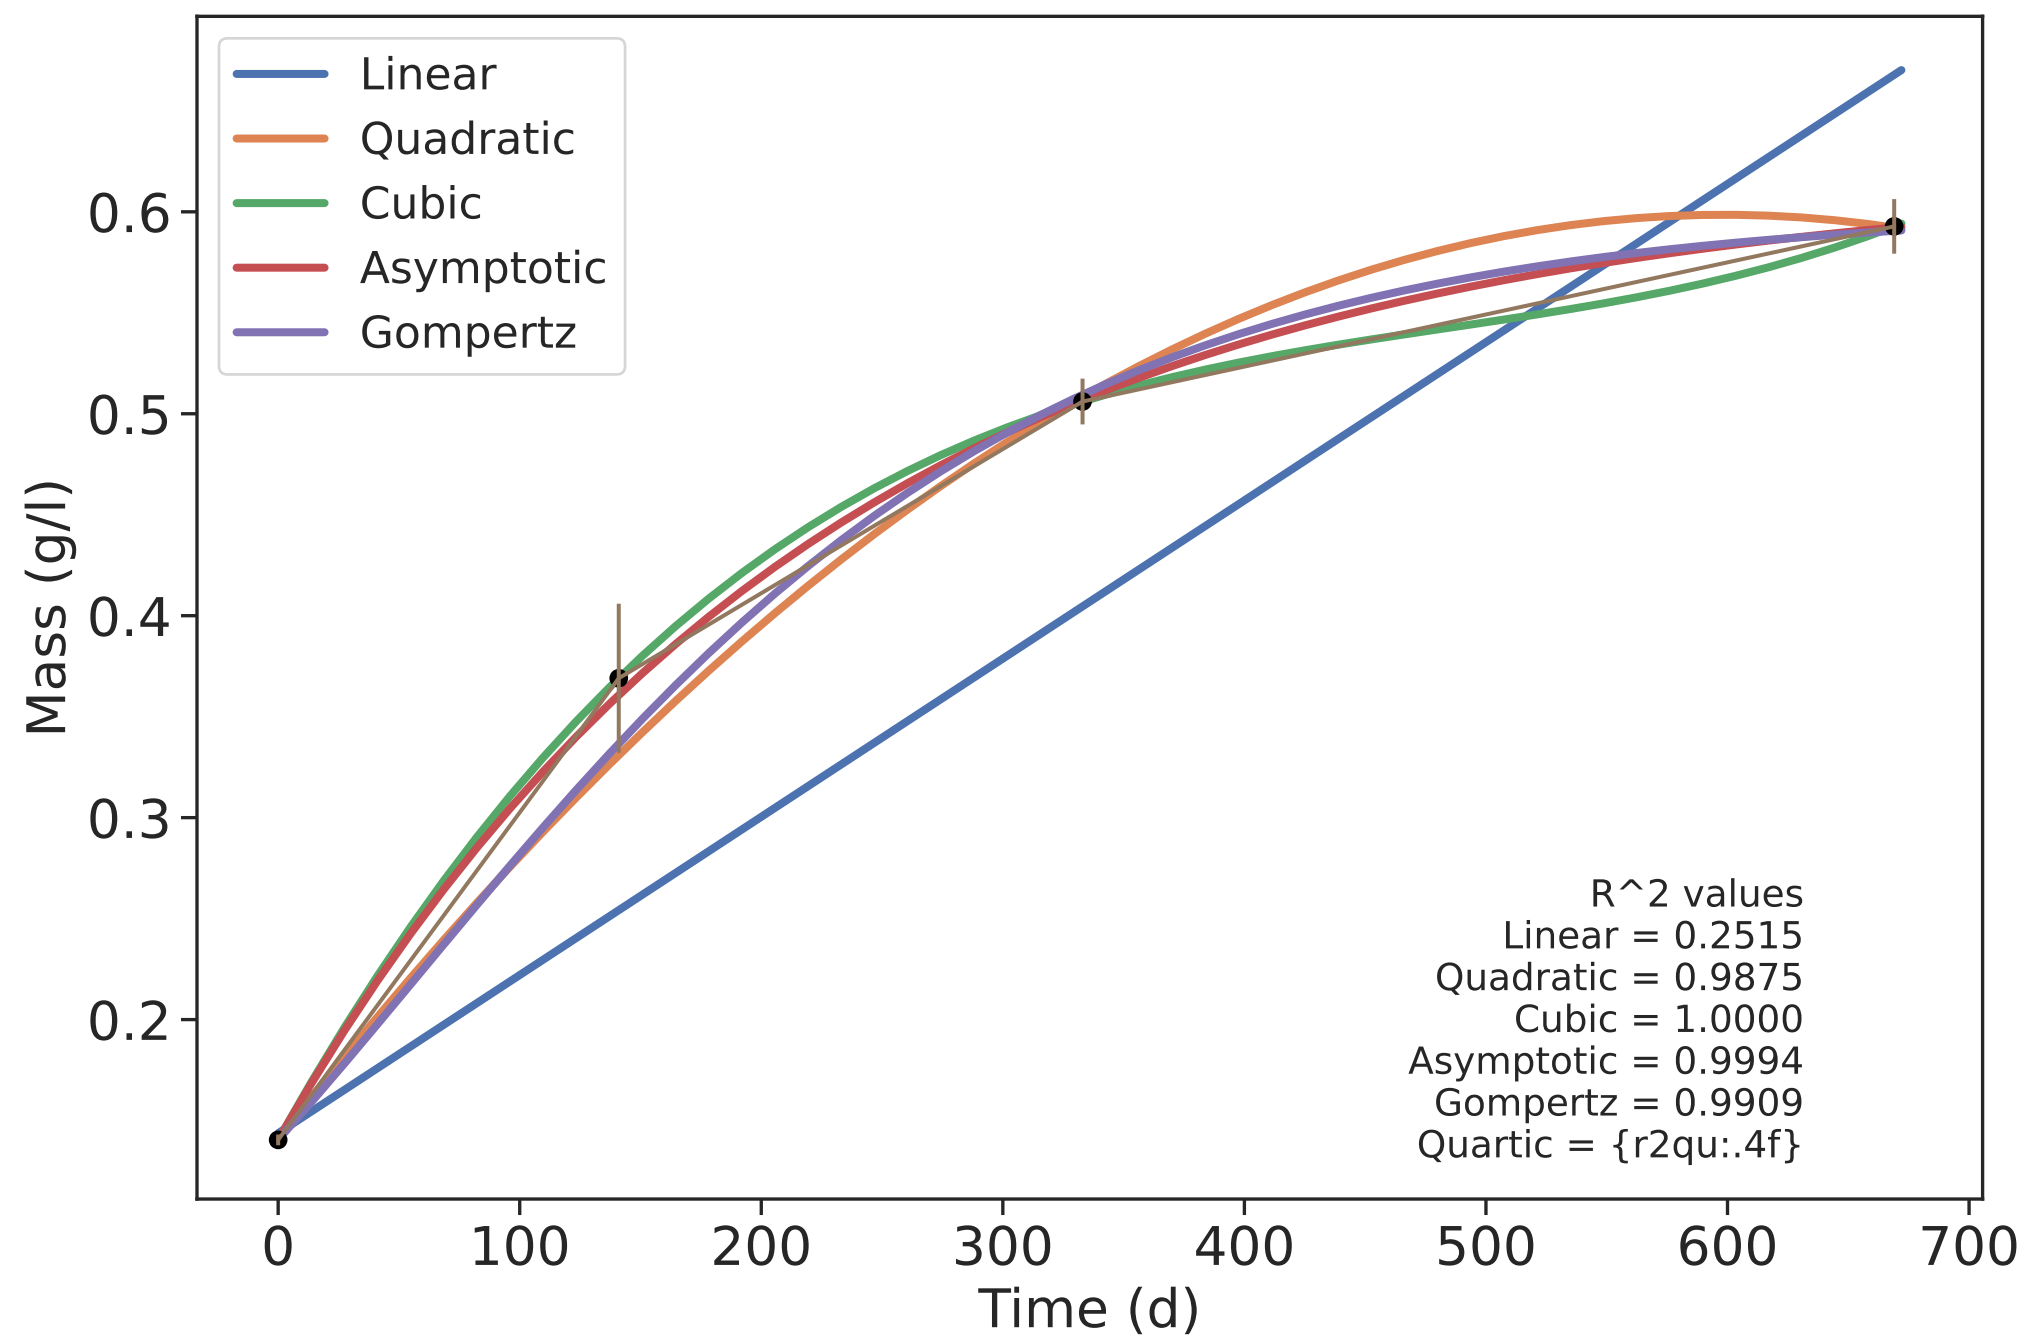

Curve fit to total of L-aspartic acid residue

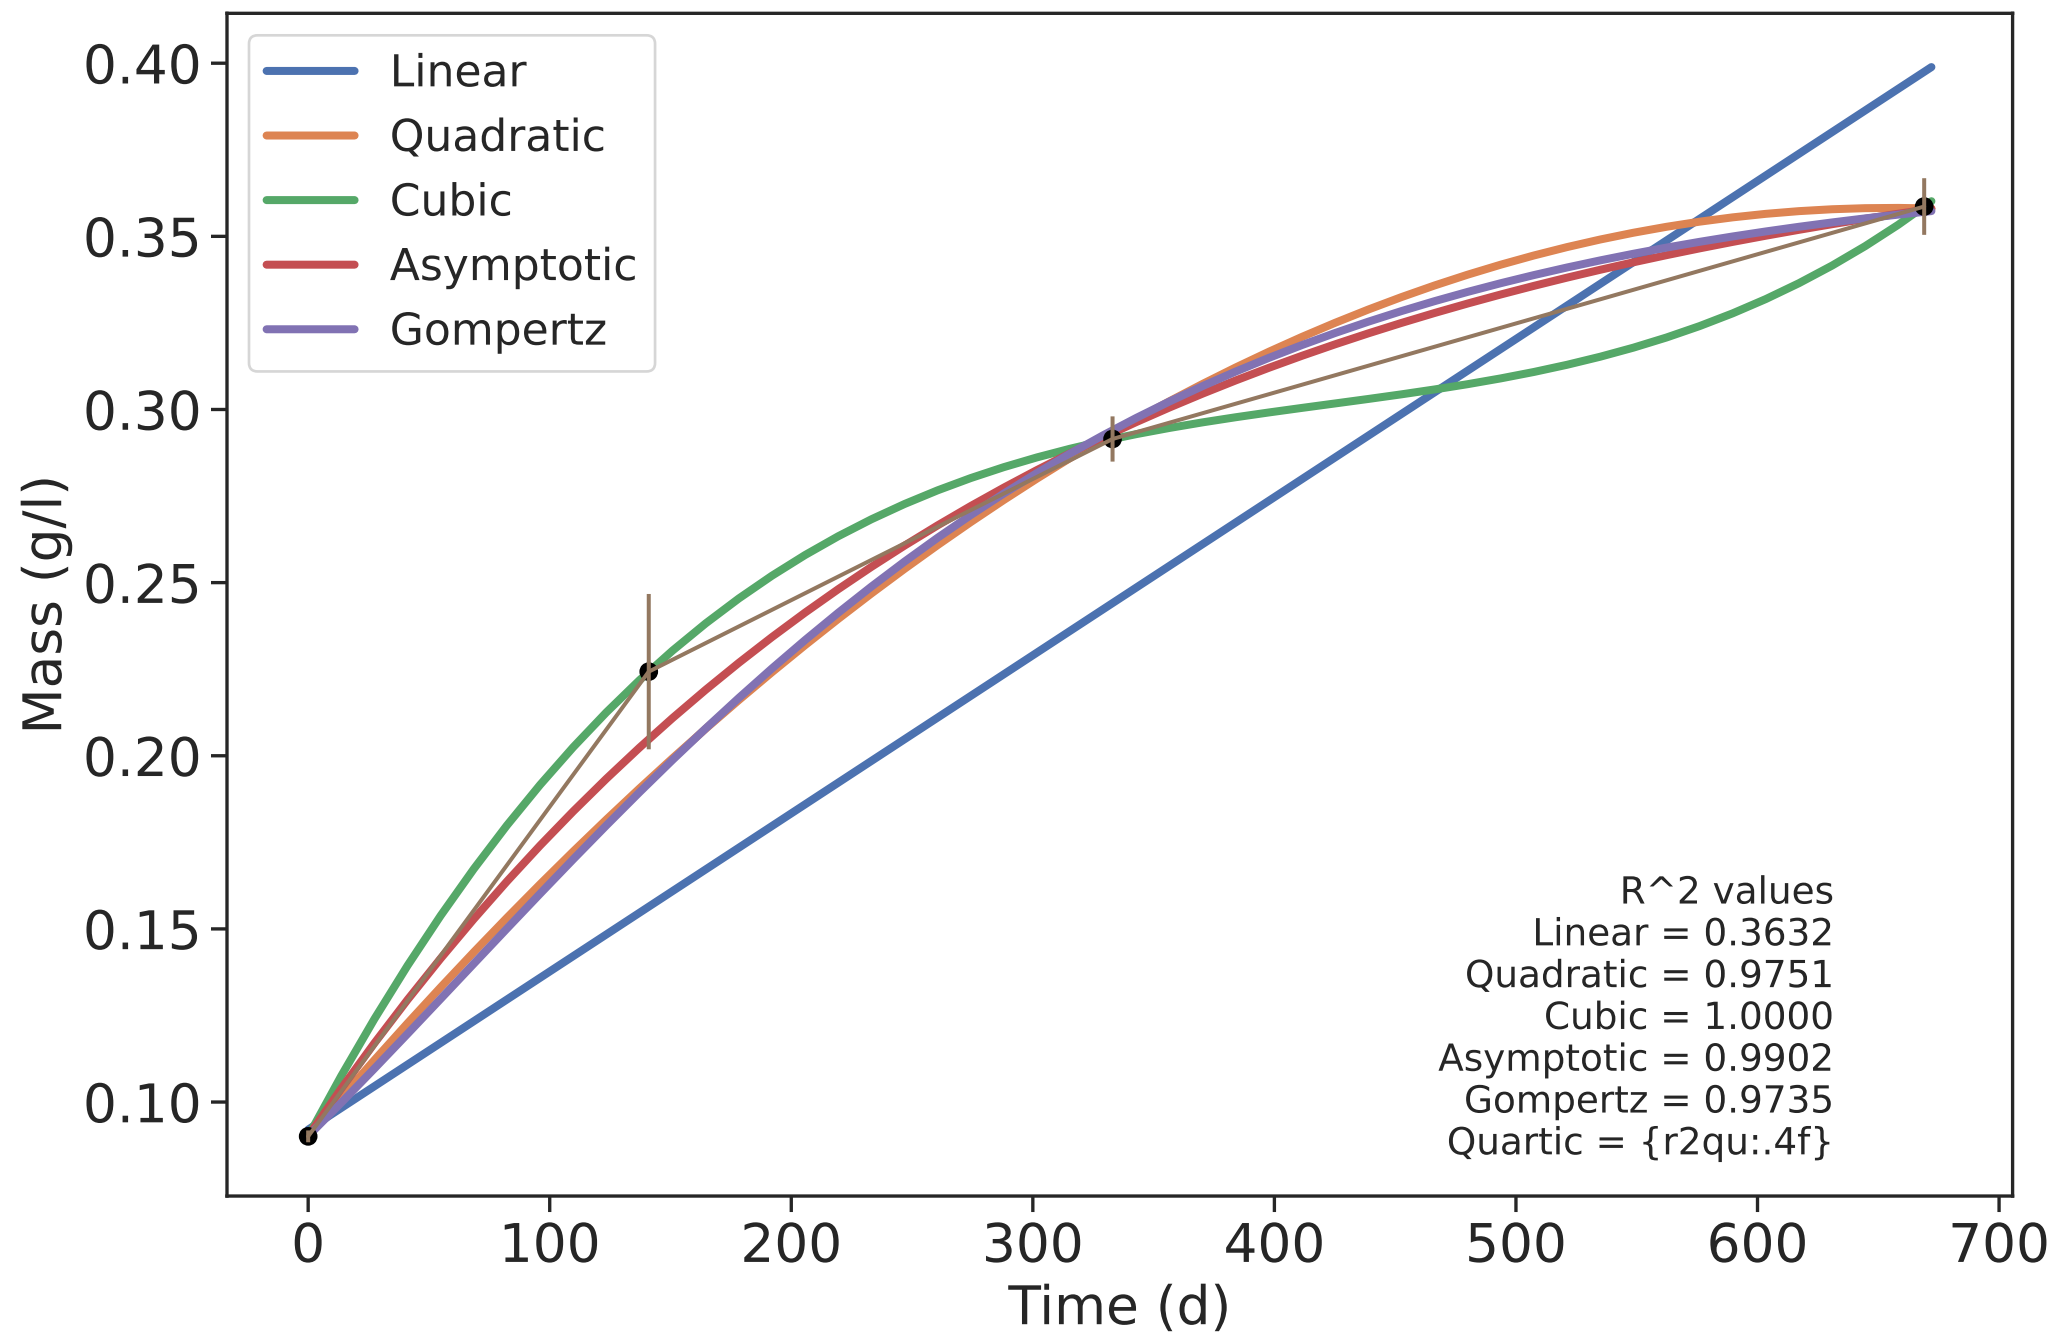

Curve fit to total of L-asparagine residue

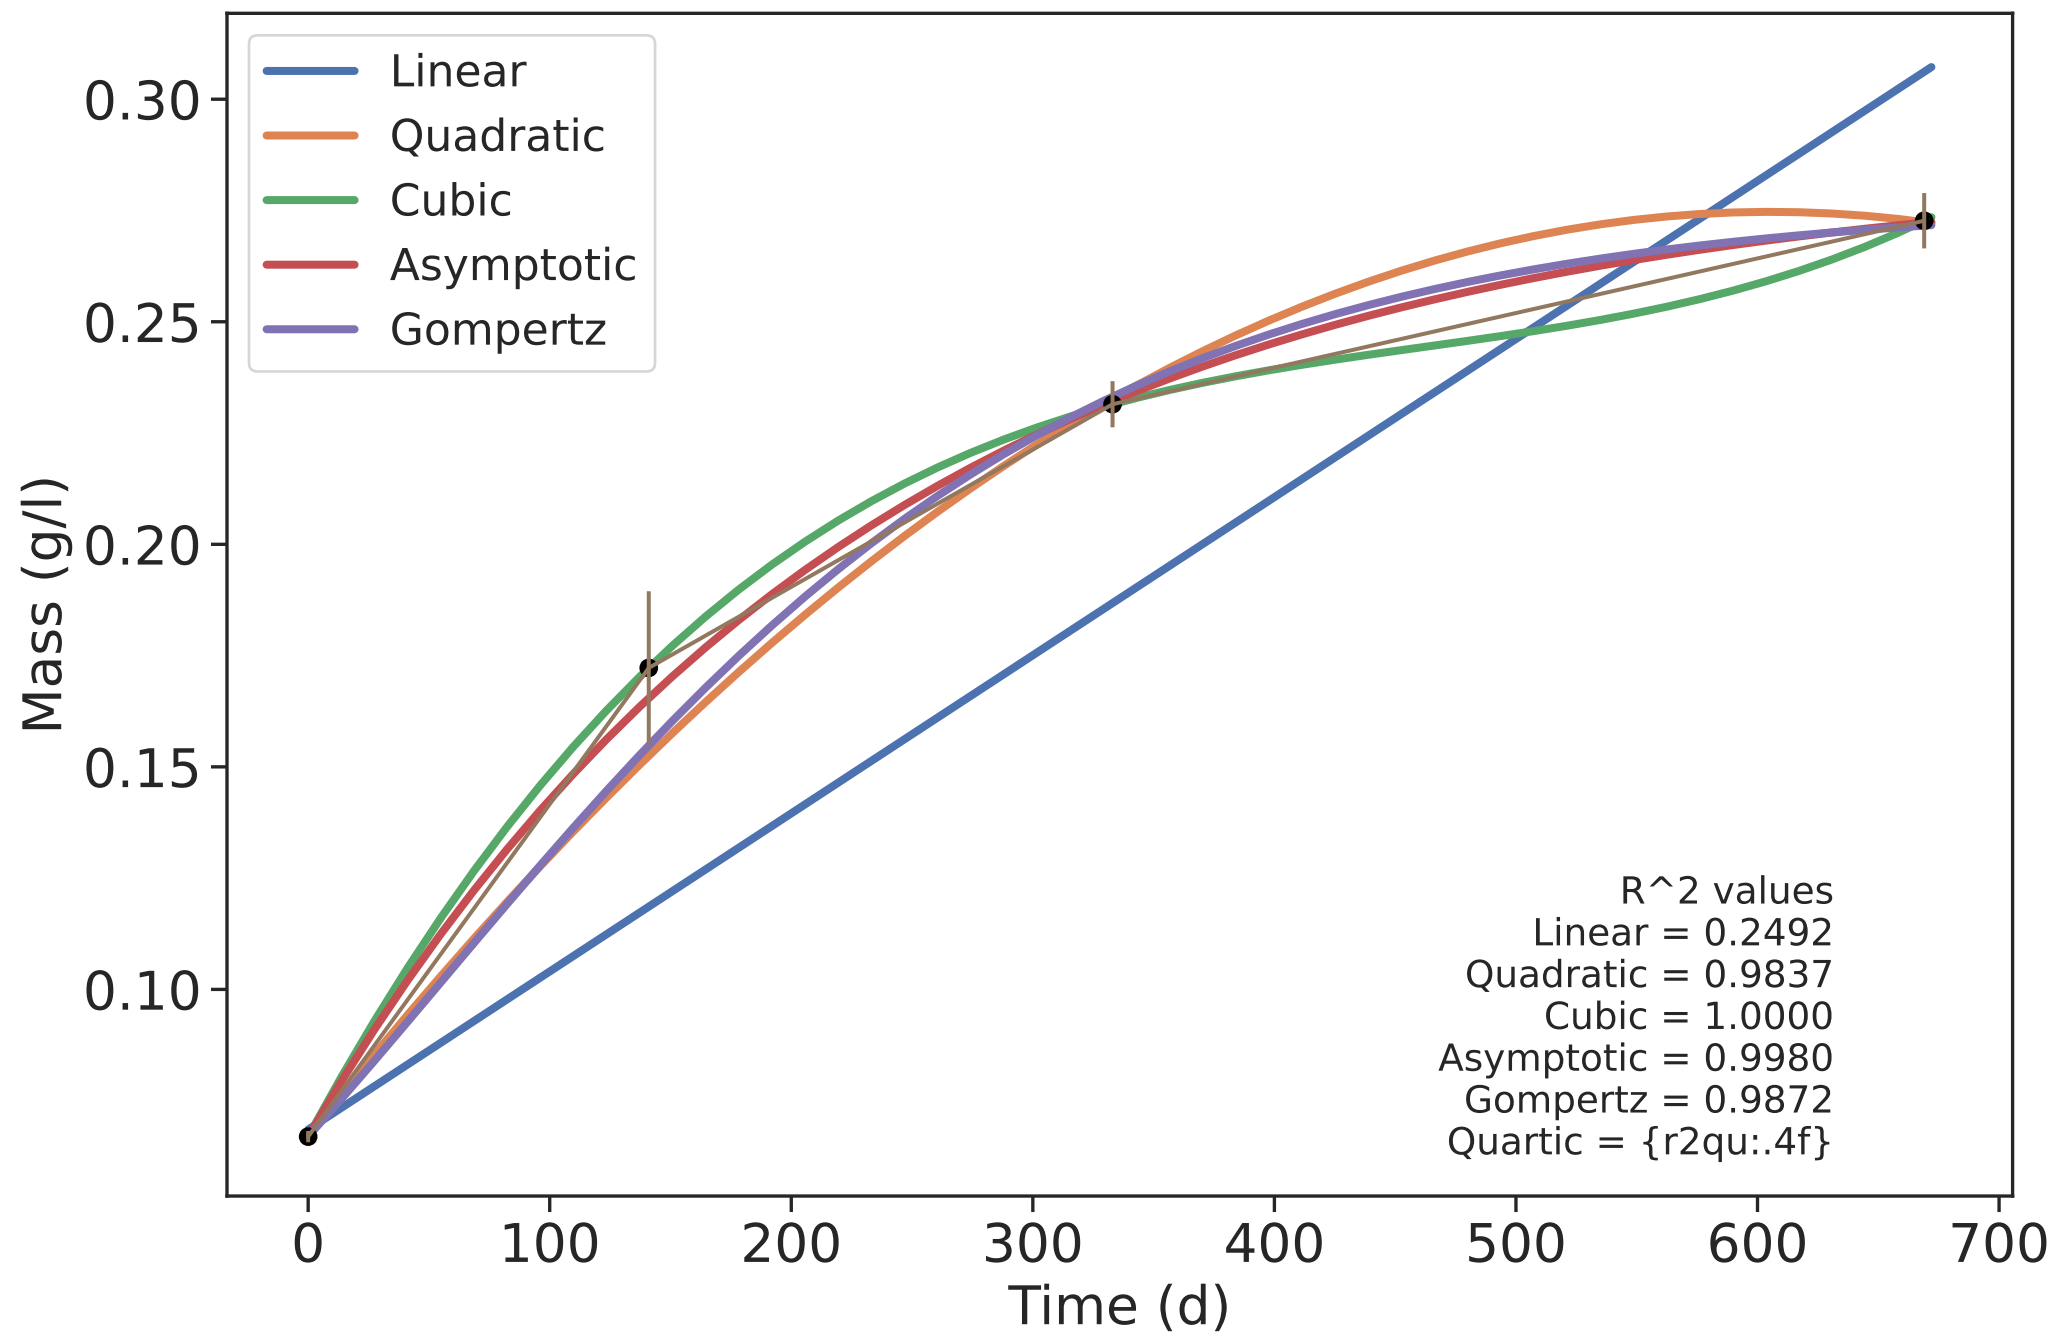

Curve fit to total of L-arginine residue

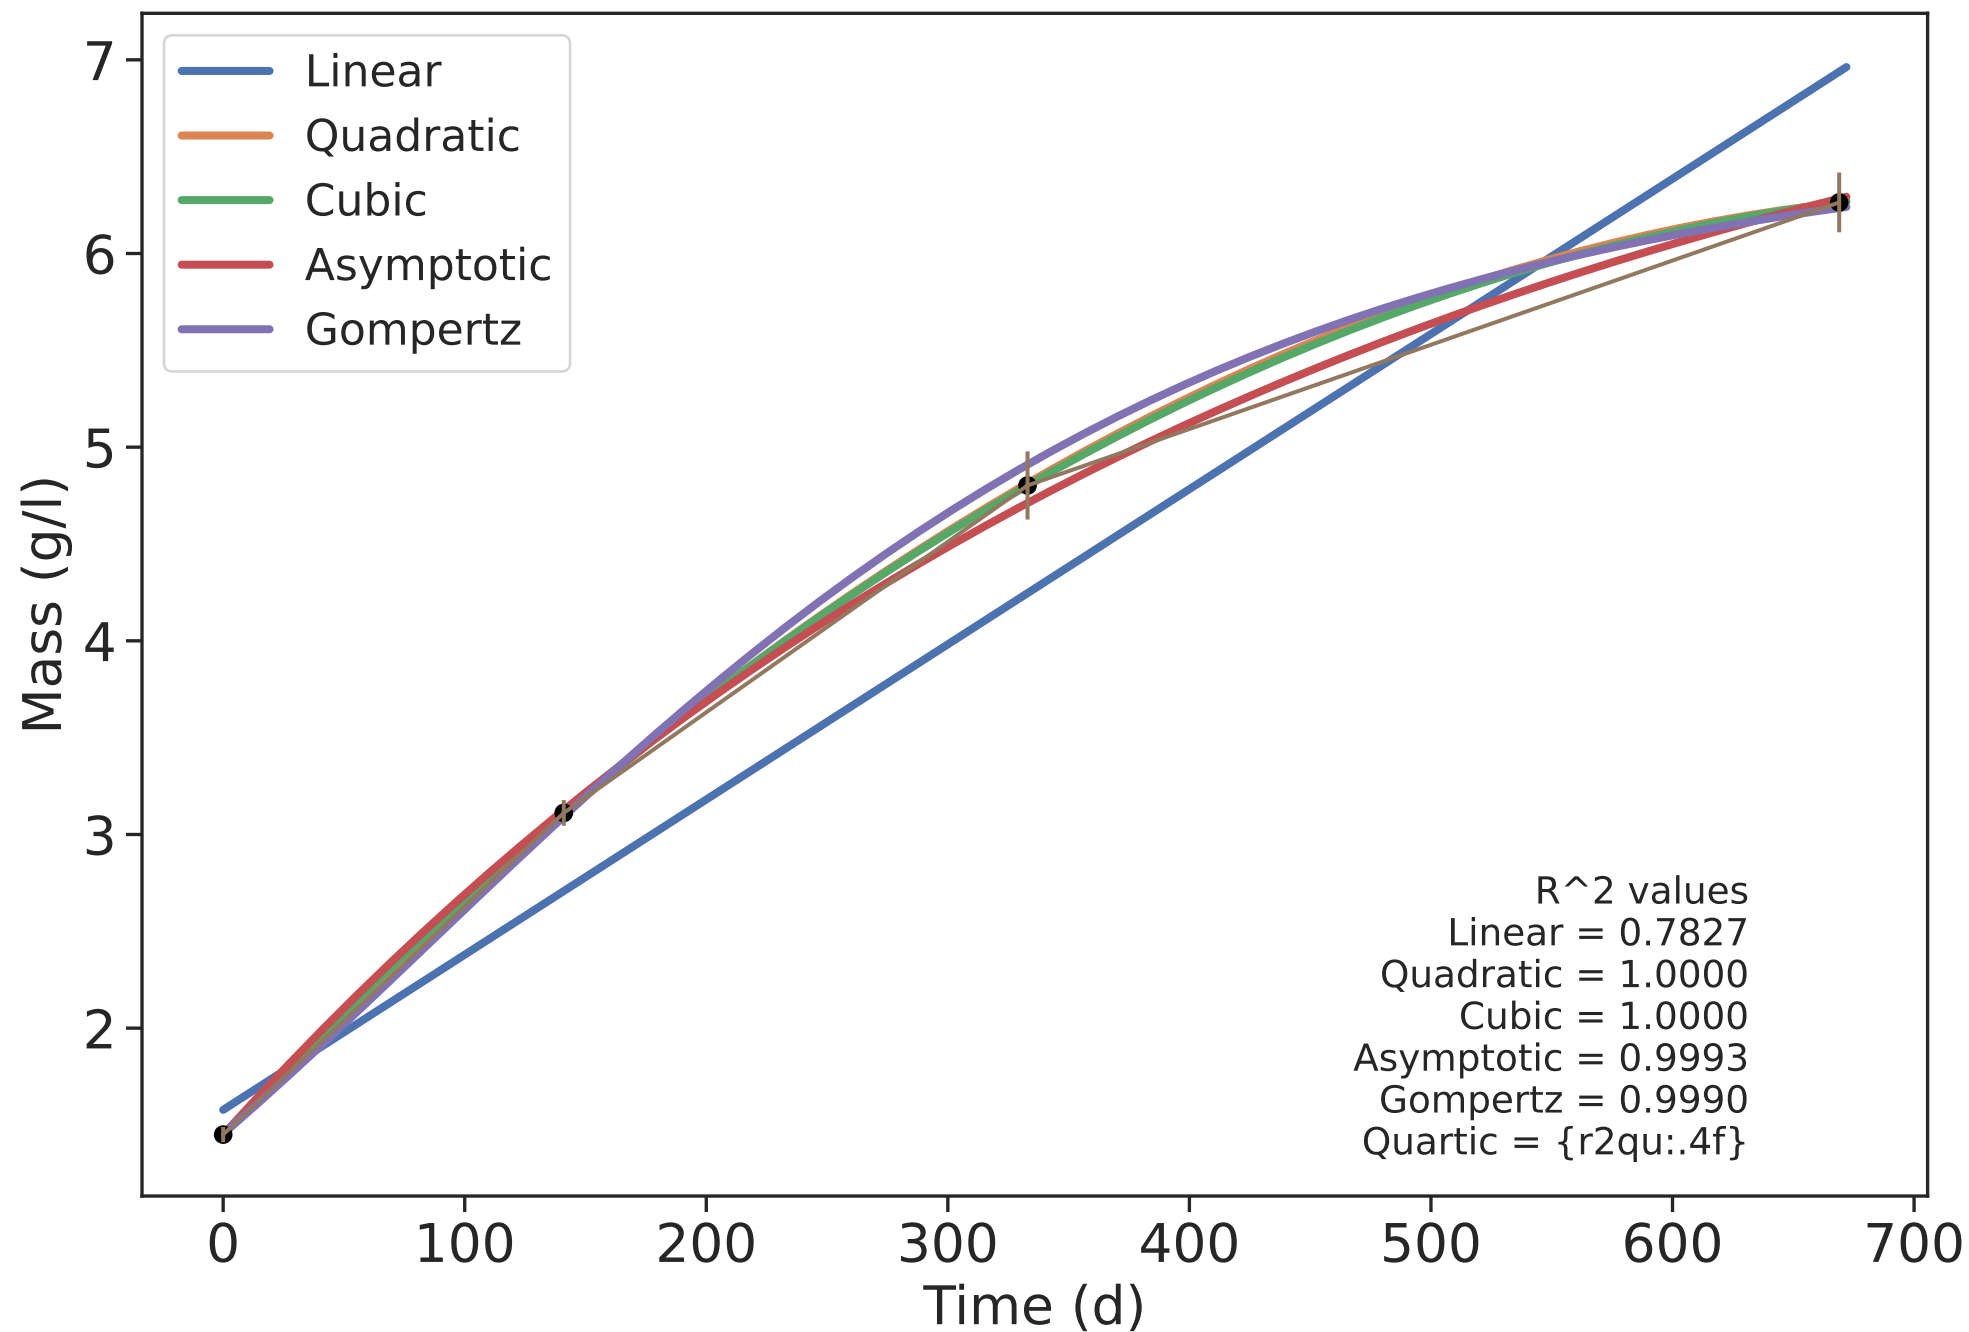

Curve fit to total of L-leucine residue

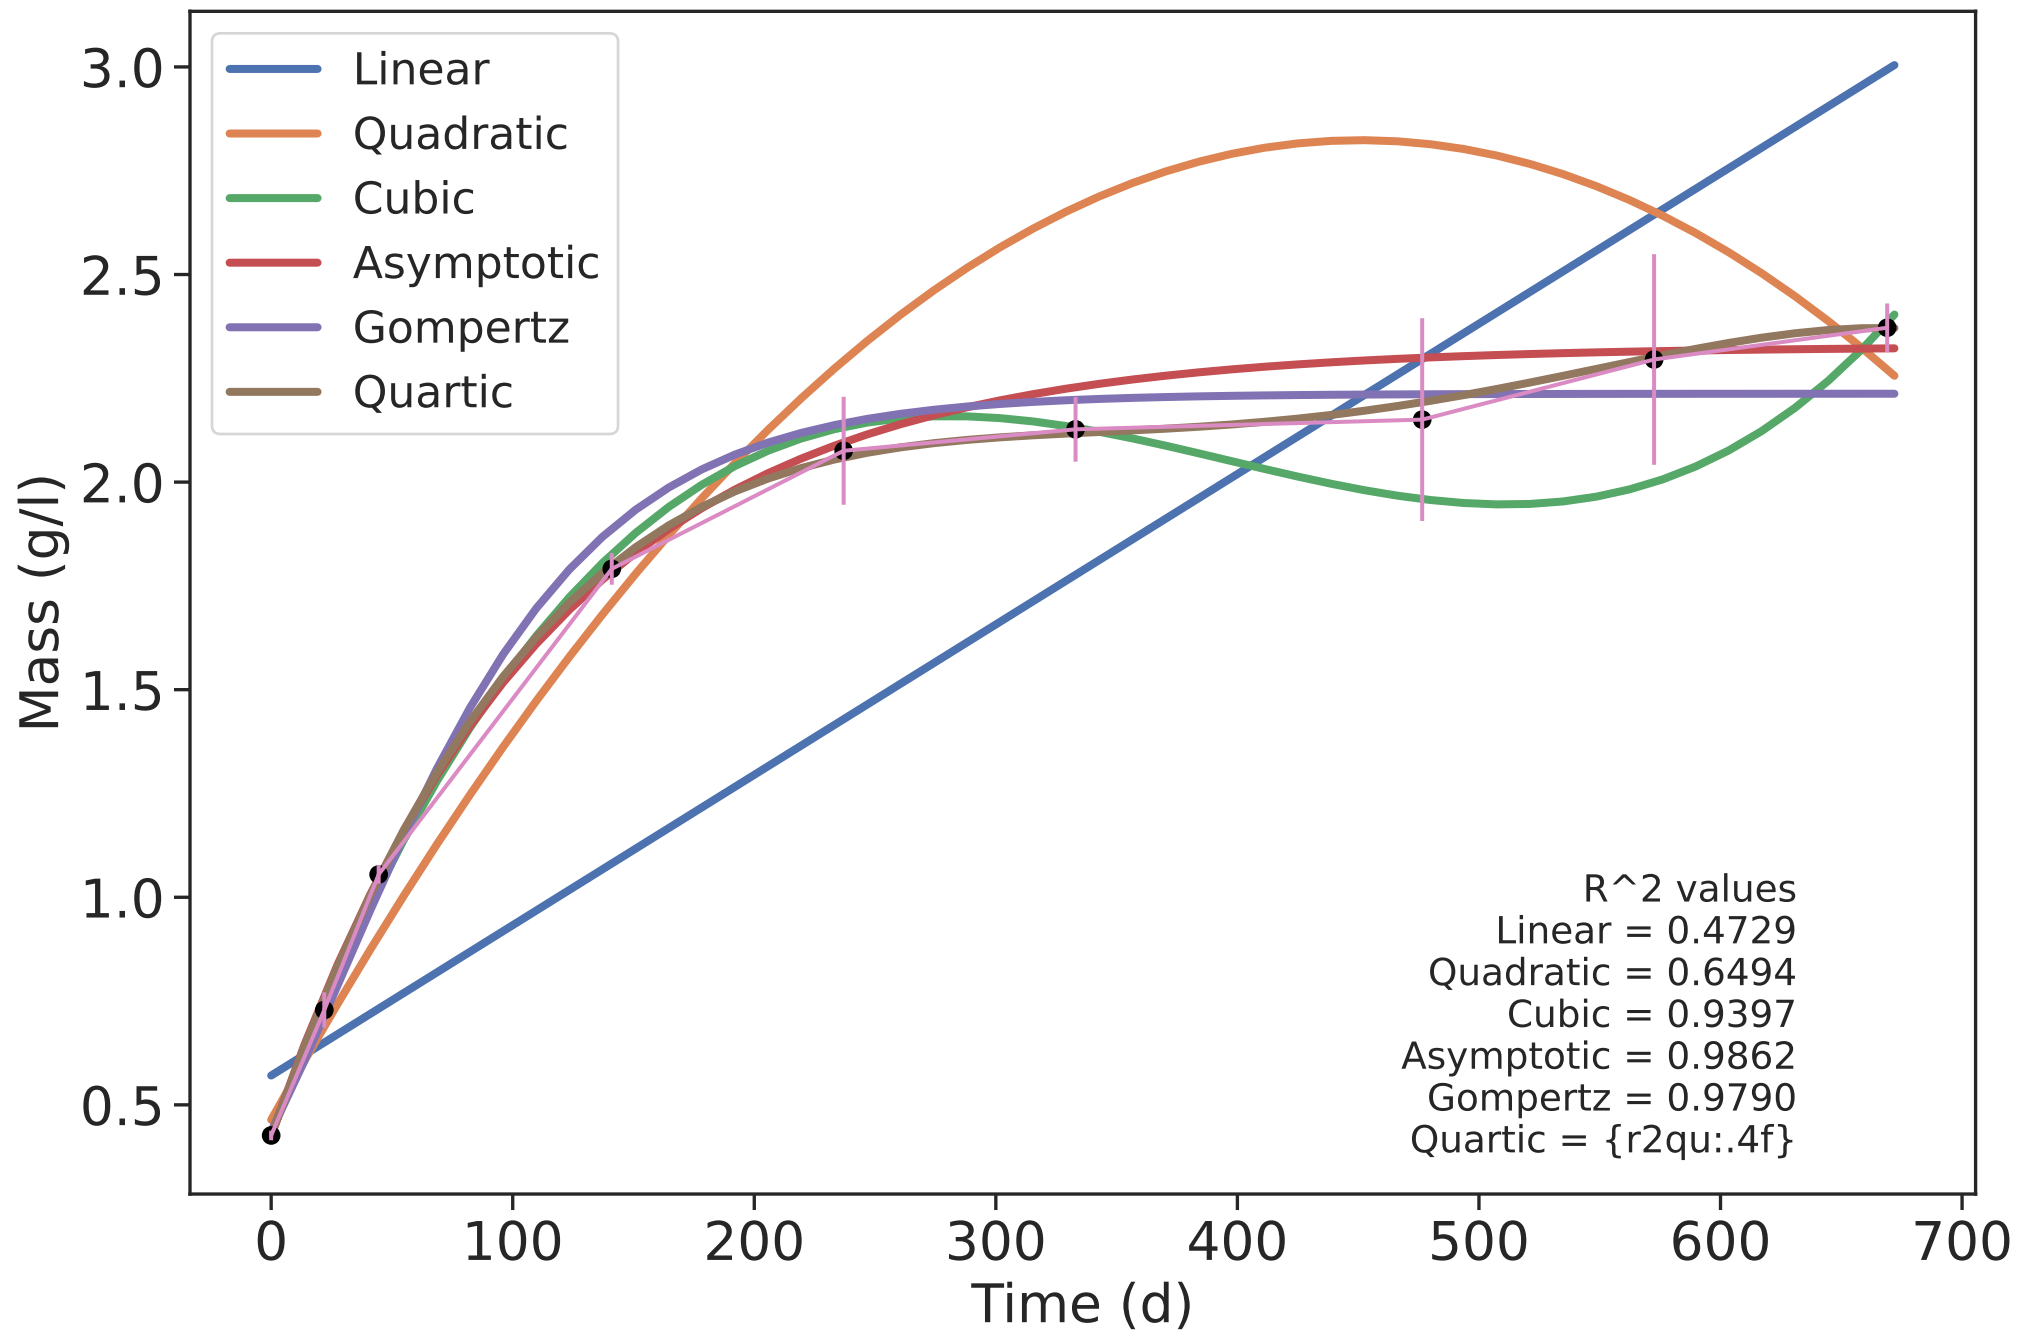

Curve fit to total of L-alanine residue

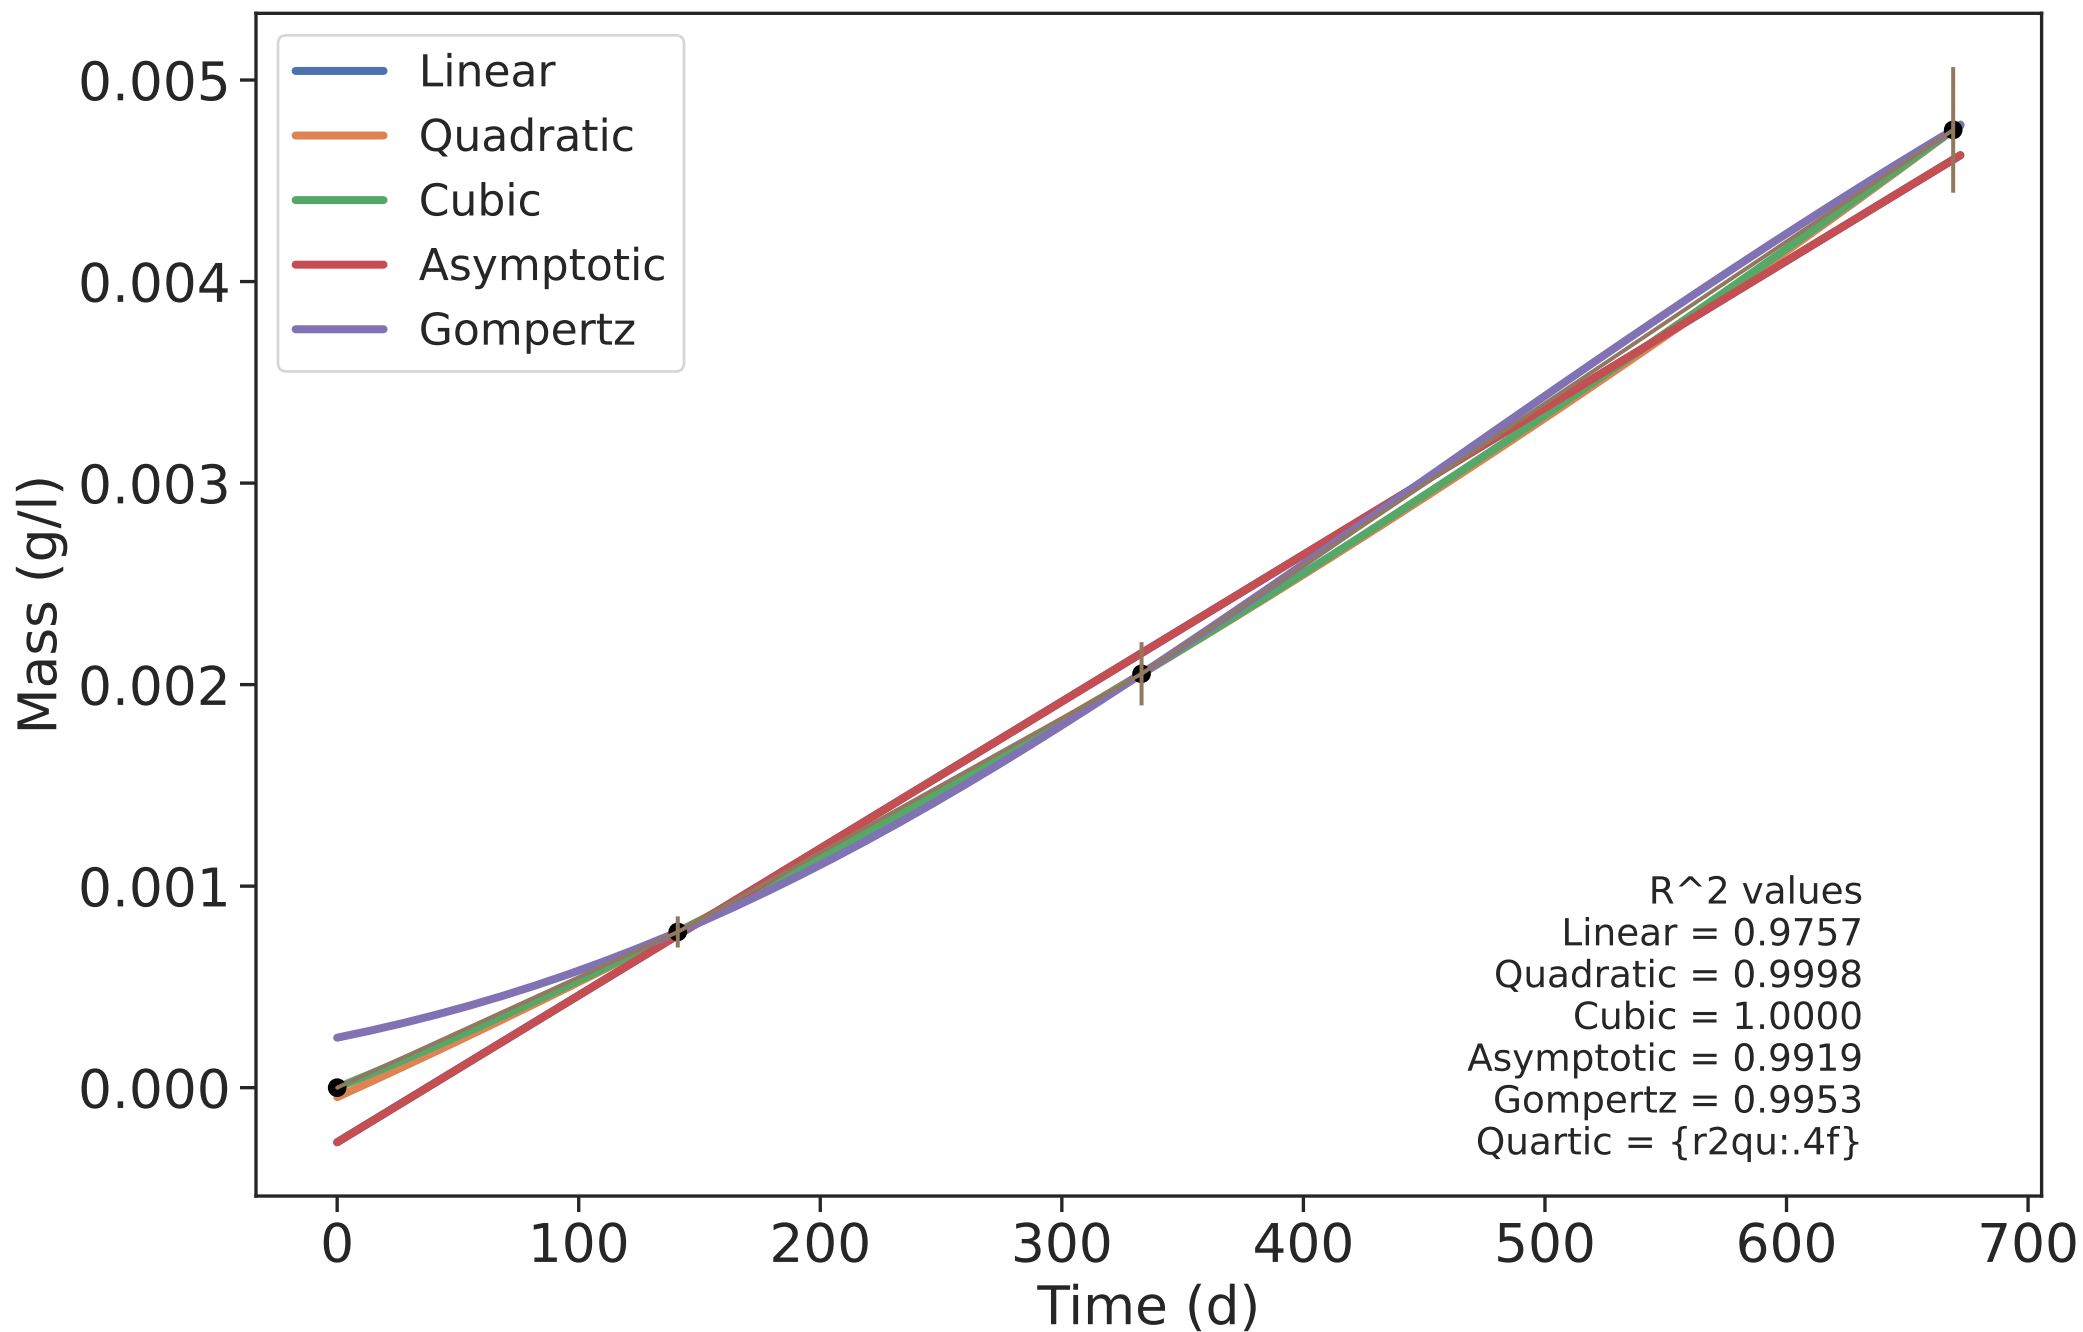

Curve fit to total of (1->4)-beta-D-glucan

Curve fit to total of alpha,alpha-trehalose

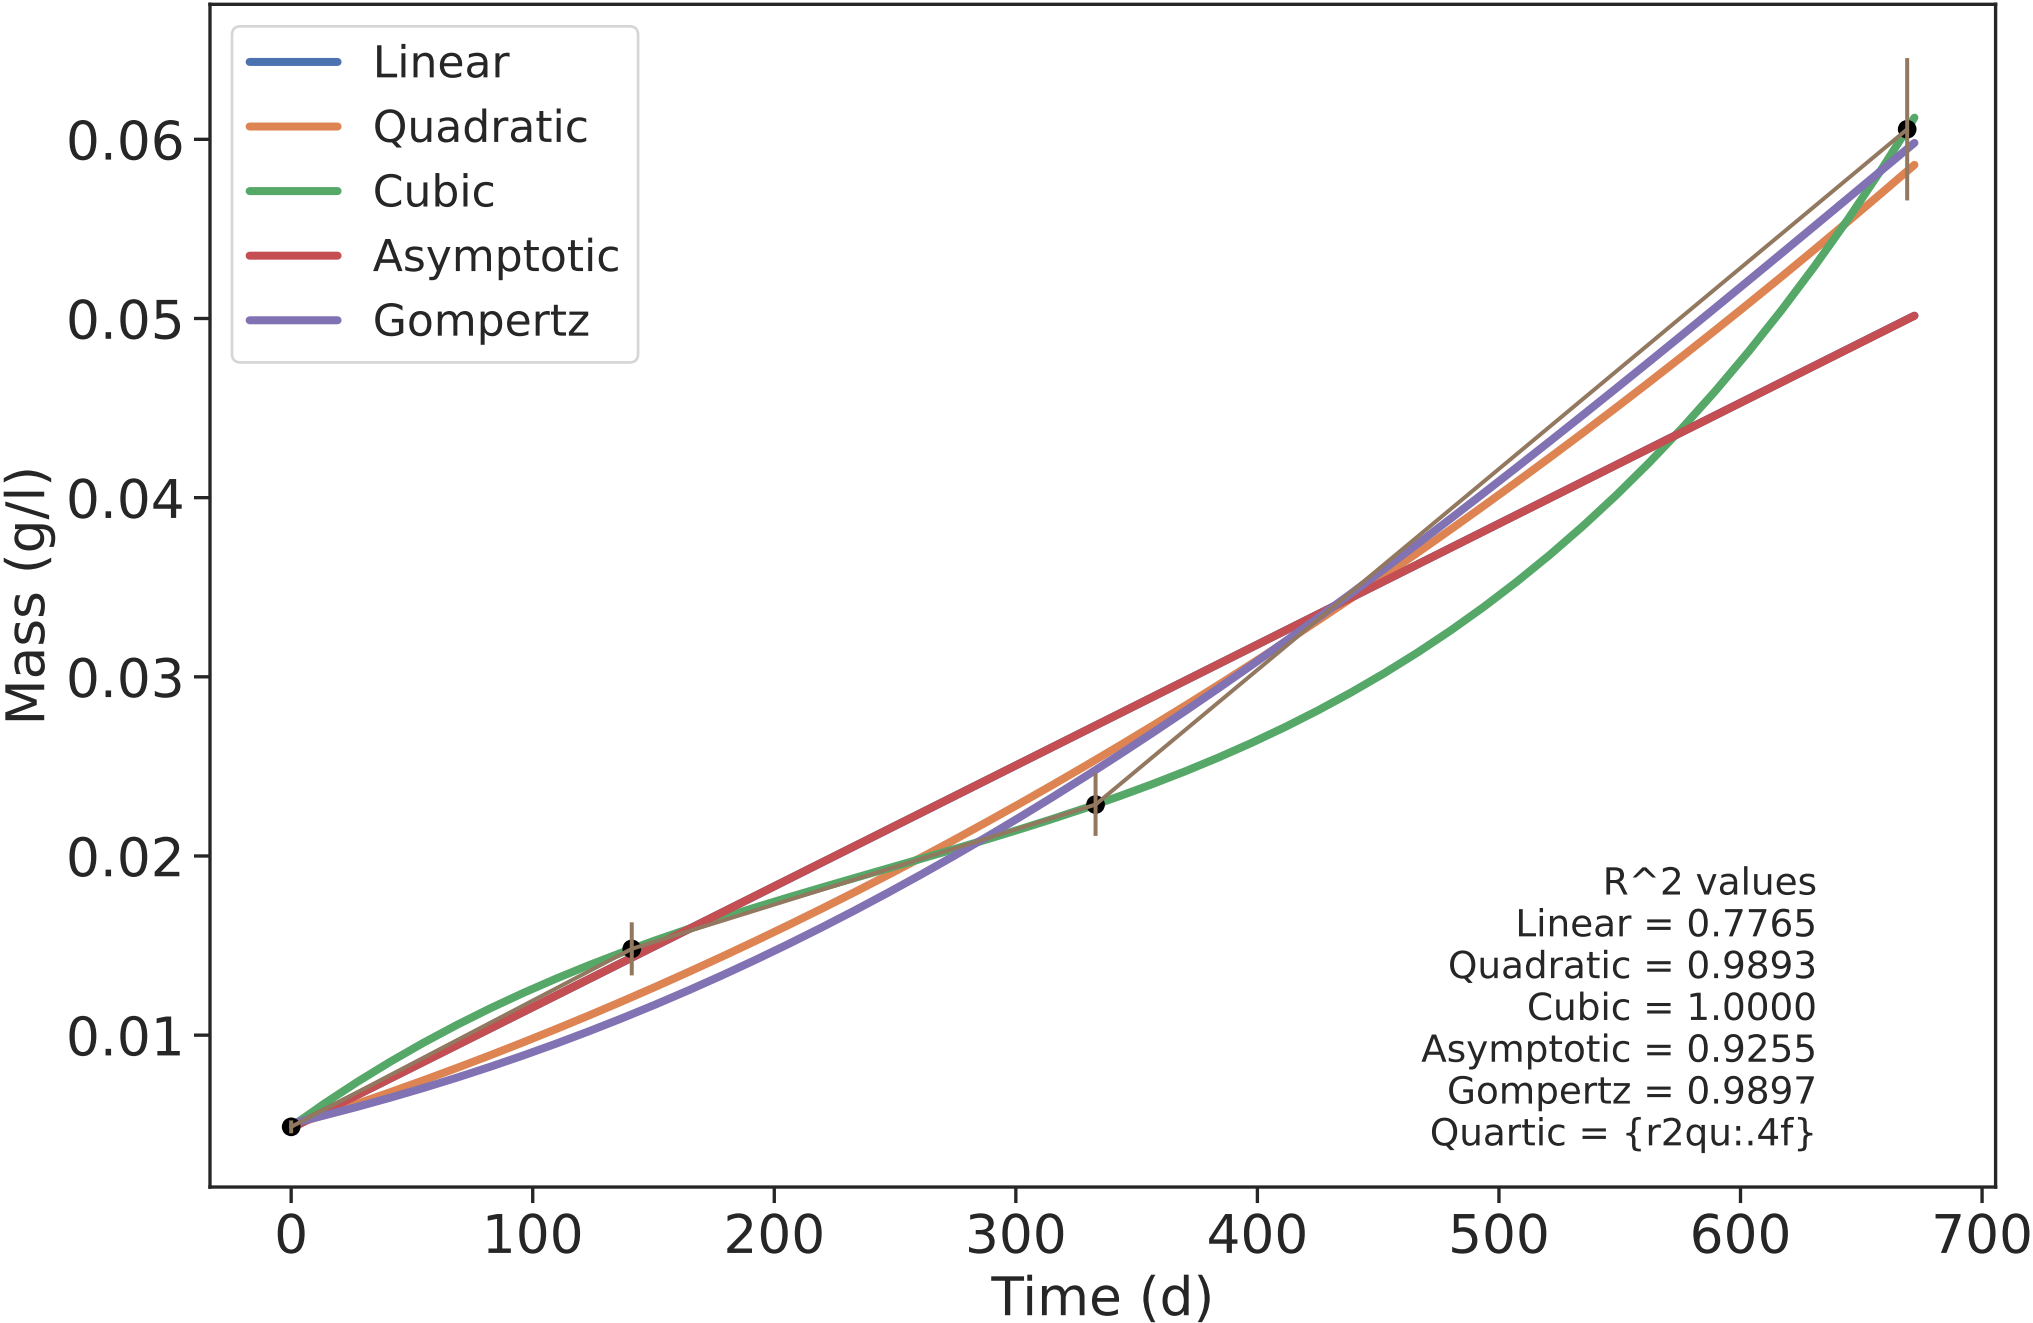

Curve fit to total of zymosterol ester

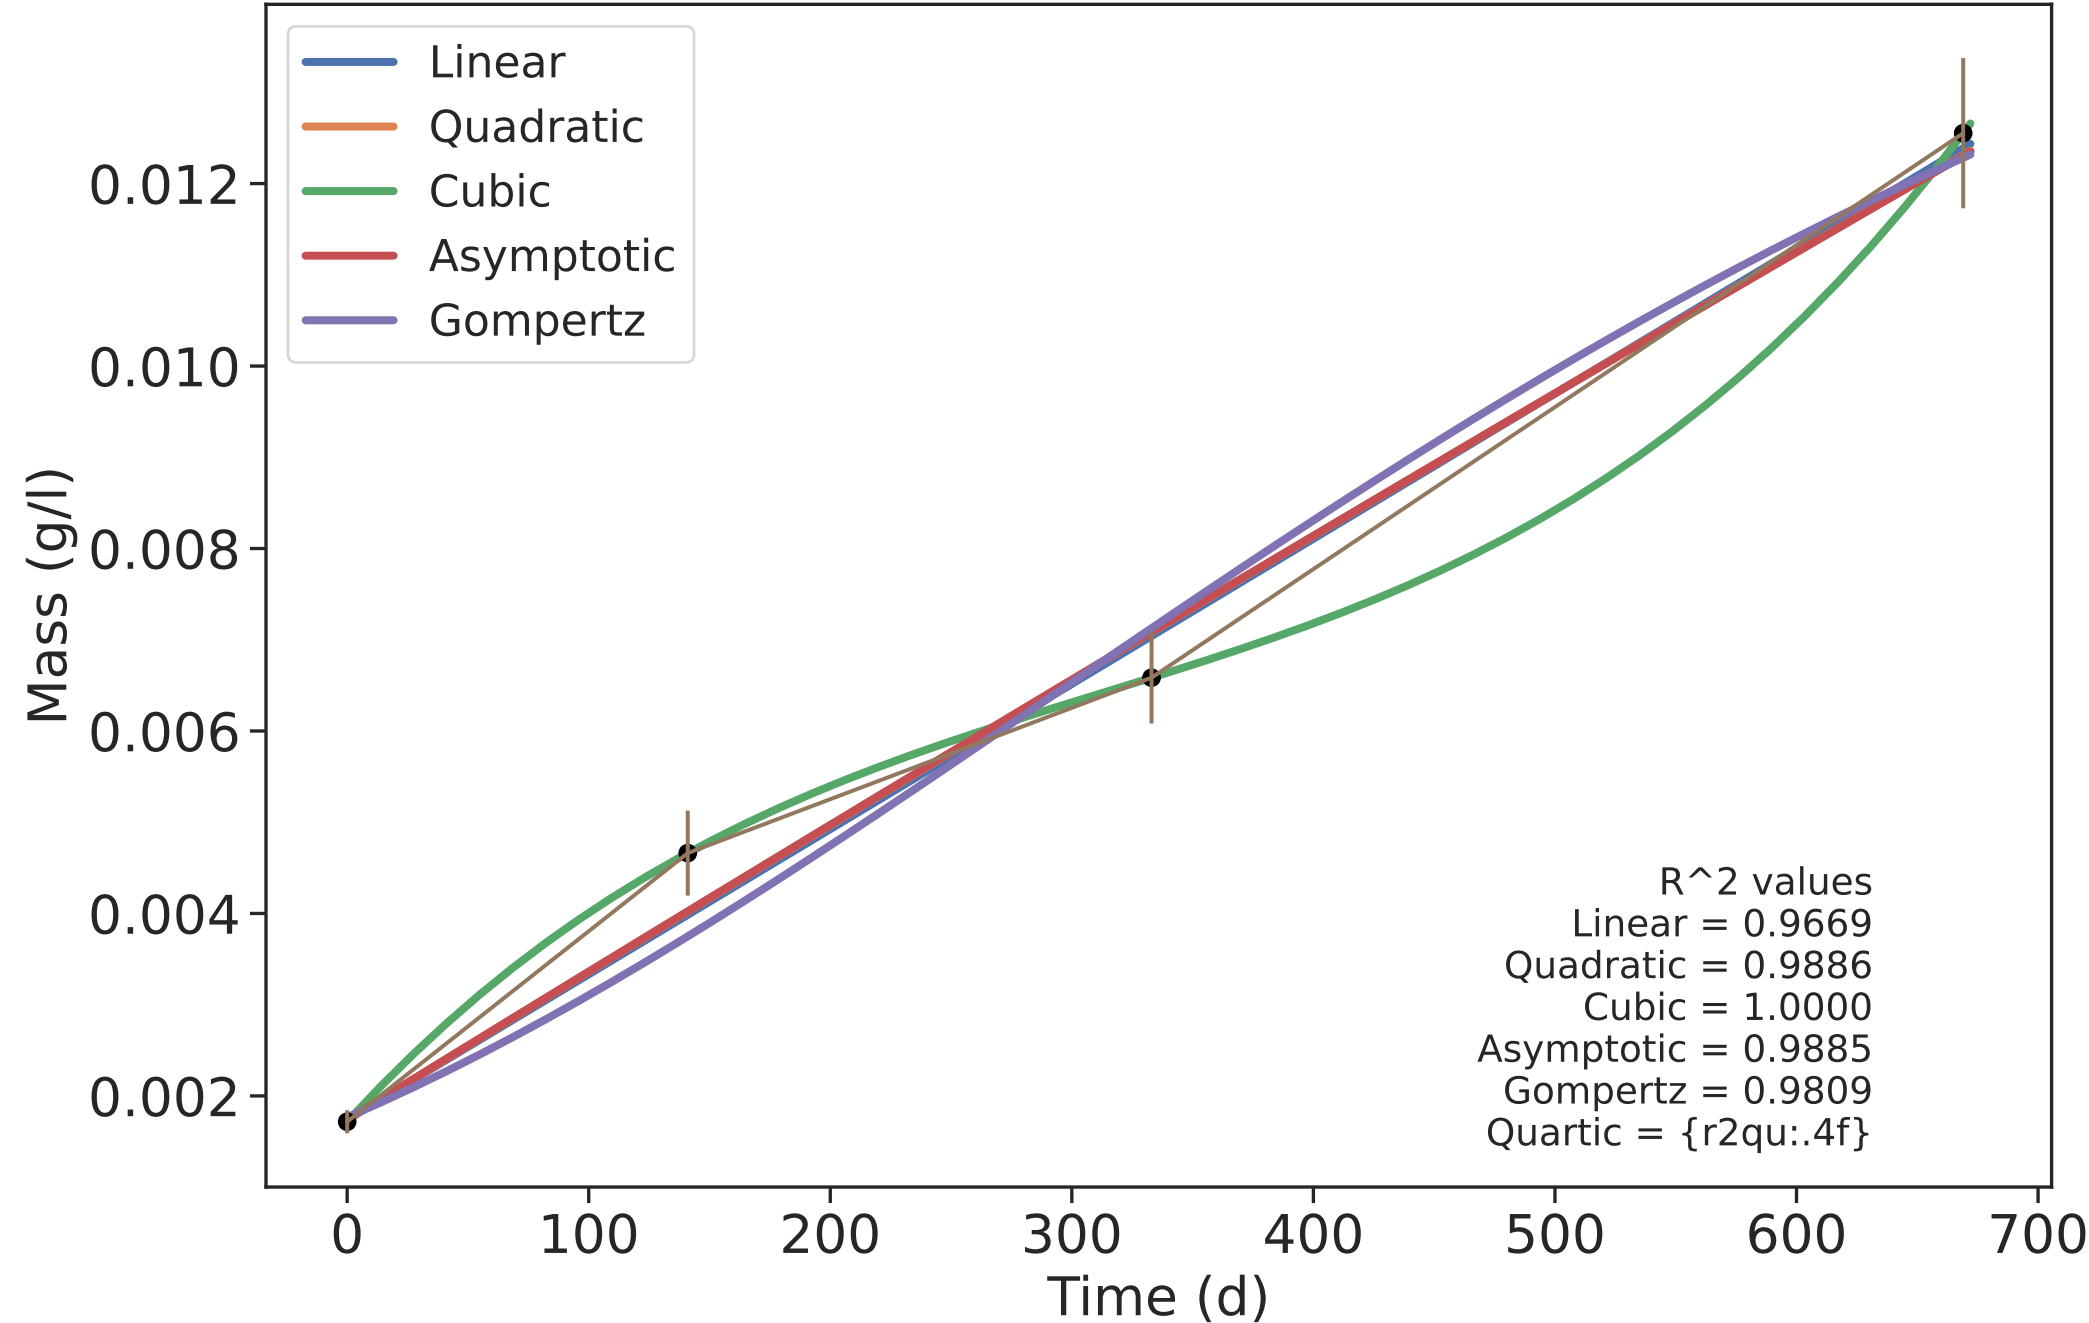

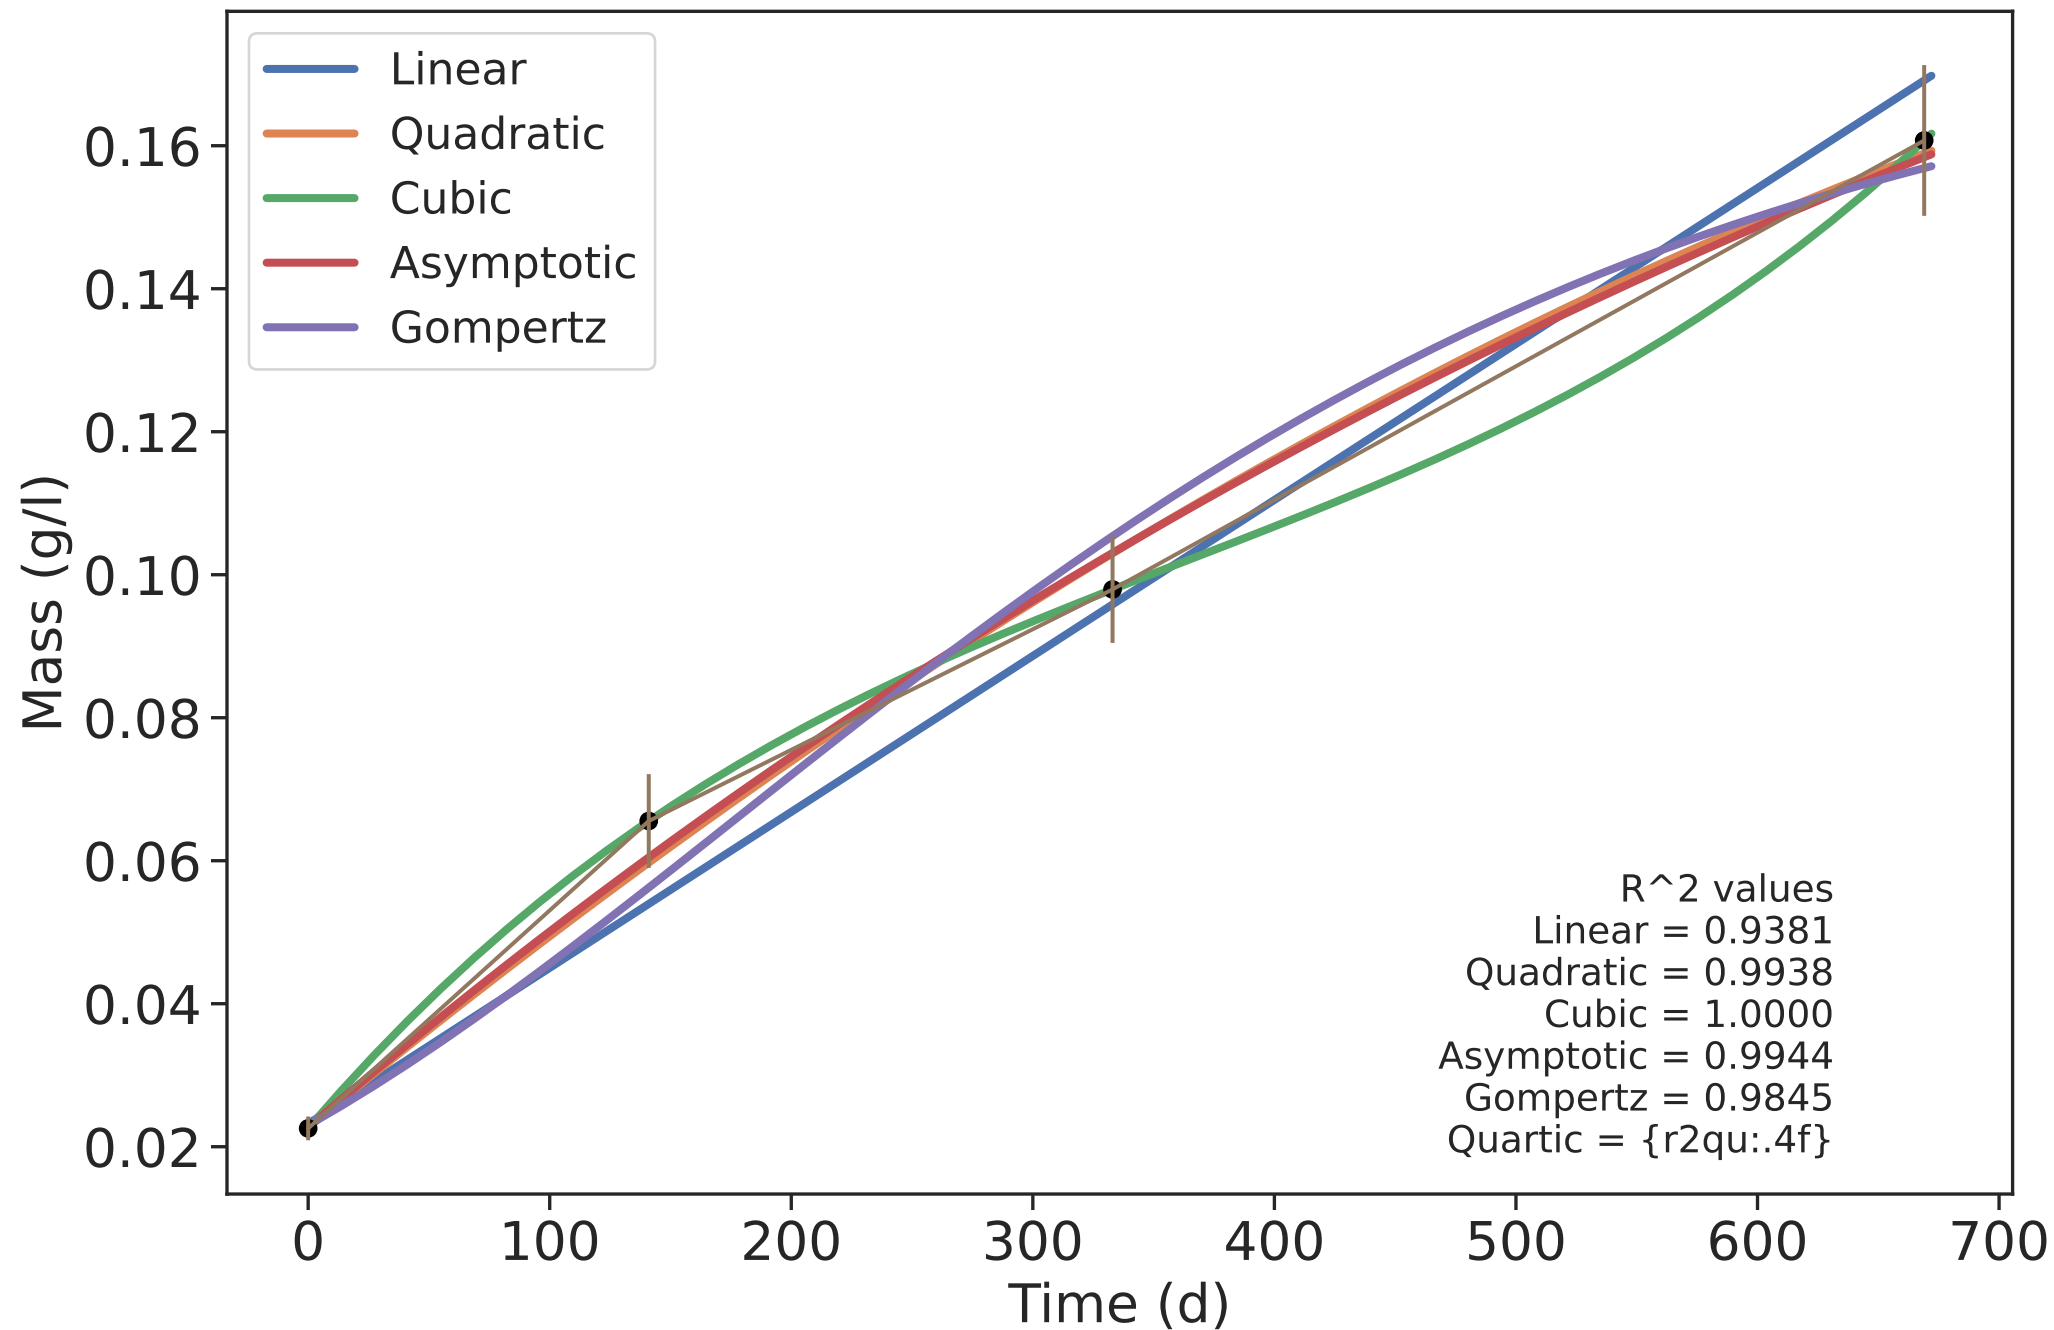

Curve fit to total of triglyceride

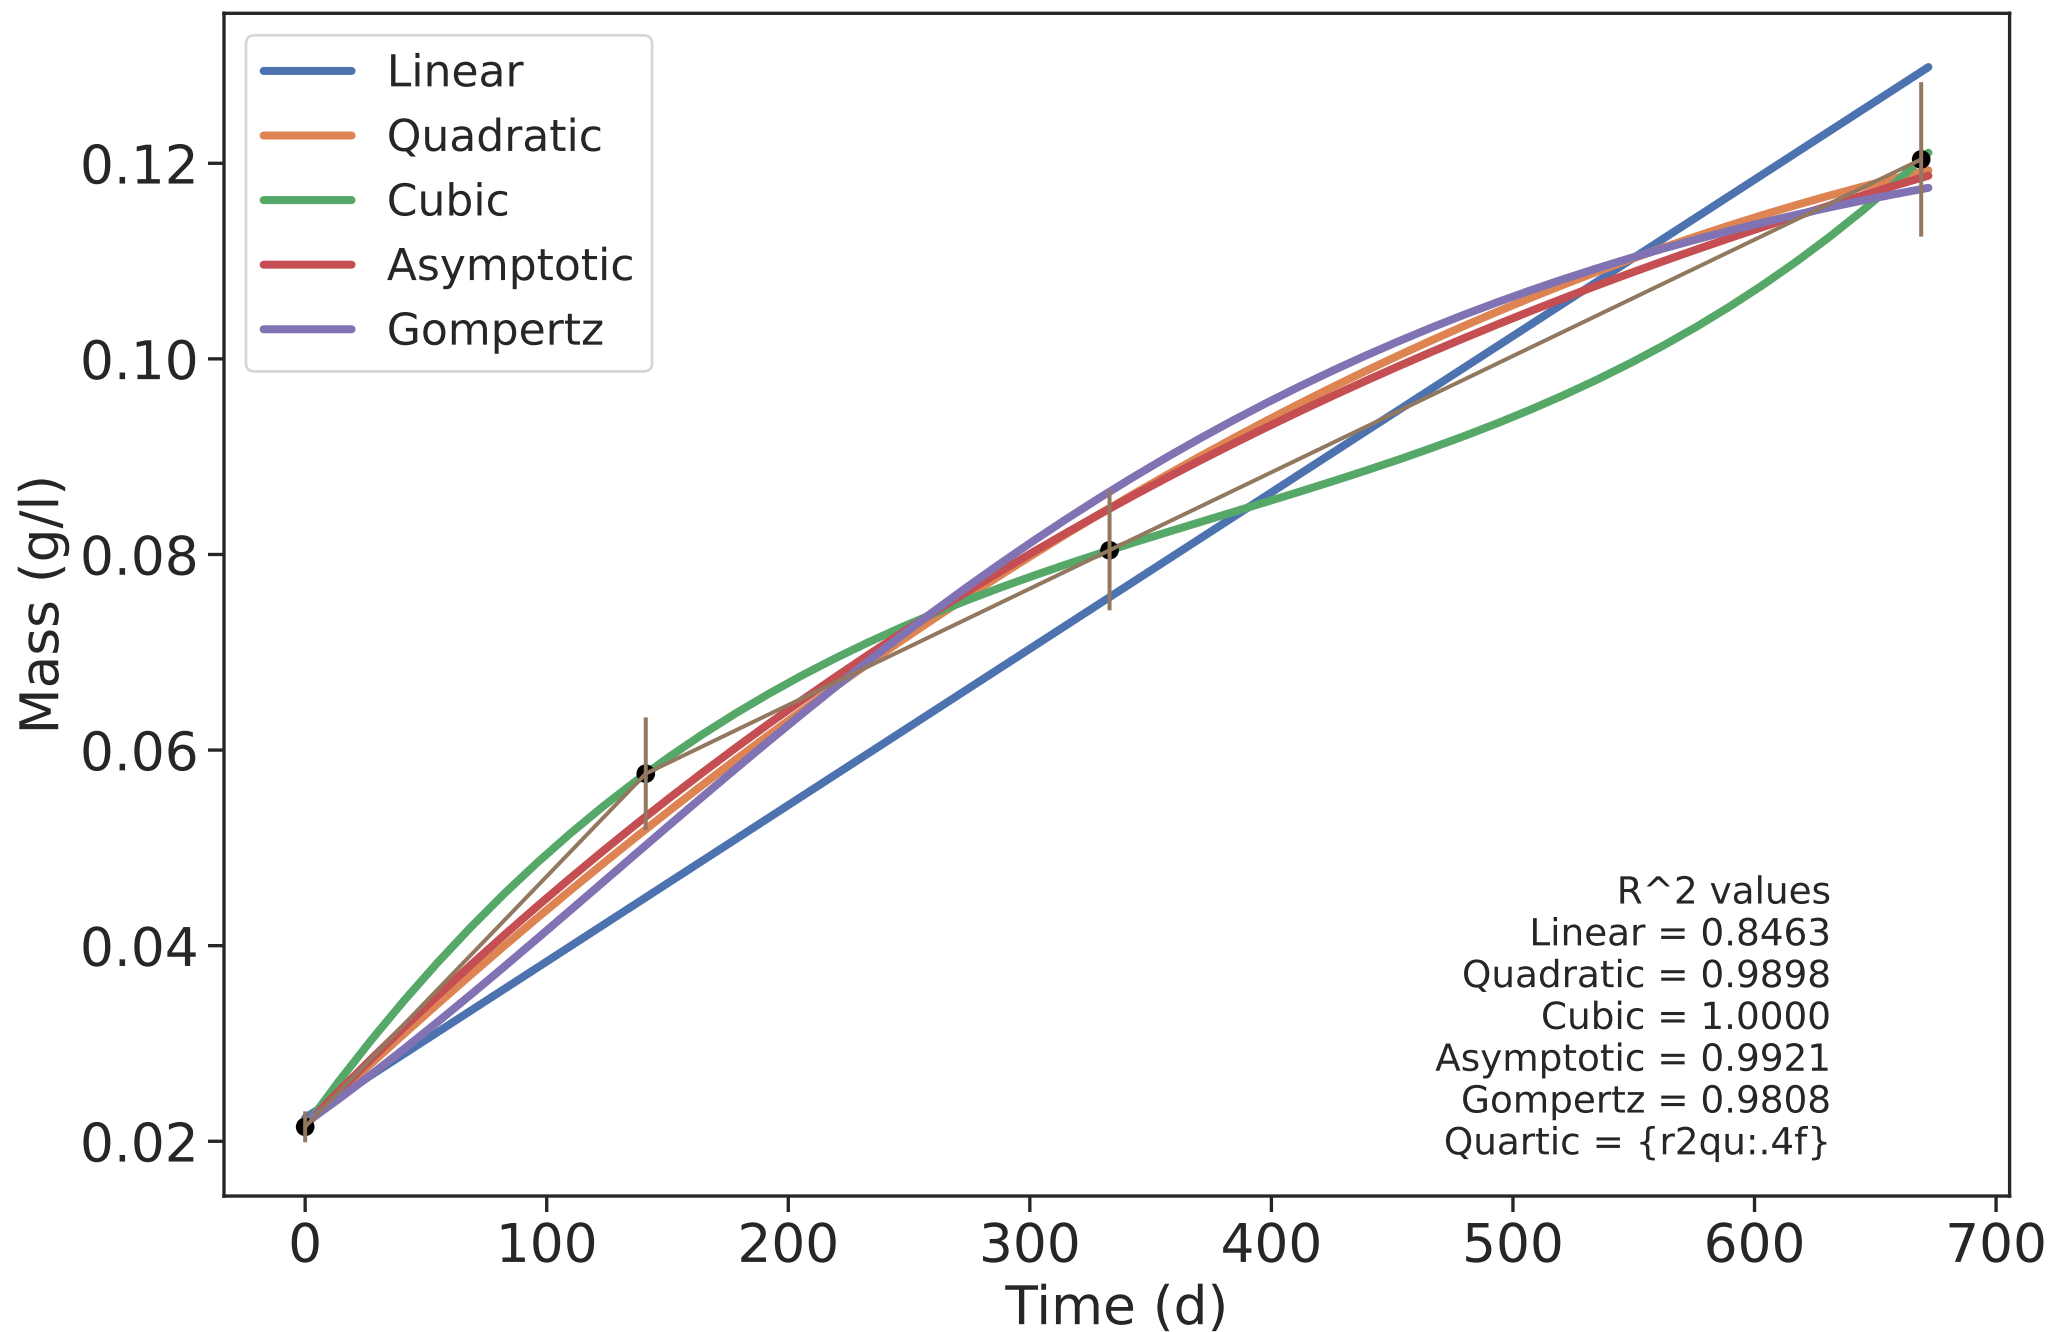

Curve fit to total of phosphatidylglycerol

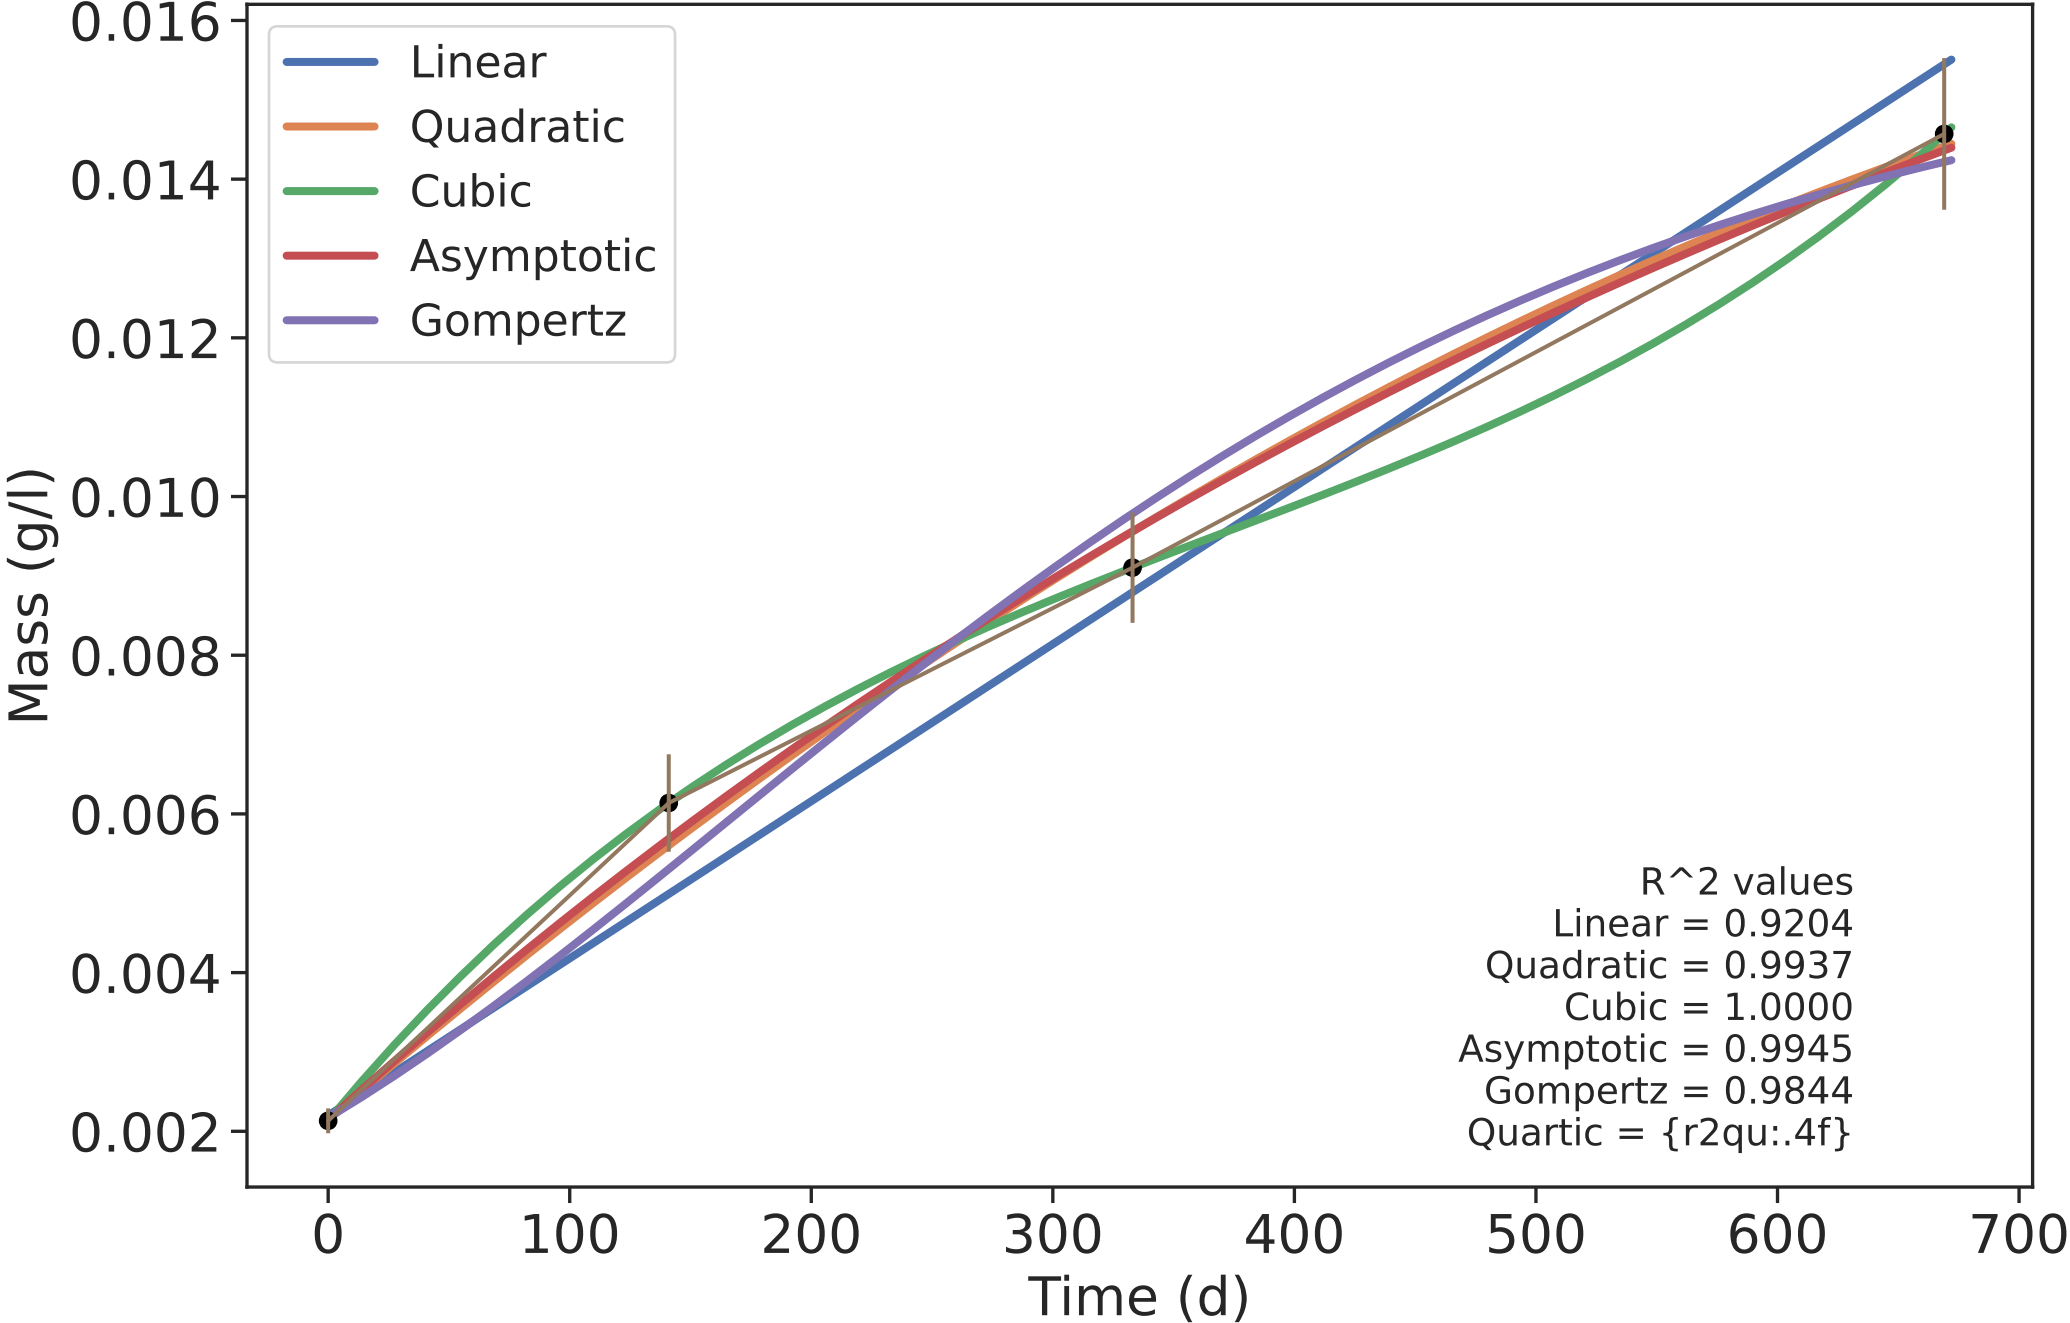

Curve fit to total of phosphatidylethanolamine

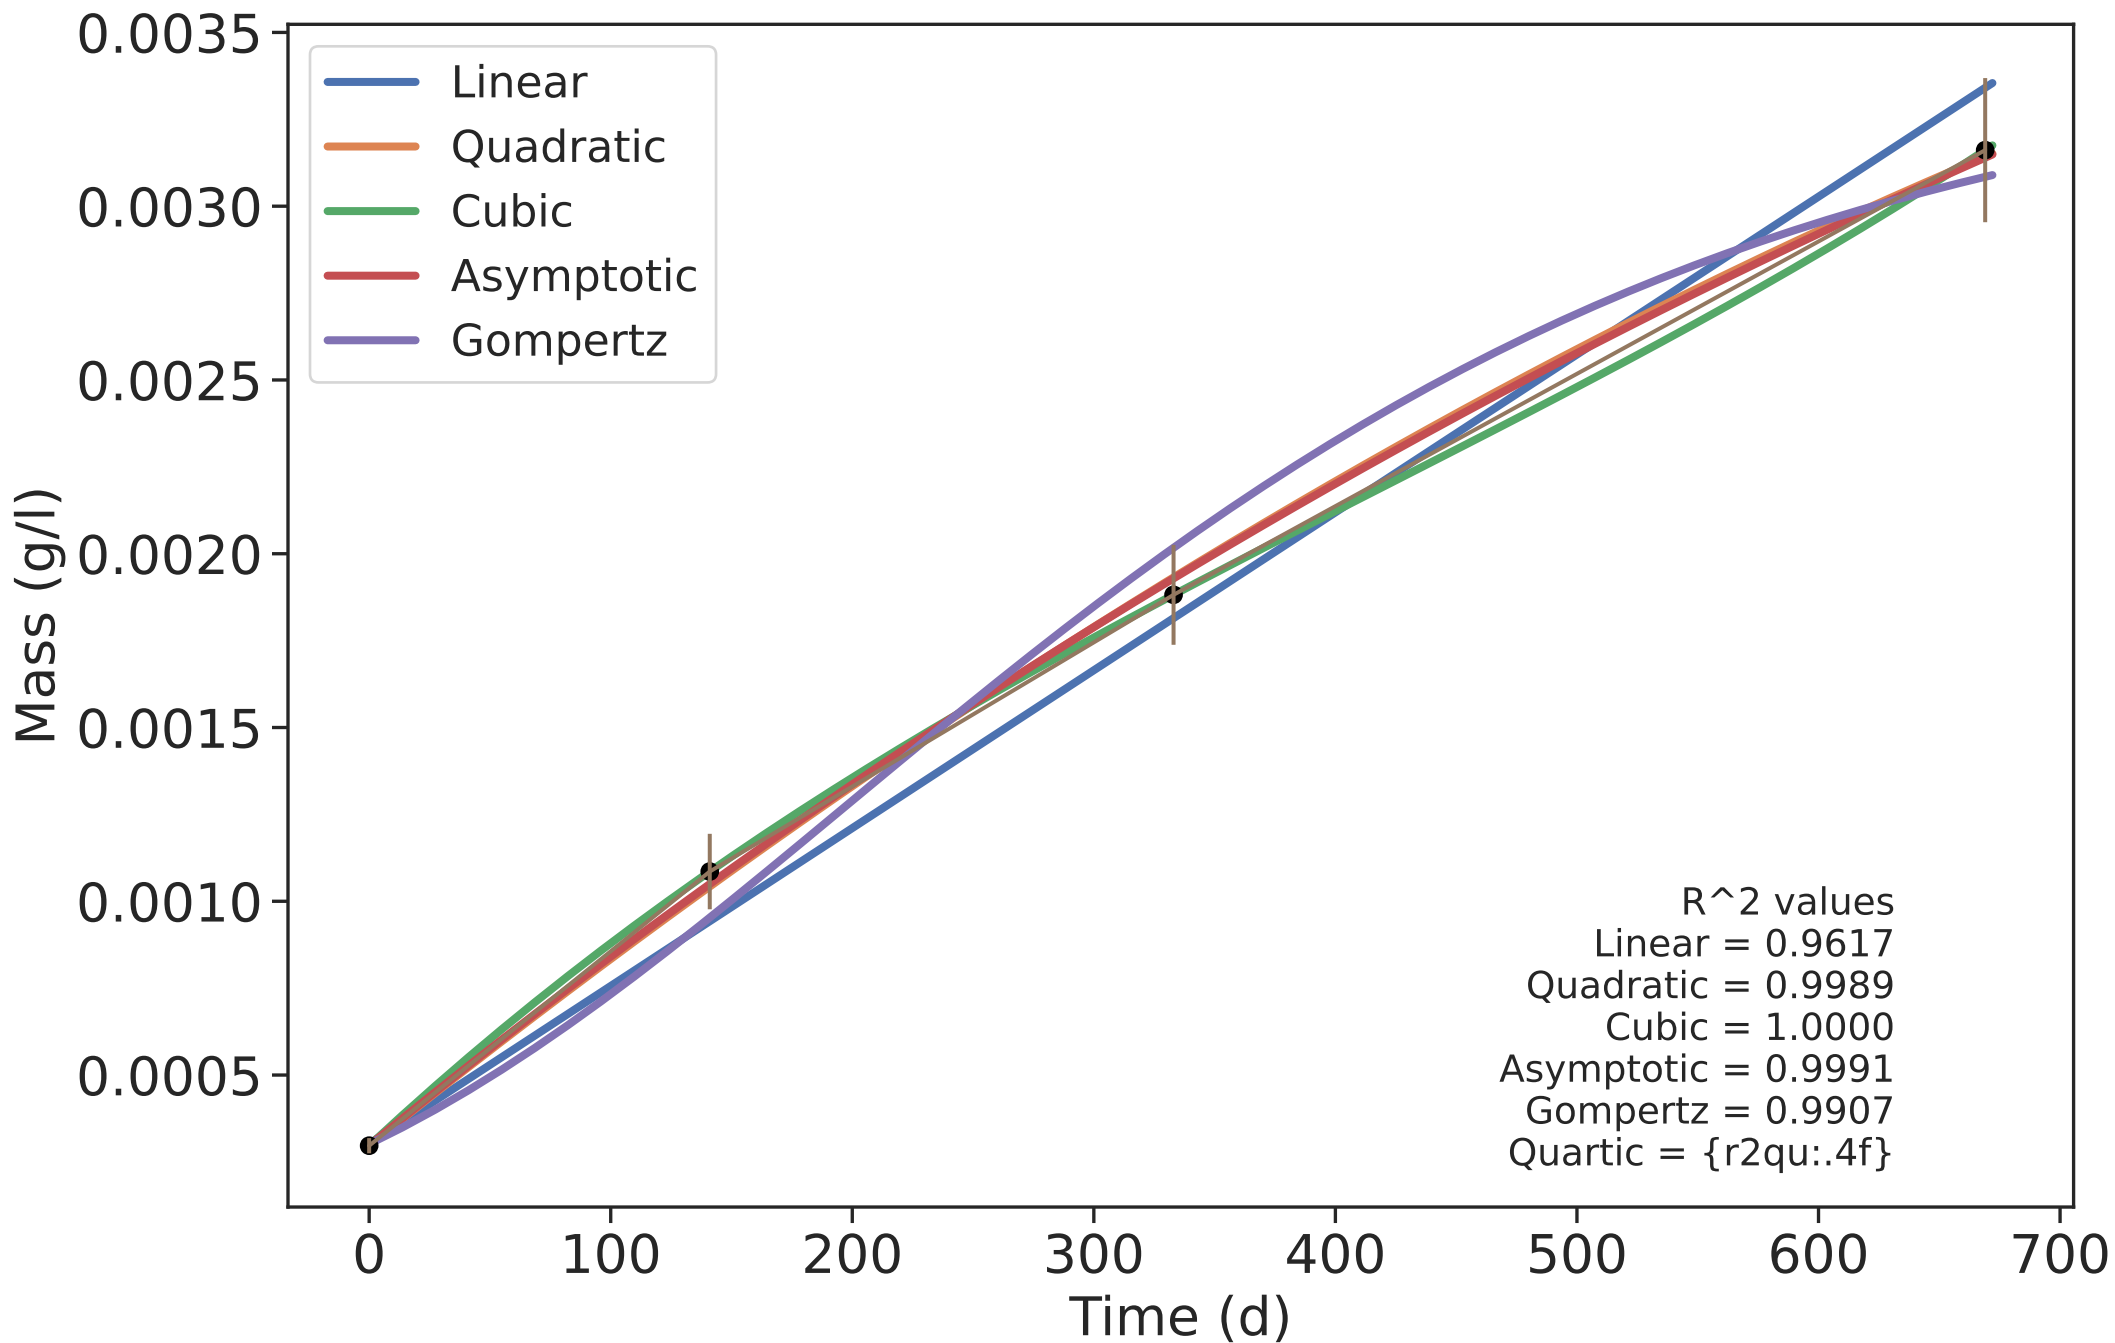

Curve fit to total of phosphatidylcholine

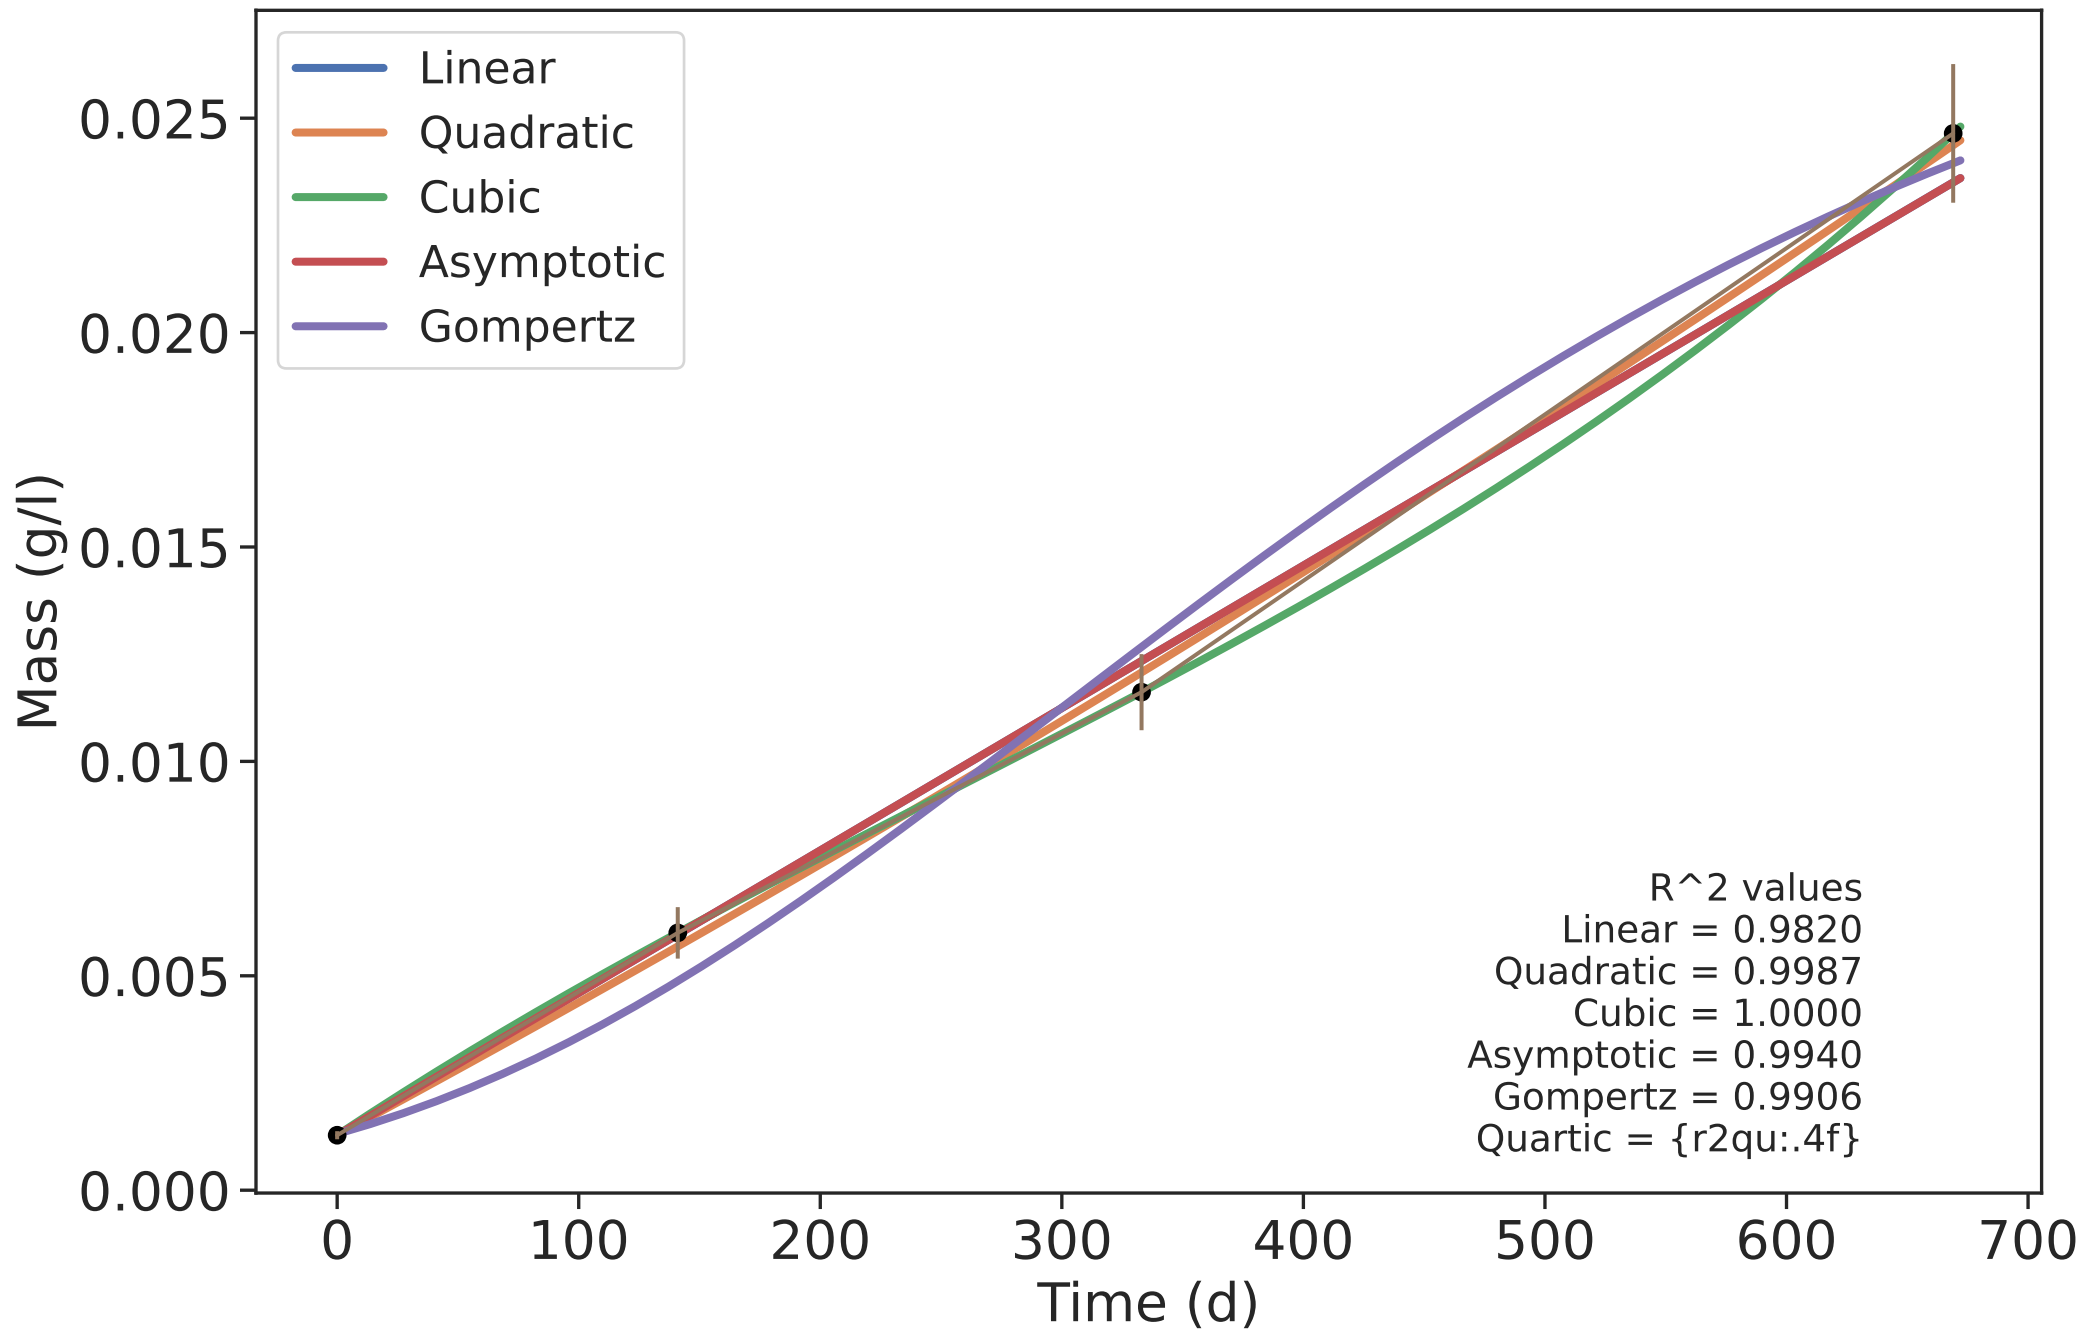

Curve fit to total of phosphatidyl-L-serine(1-)

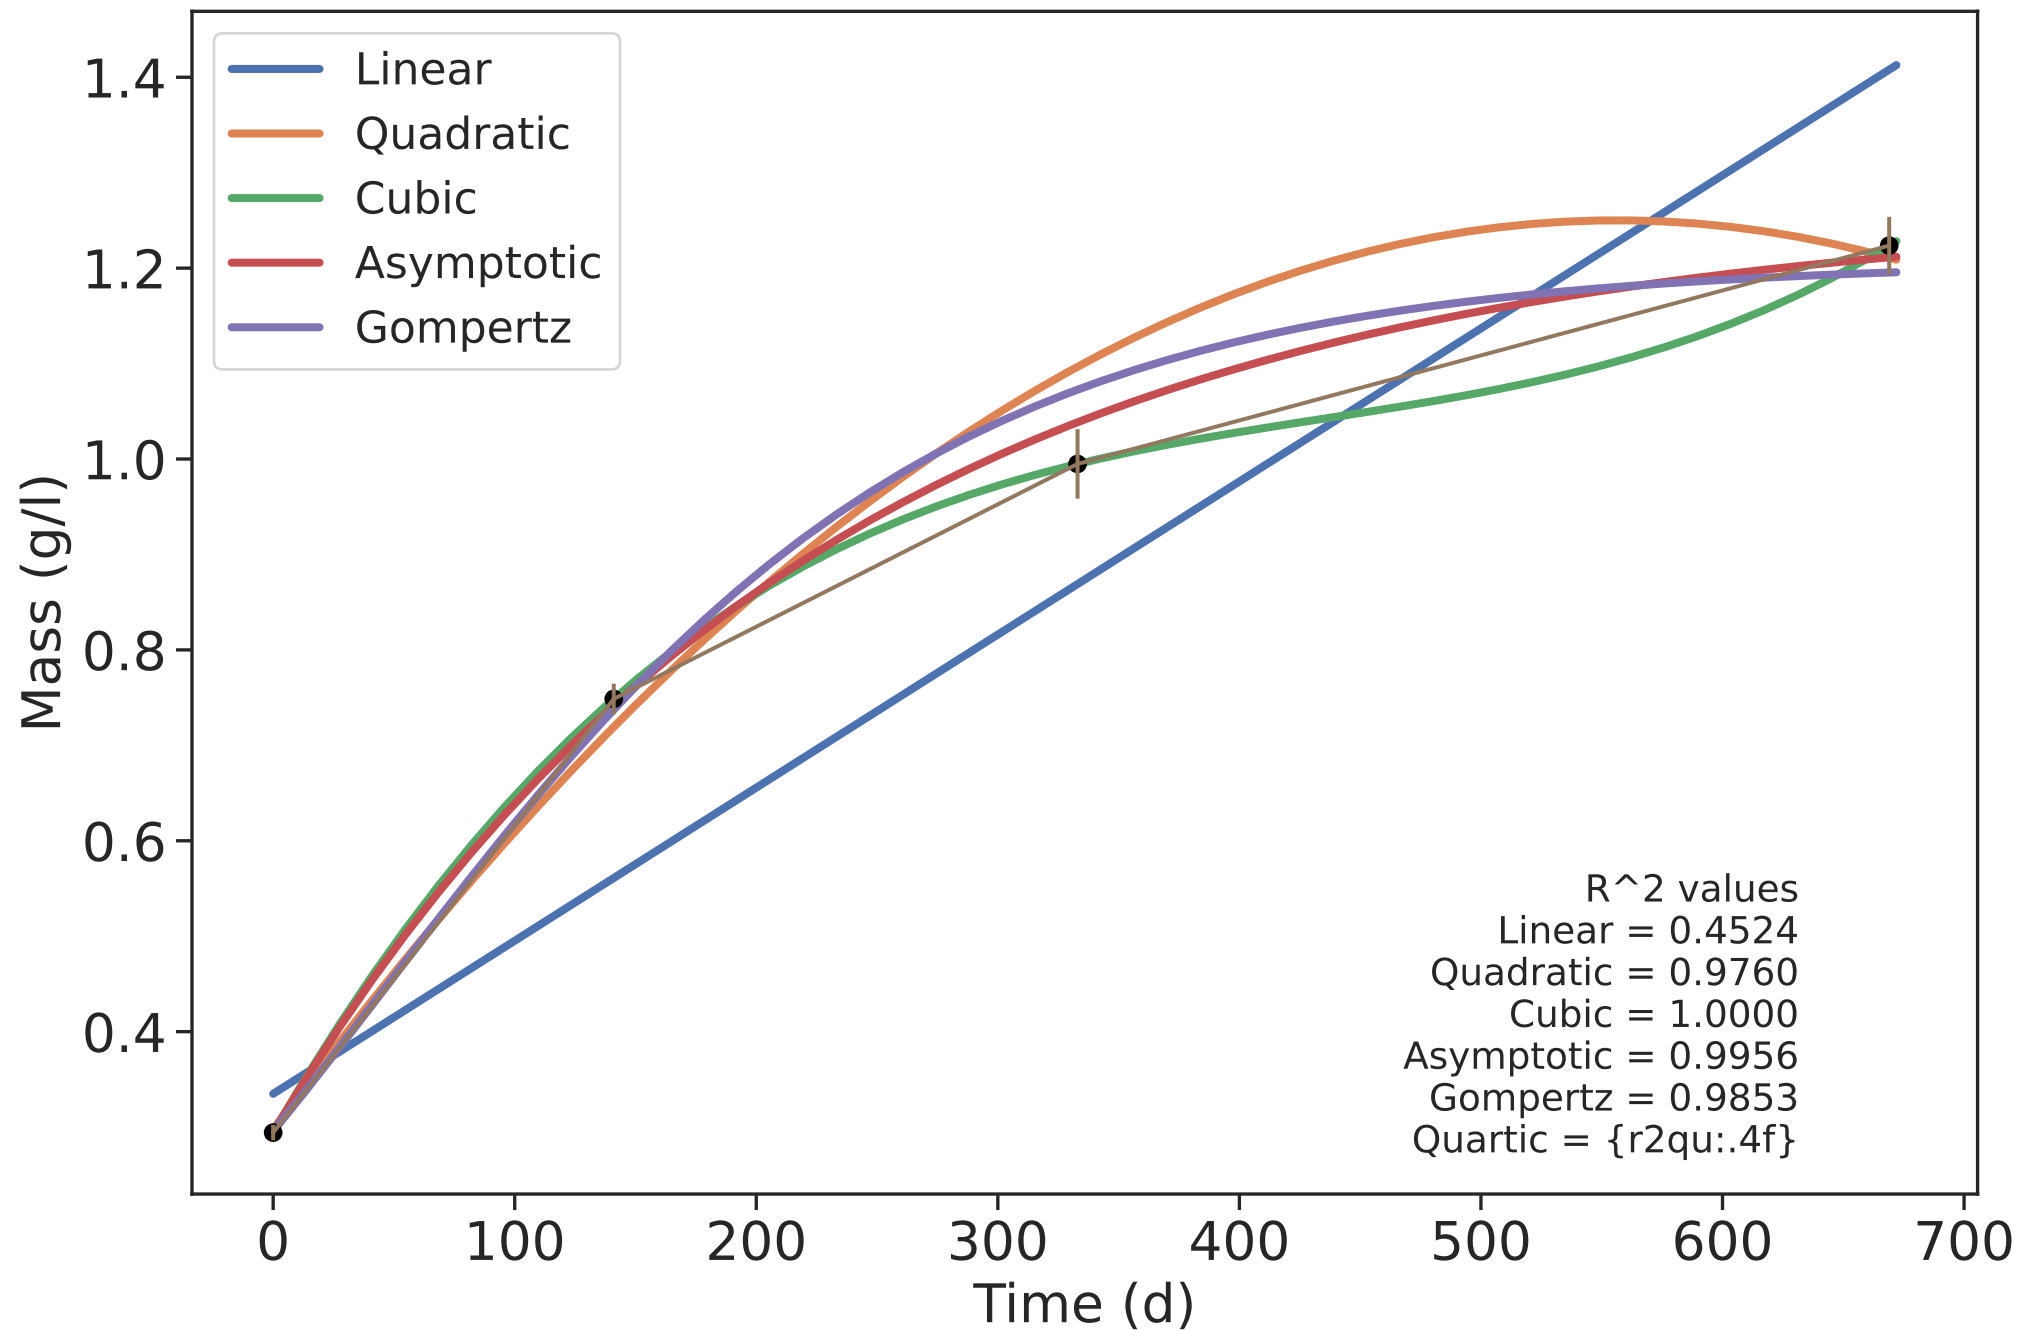

Curve fit to total of lysophosphatidylcholine

Curve fit to total of ergosteryl ester

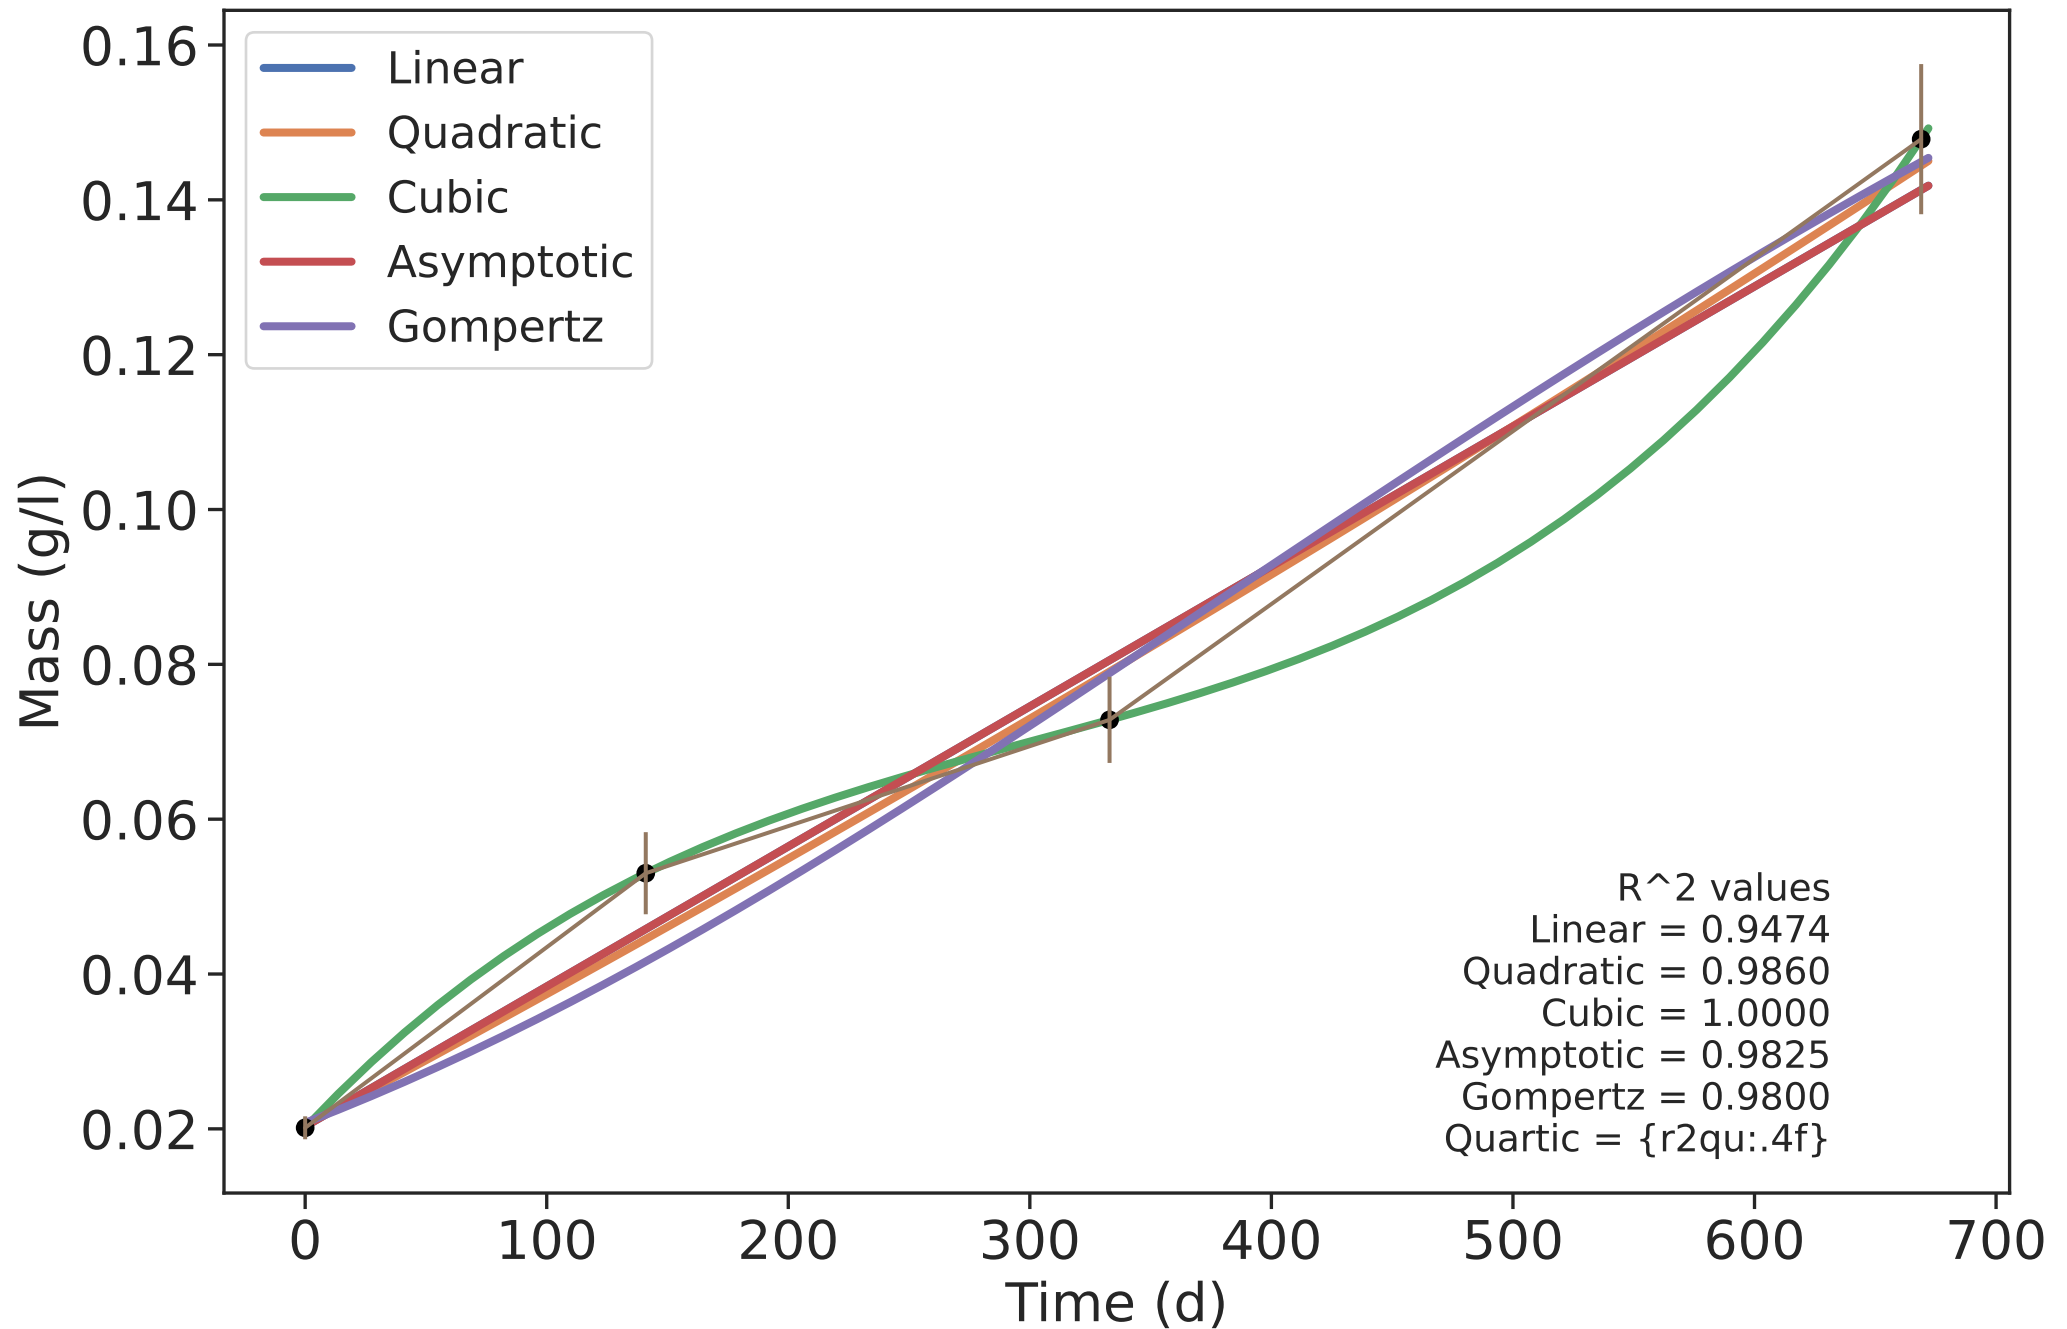

Curve fit to total of (1->4)-beta-D-mannan

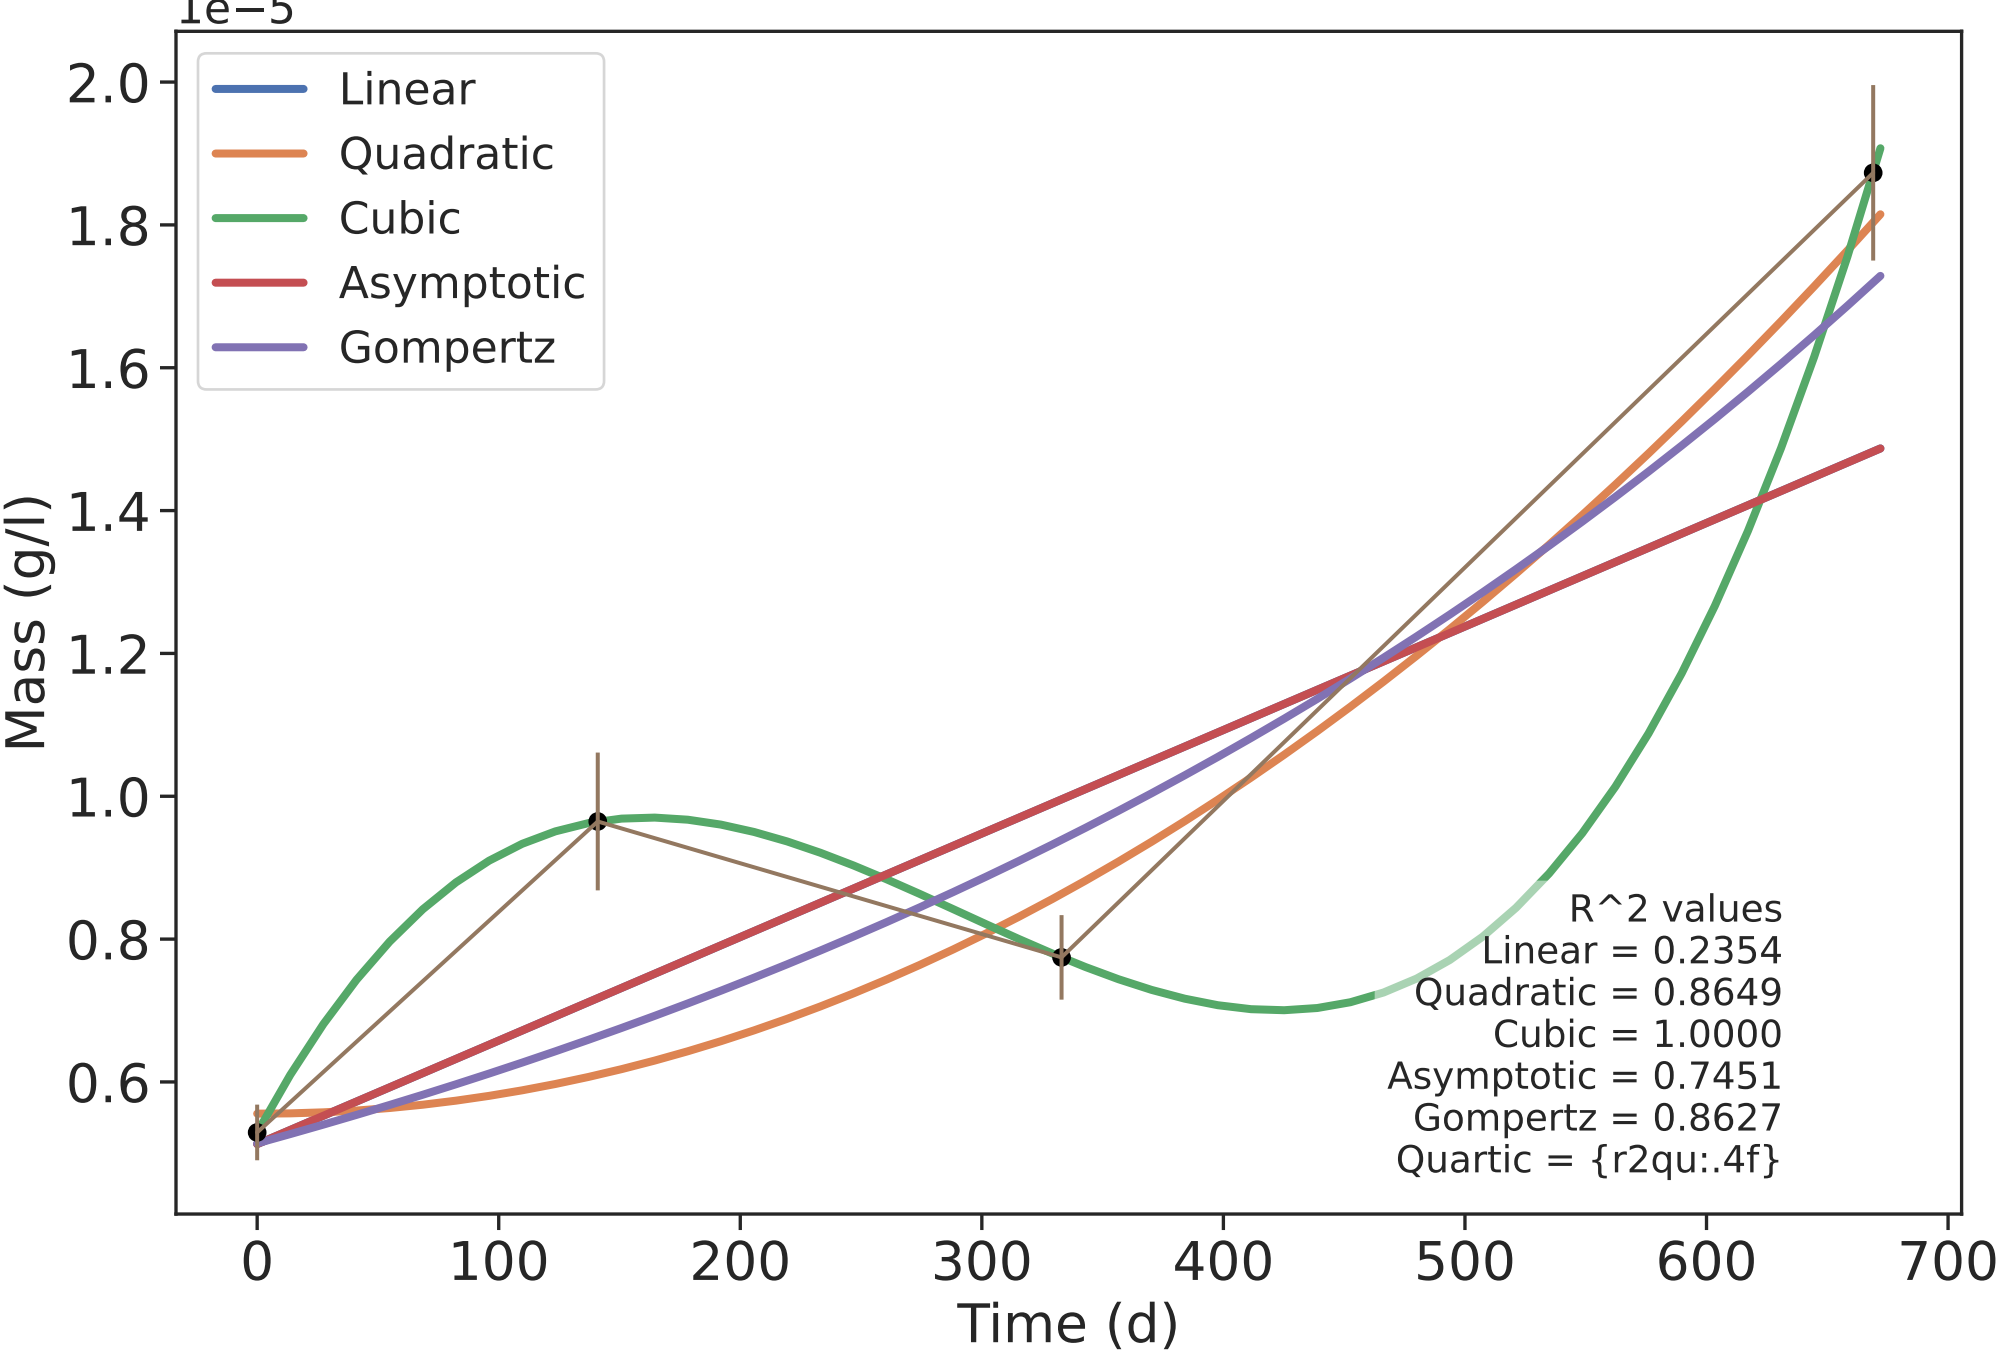

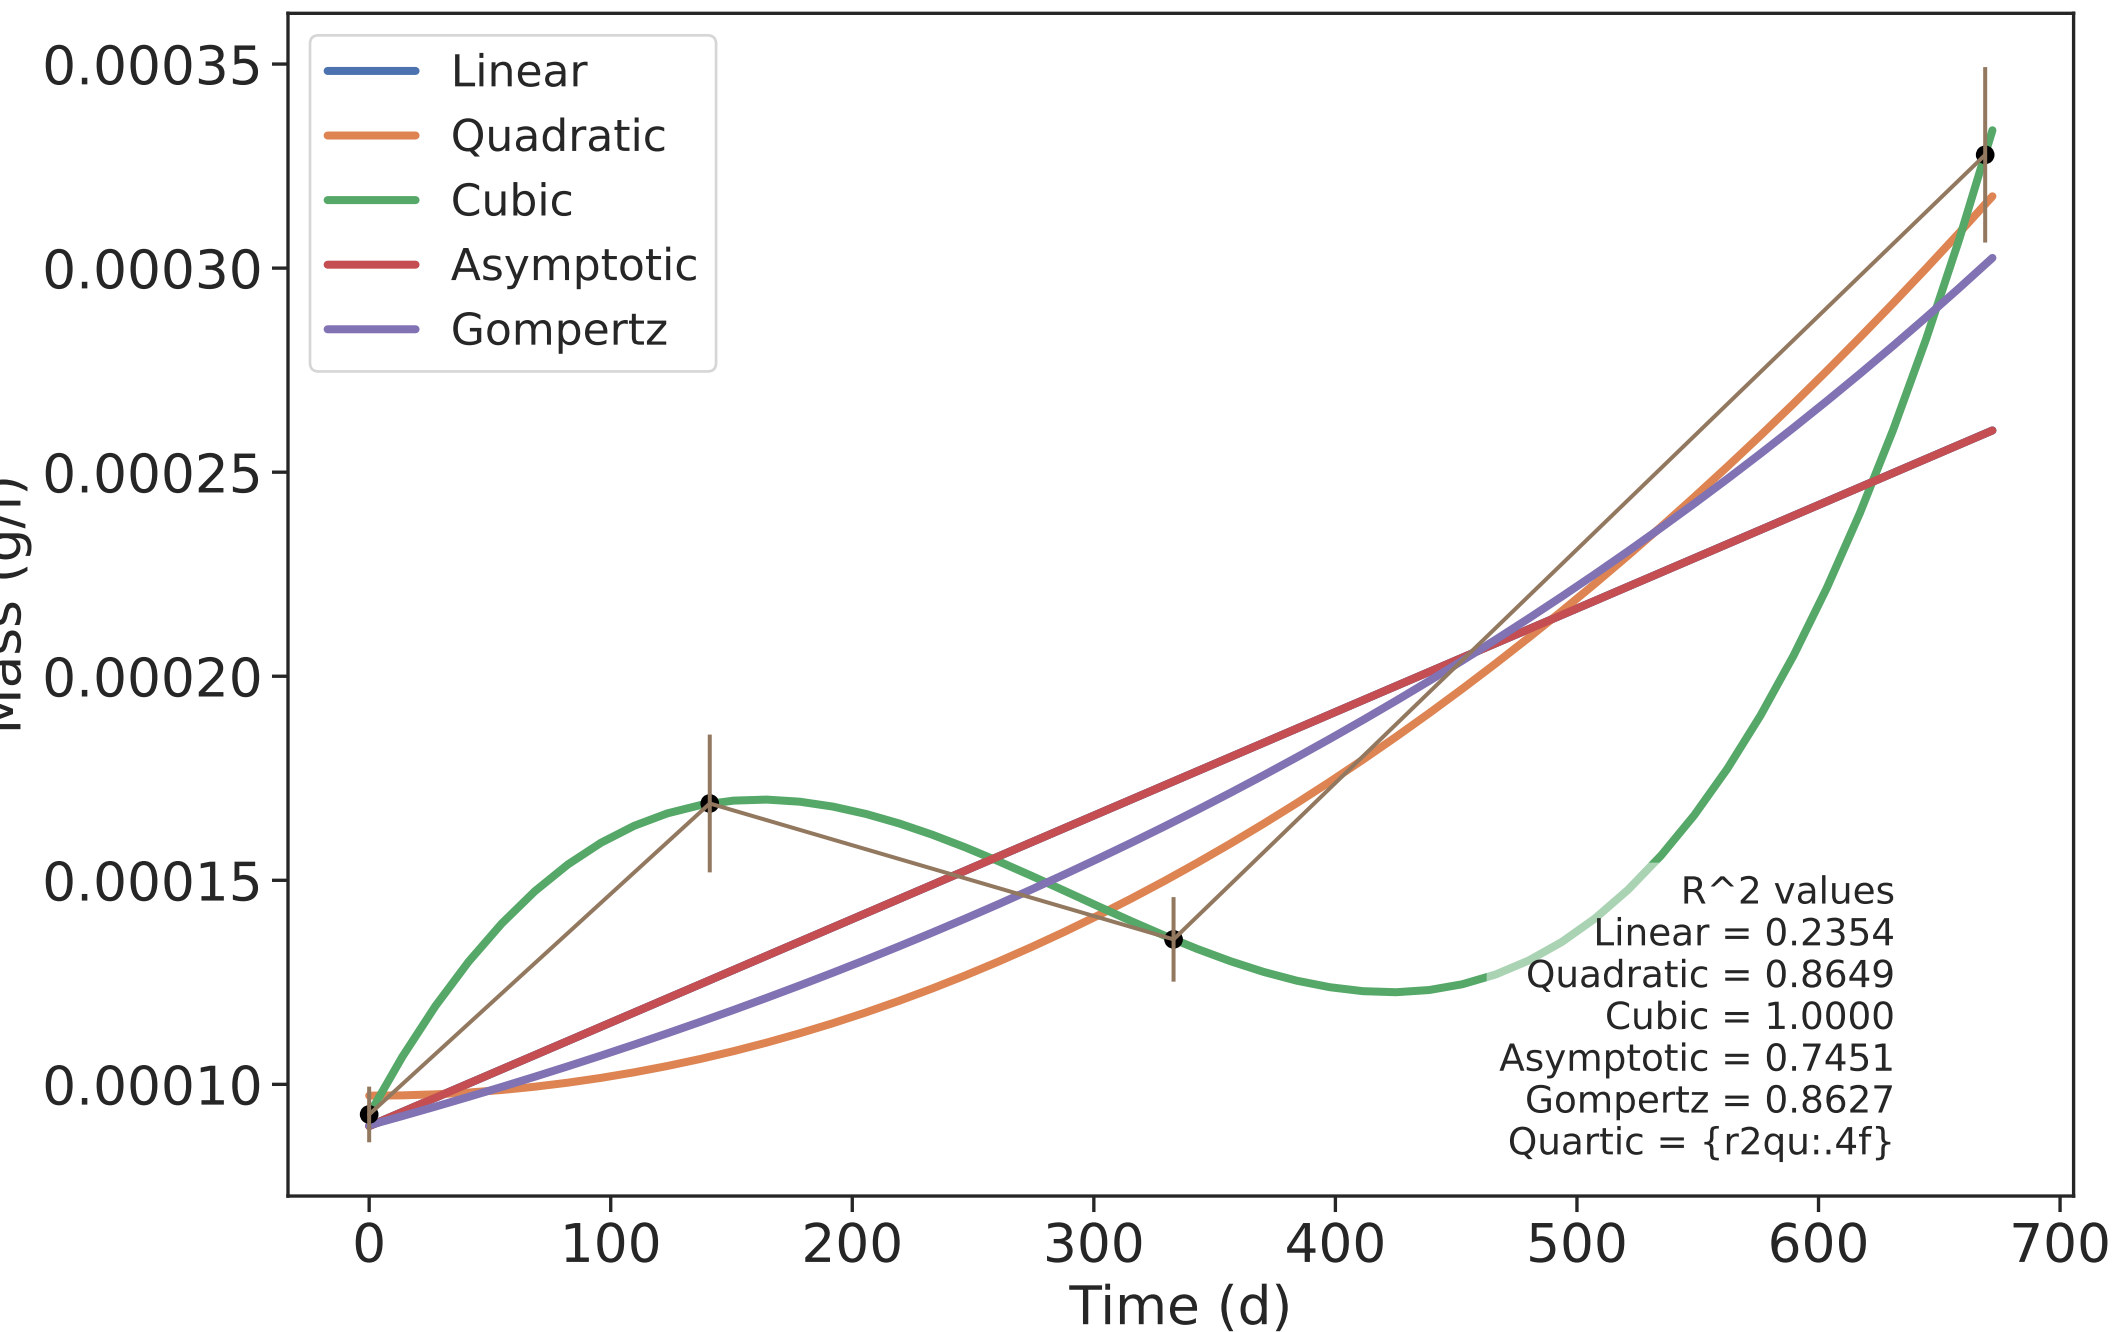

Curve fit to total of ergosterol

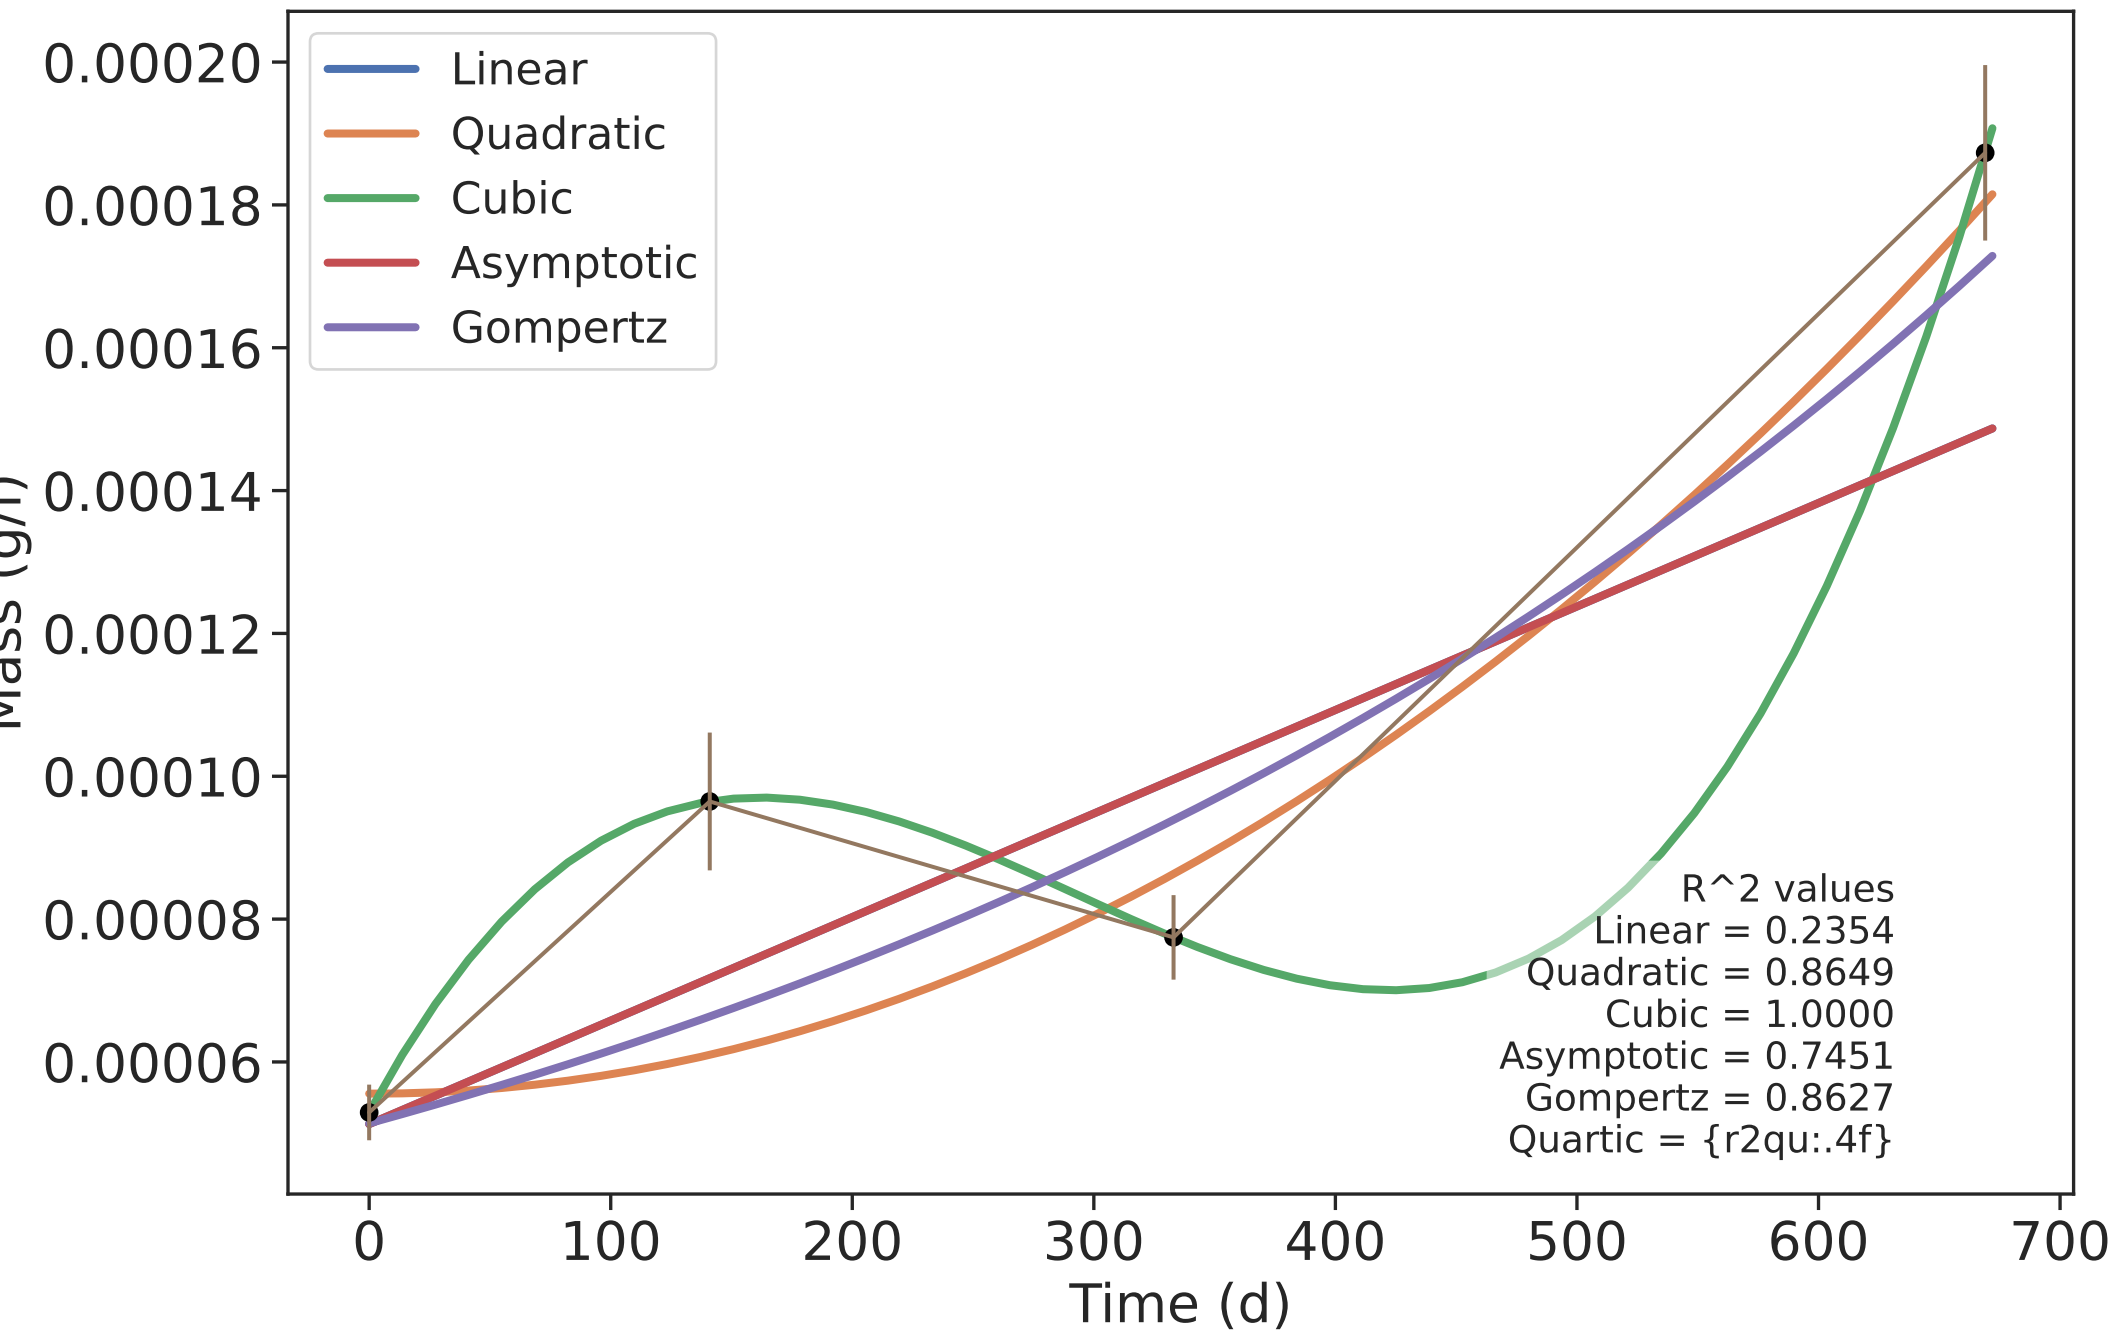

Curve fit to total of M(IP)2C

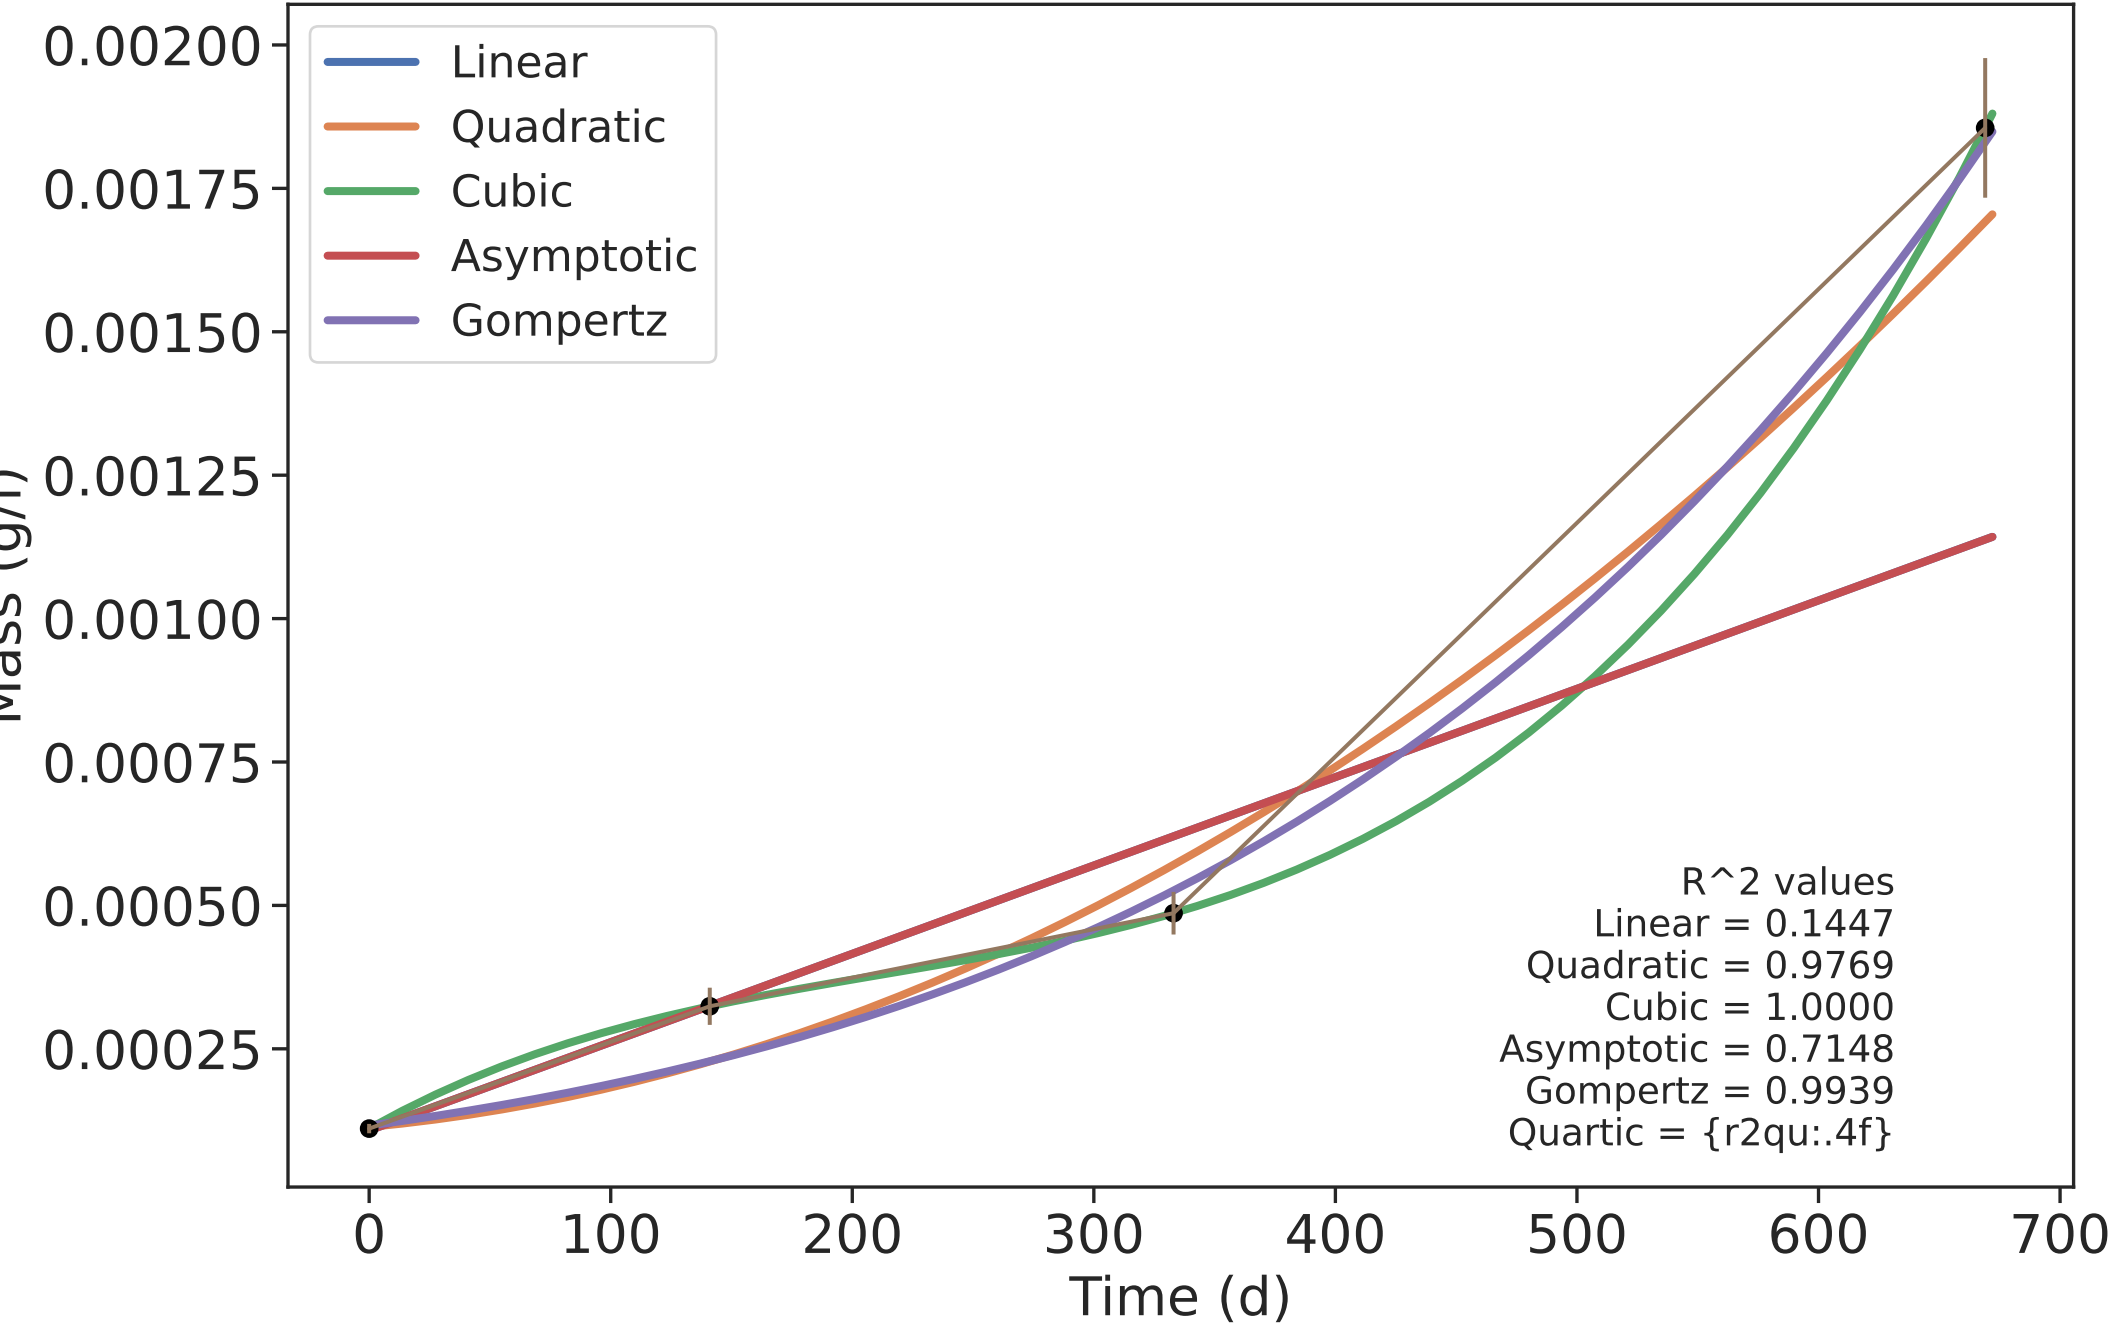

Curve fit to total of IPC

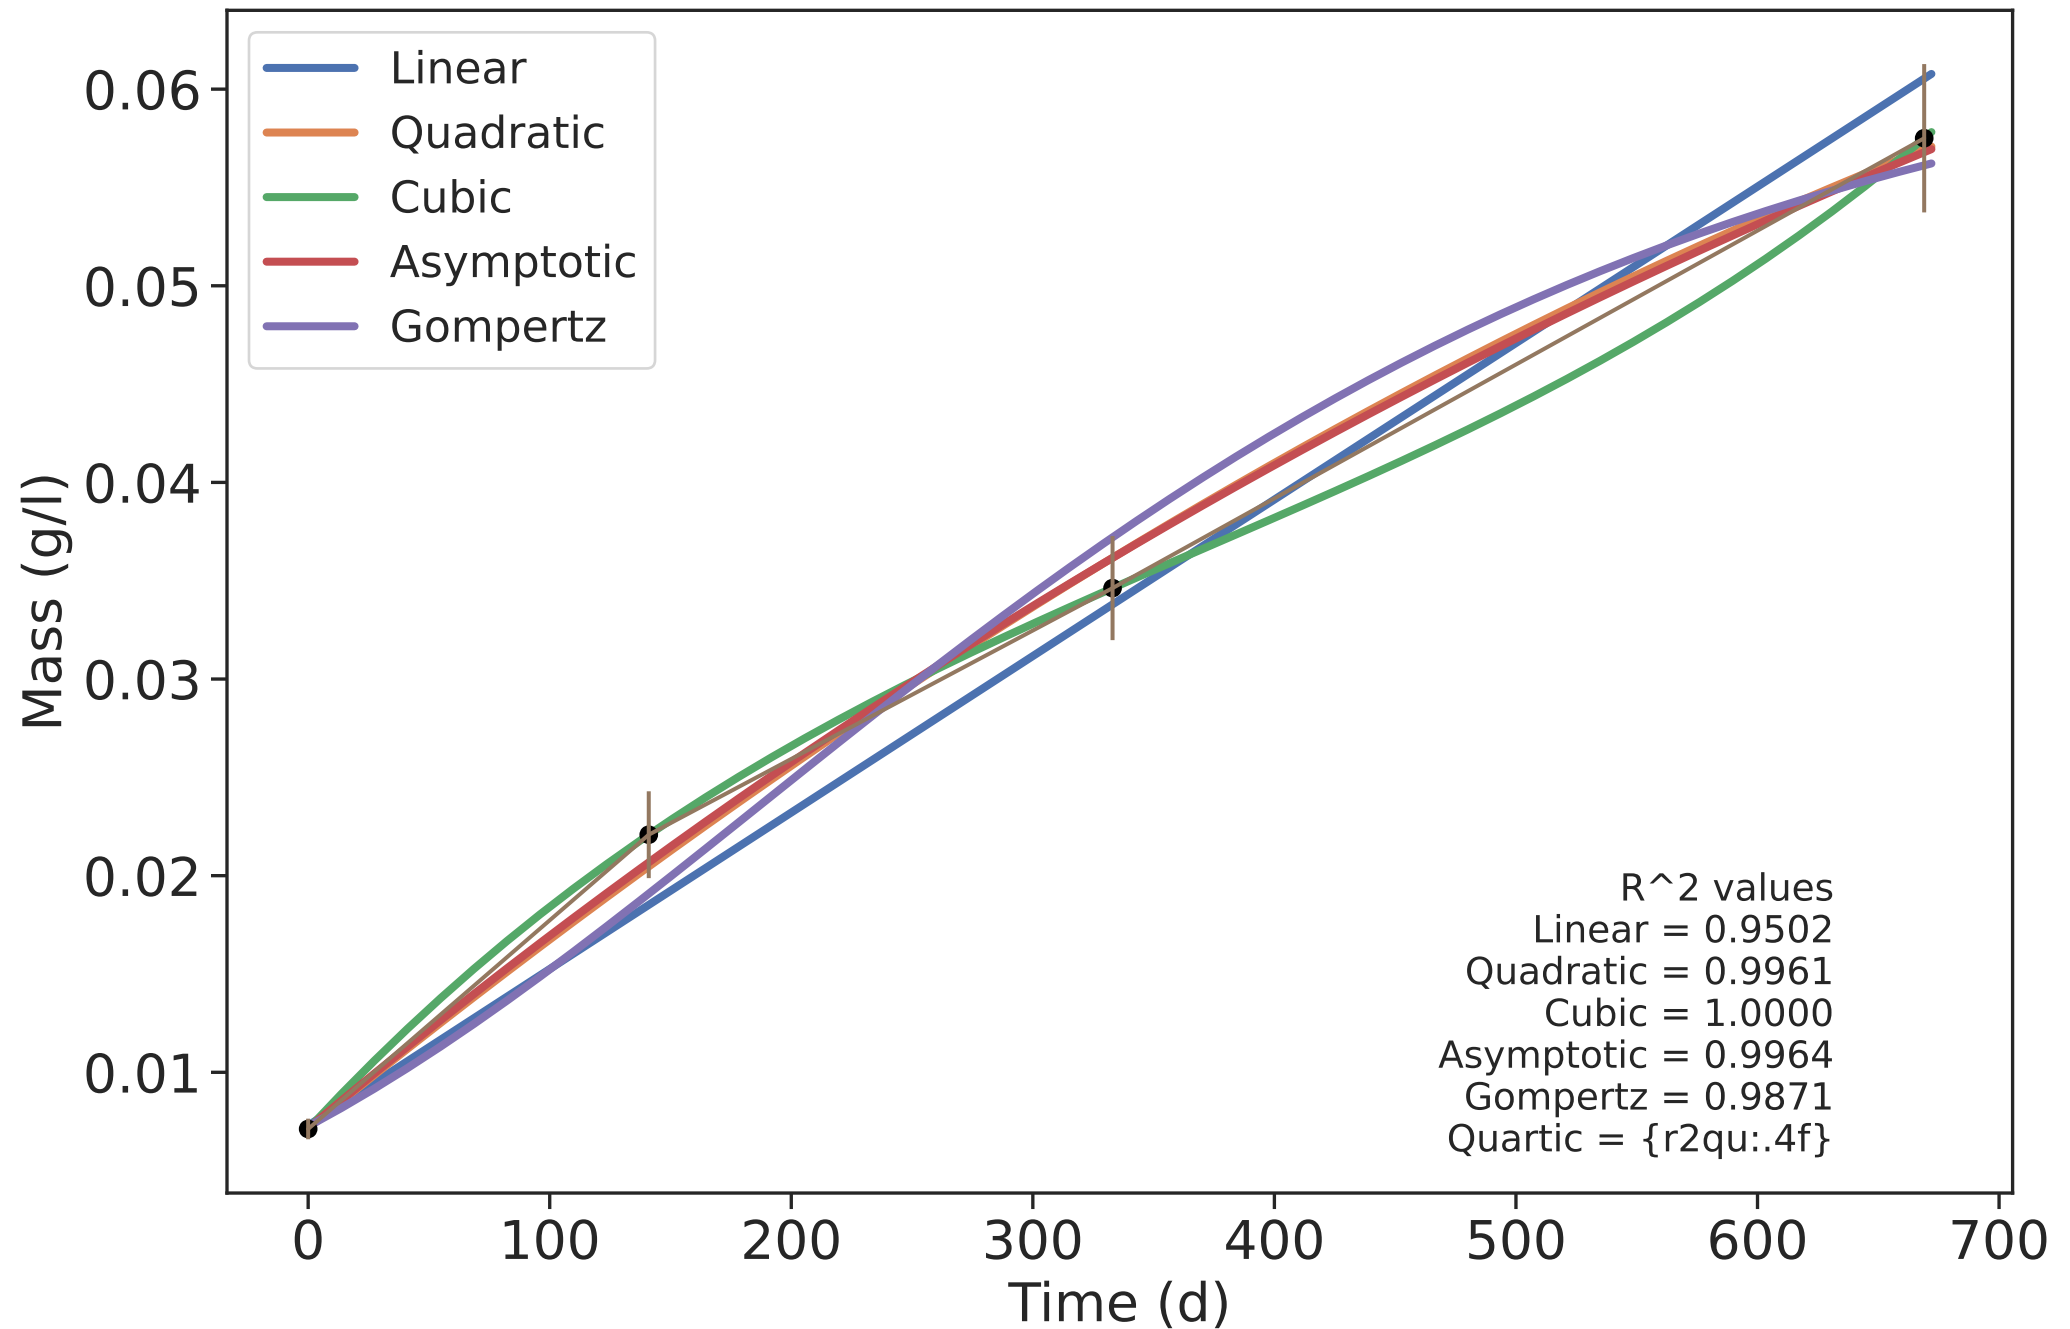

Curve fit to total of Glucosylceramide

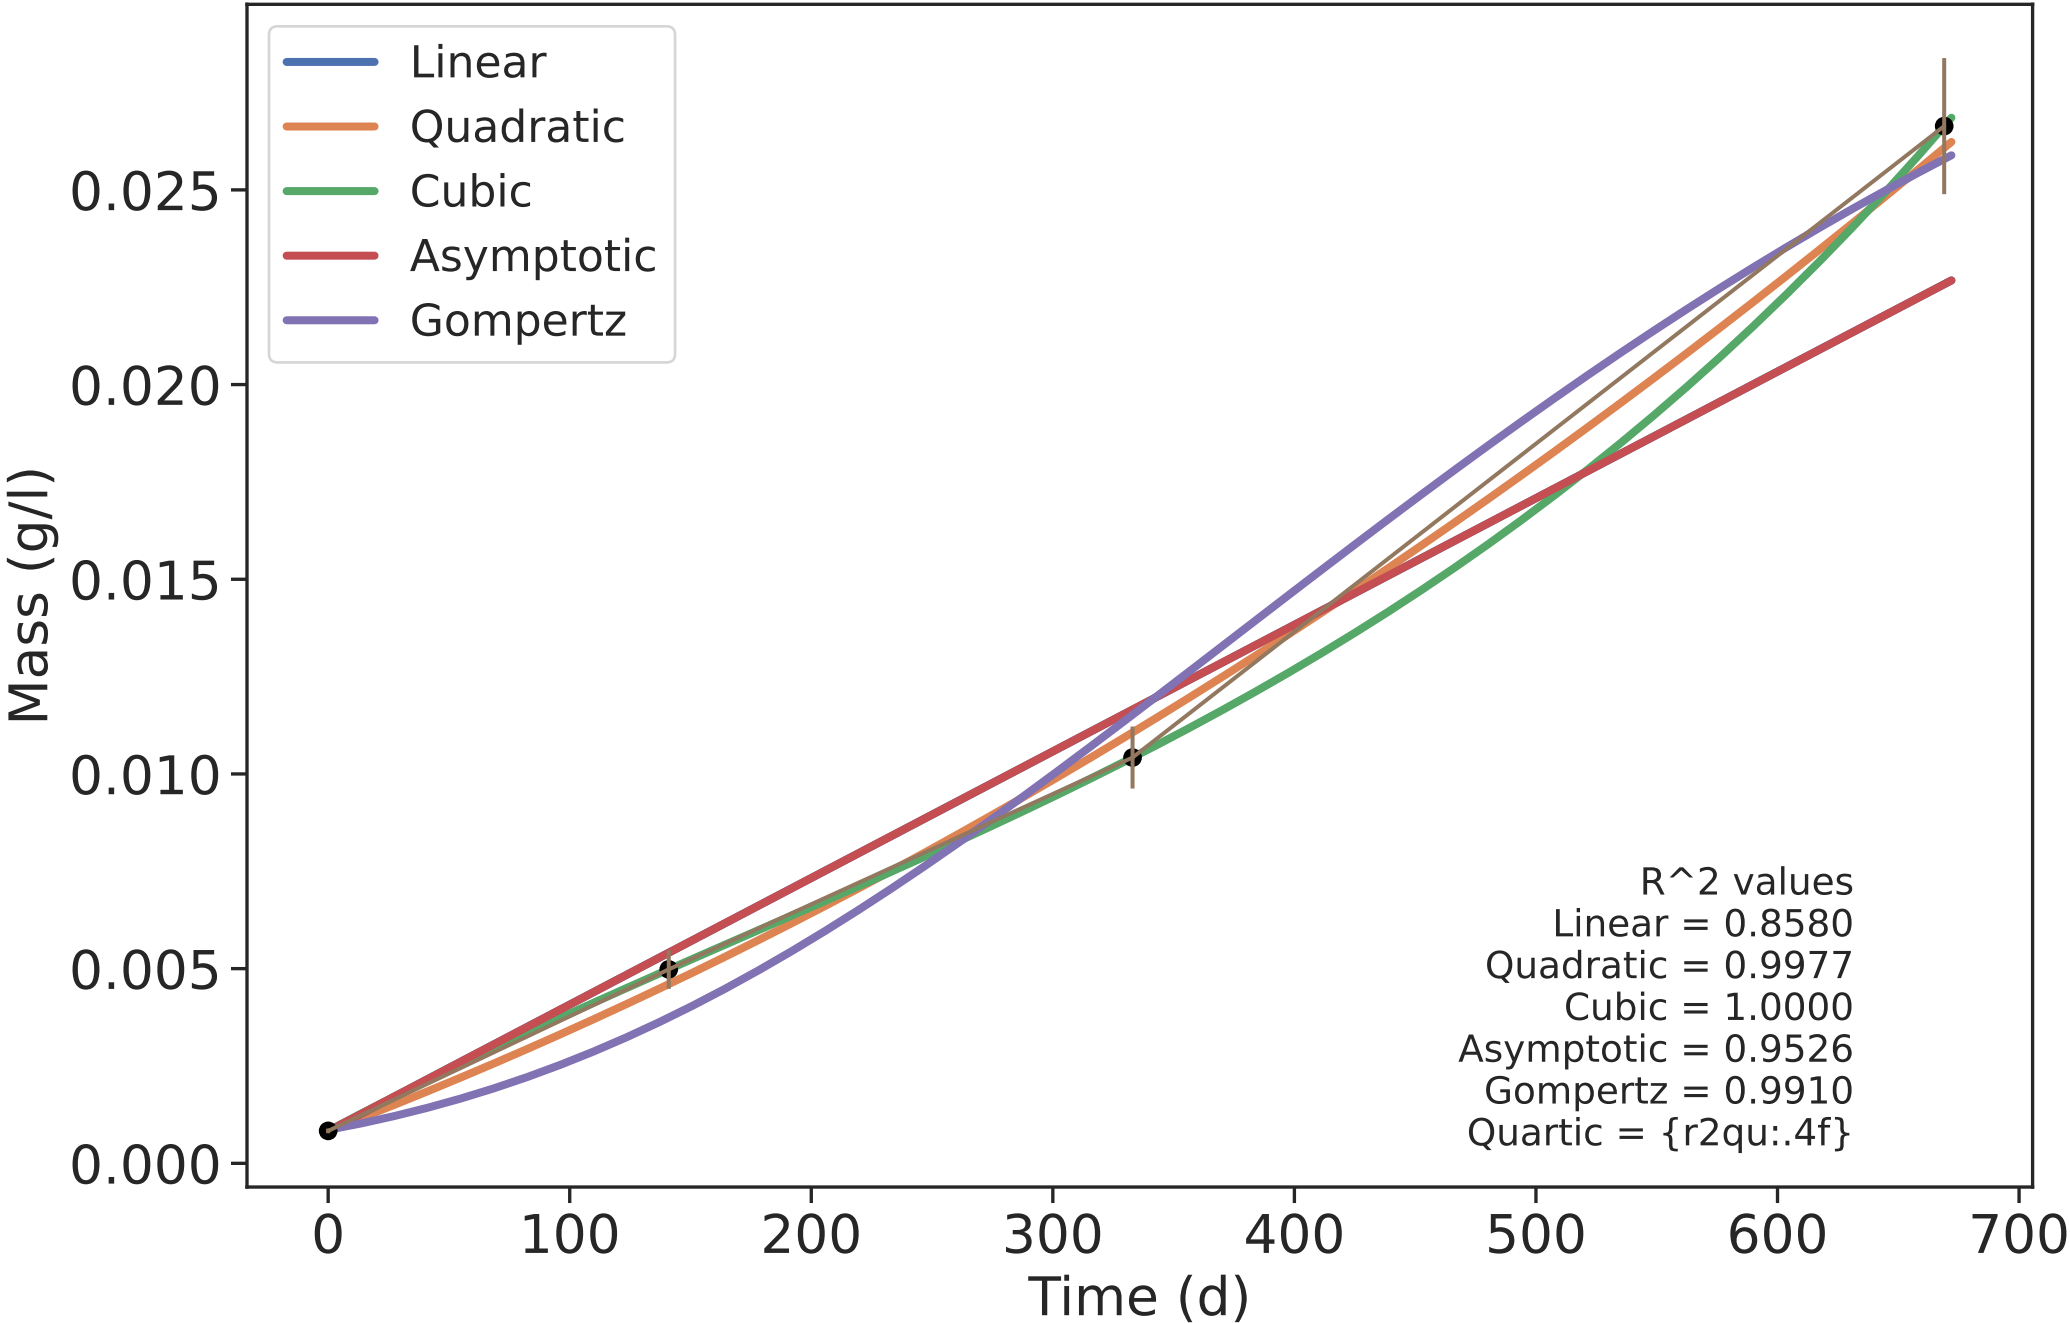

Curve fit to total of Ceramide

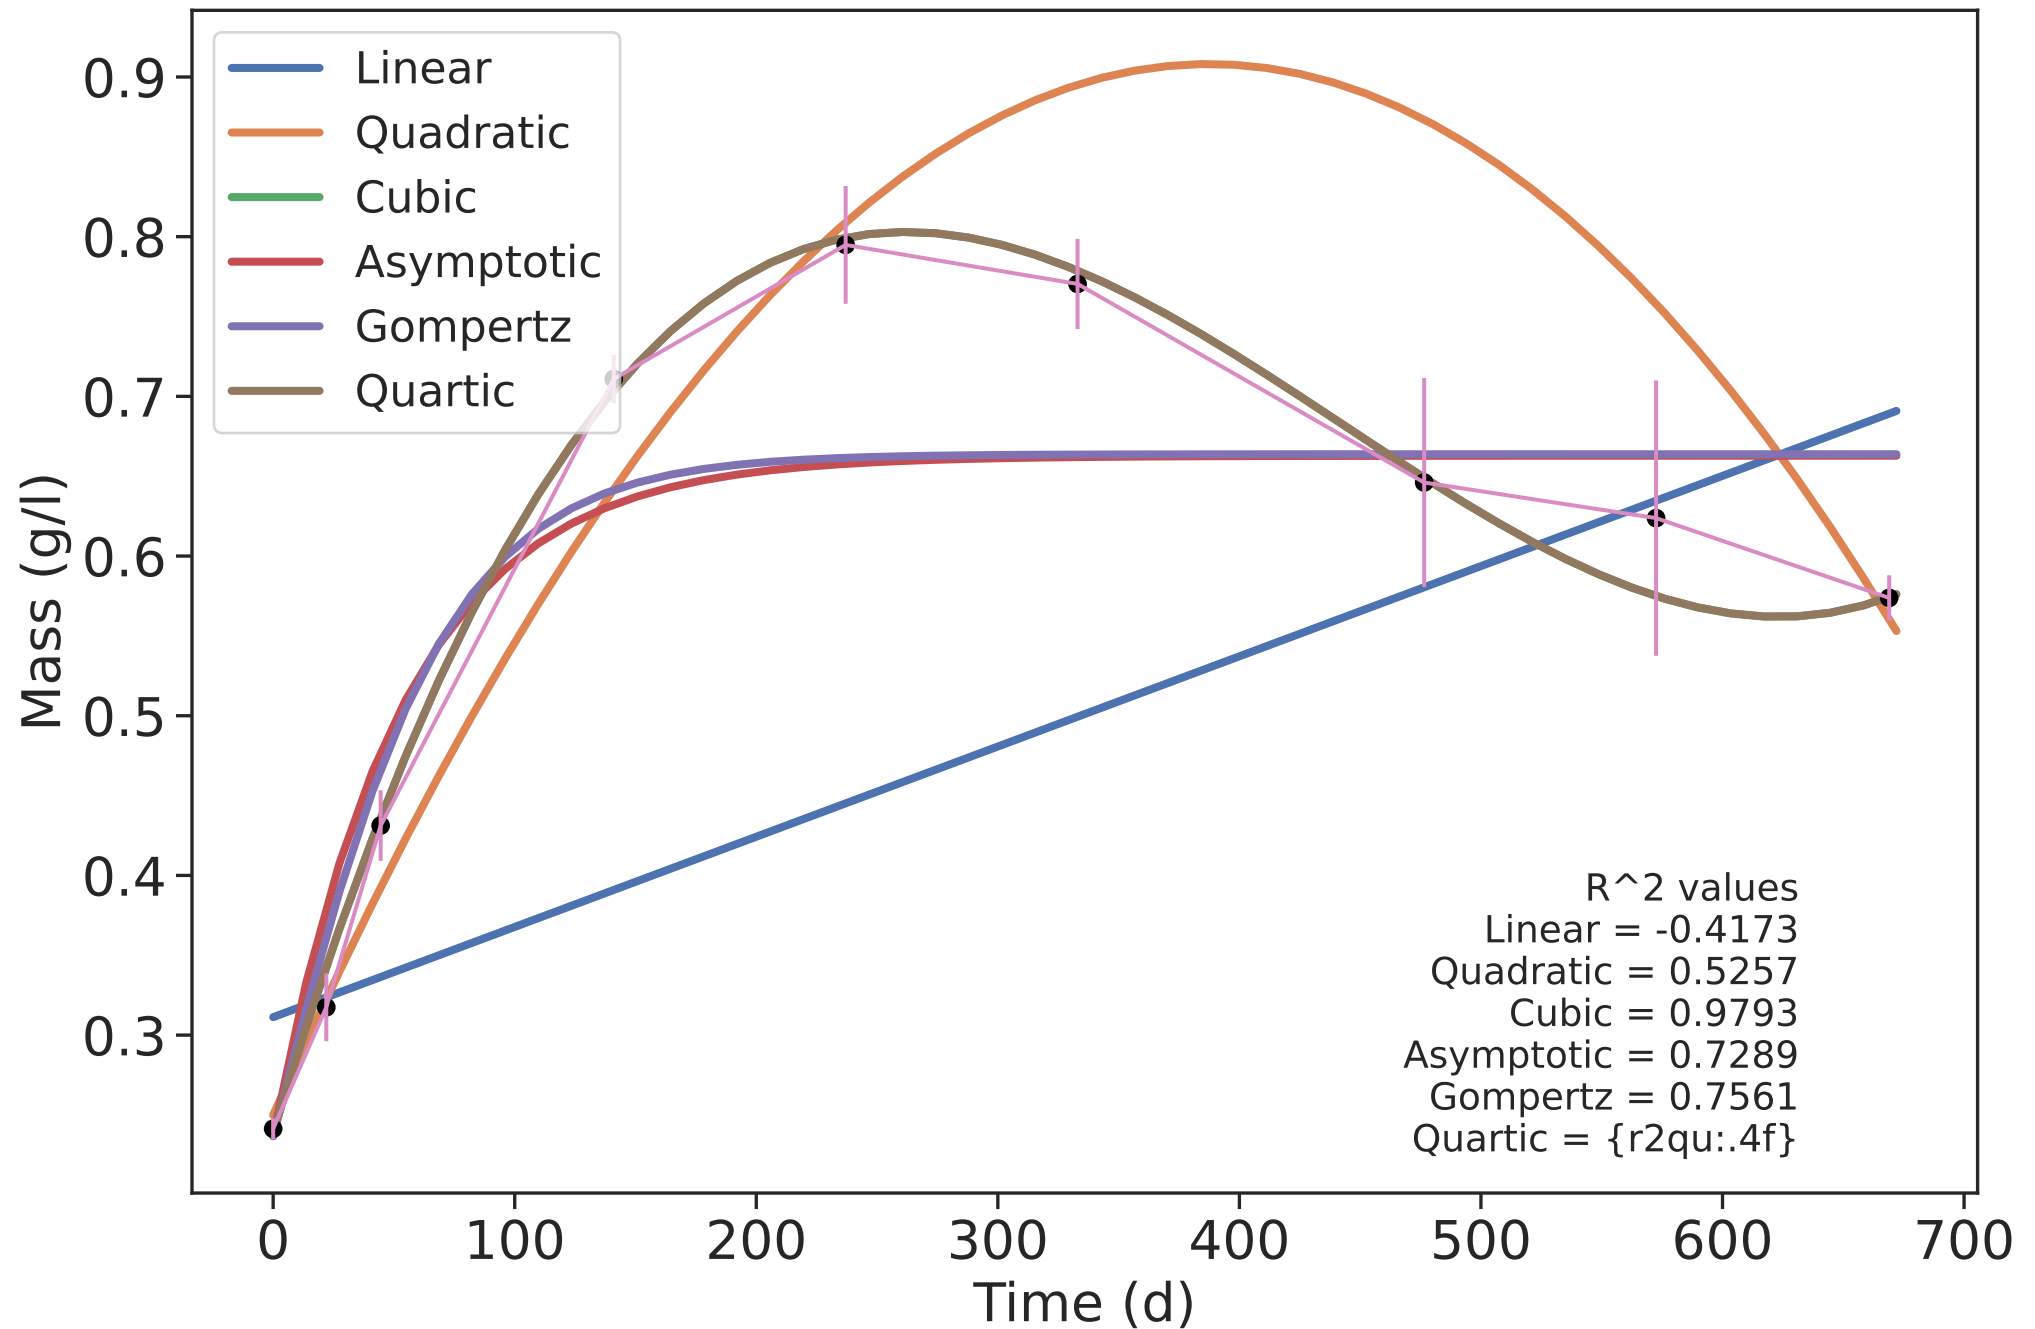

Curve fit to total of 1-phosphatidyl-1D-myo-inositol(1-)

Curve fit to total of 1,2-diglyceride

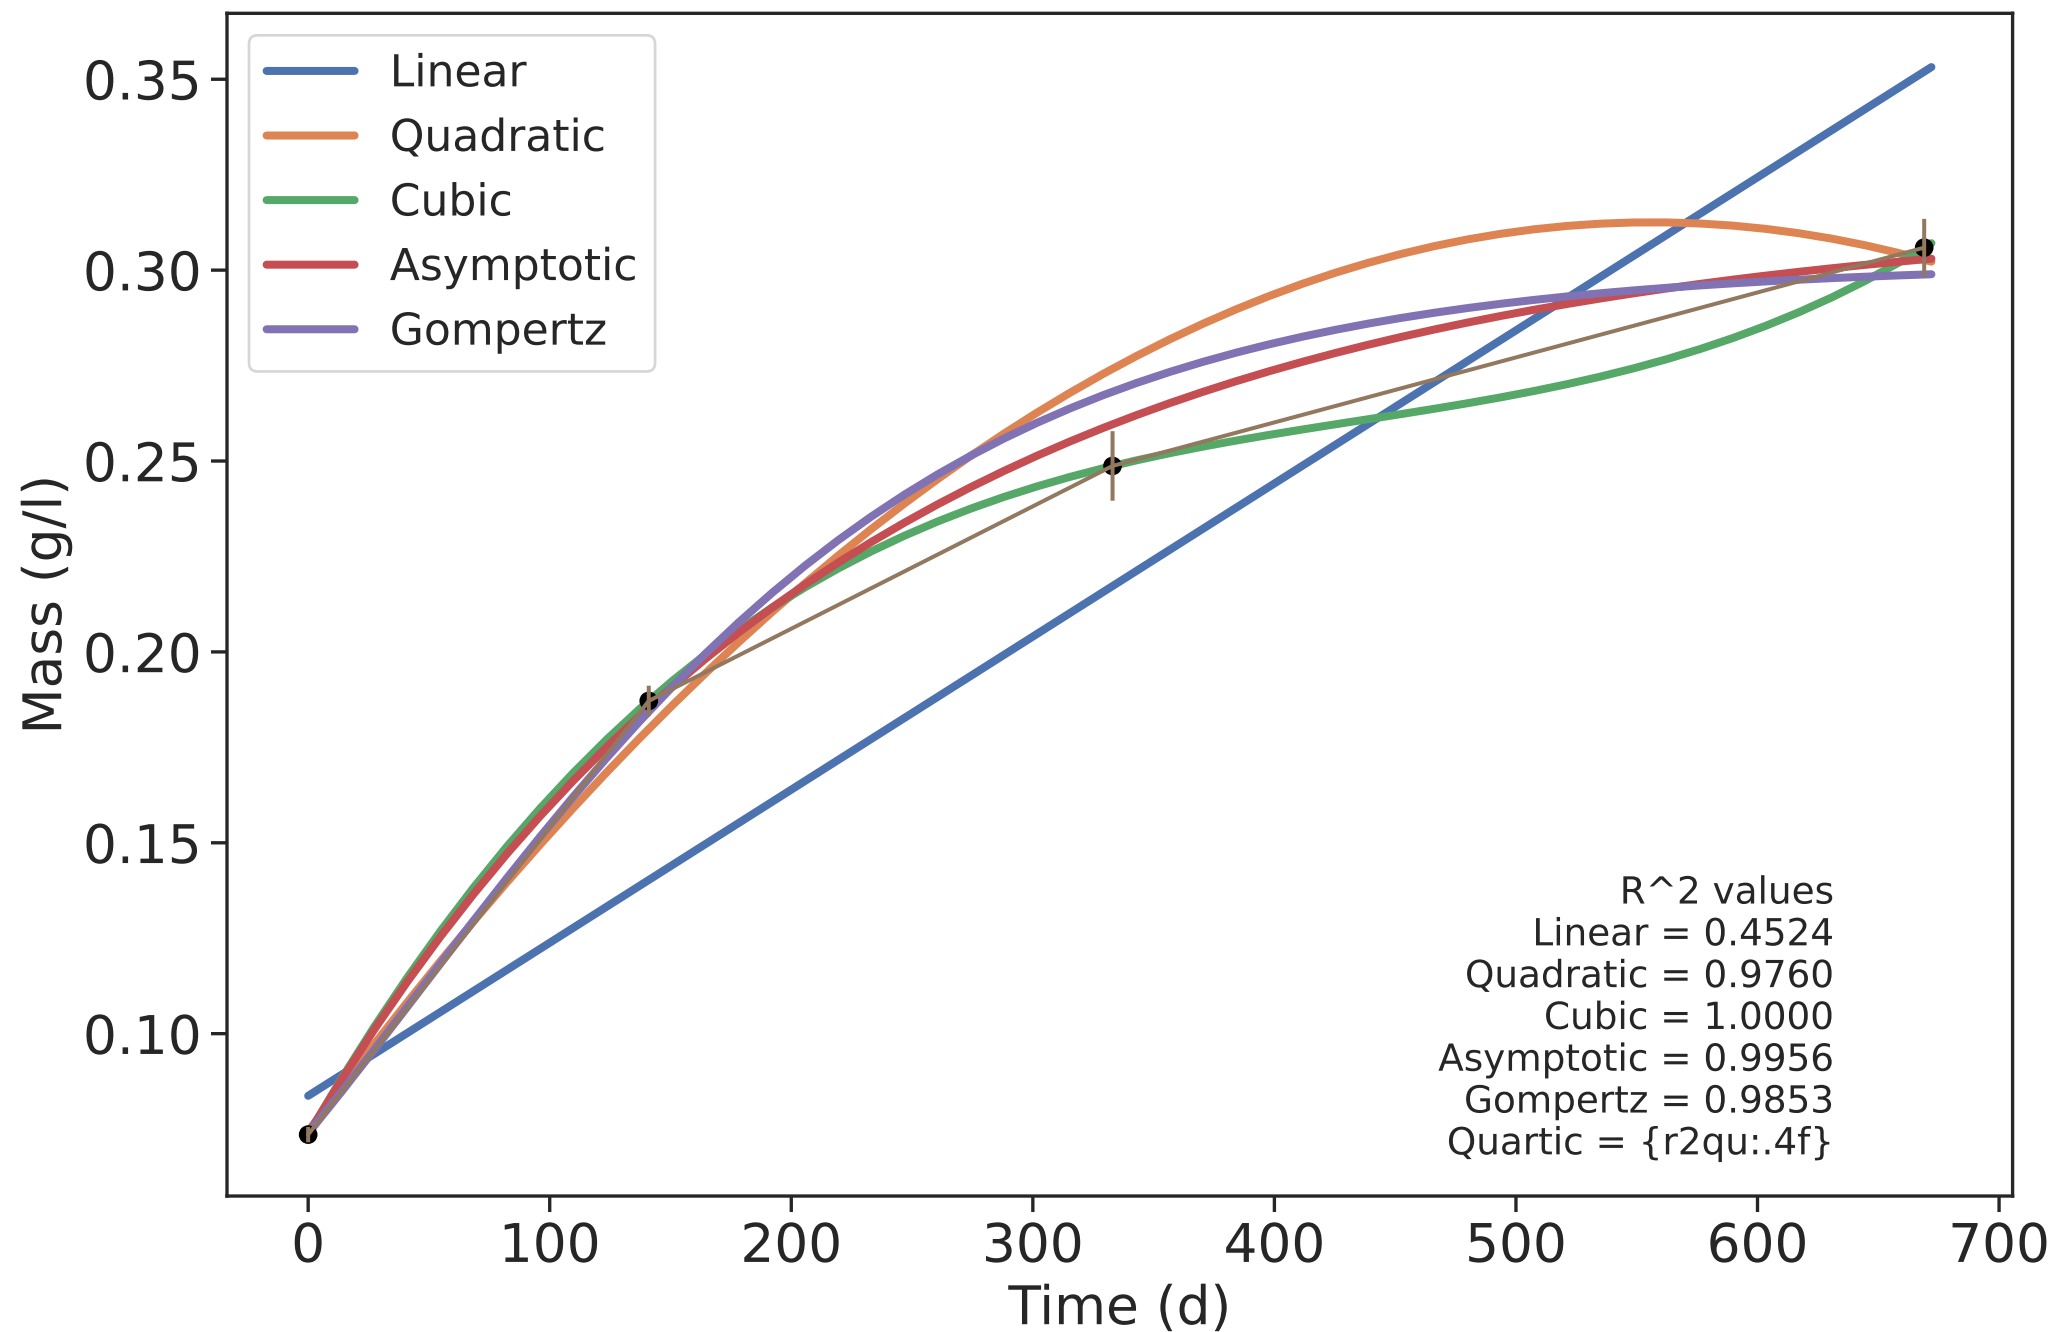

Curve fit to total of glycogen

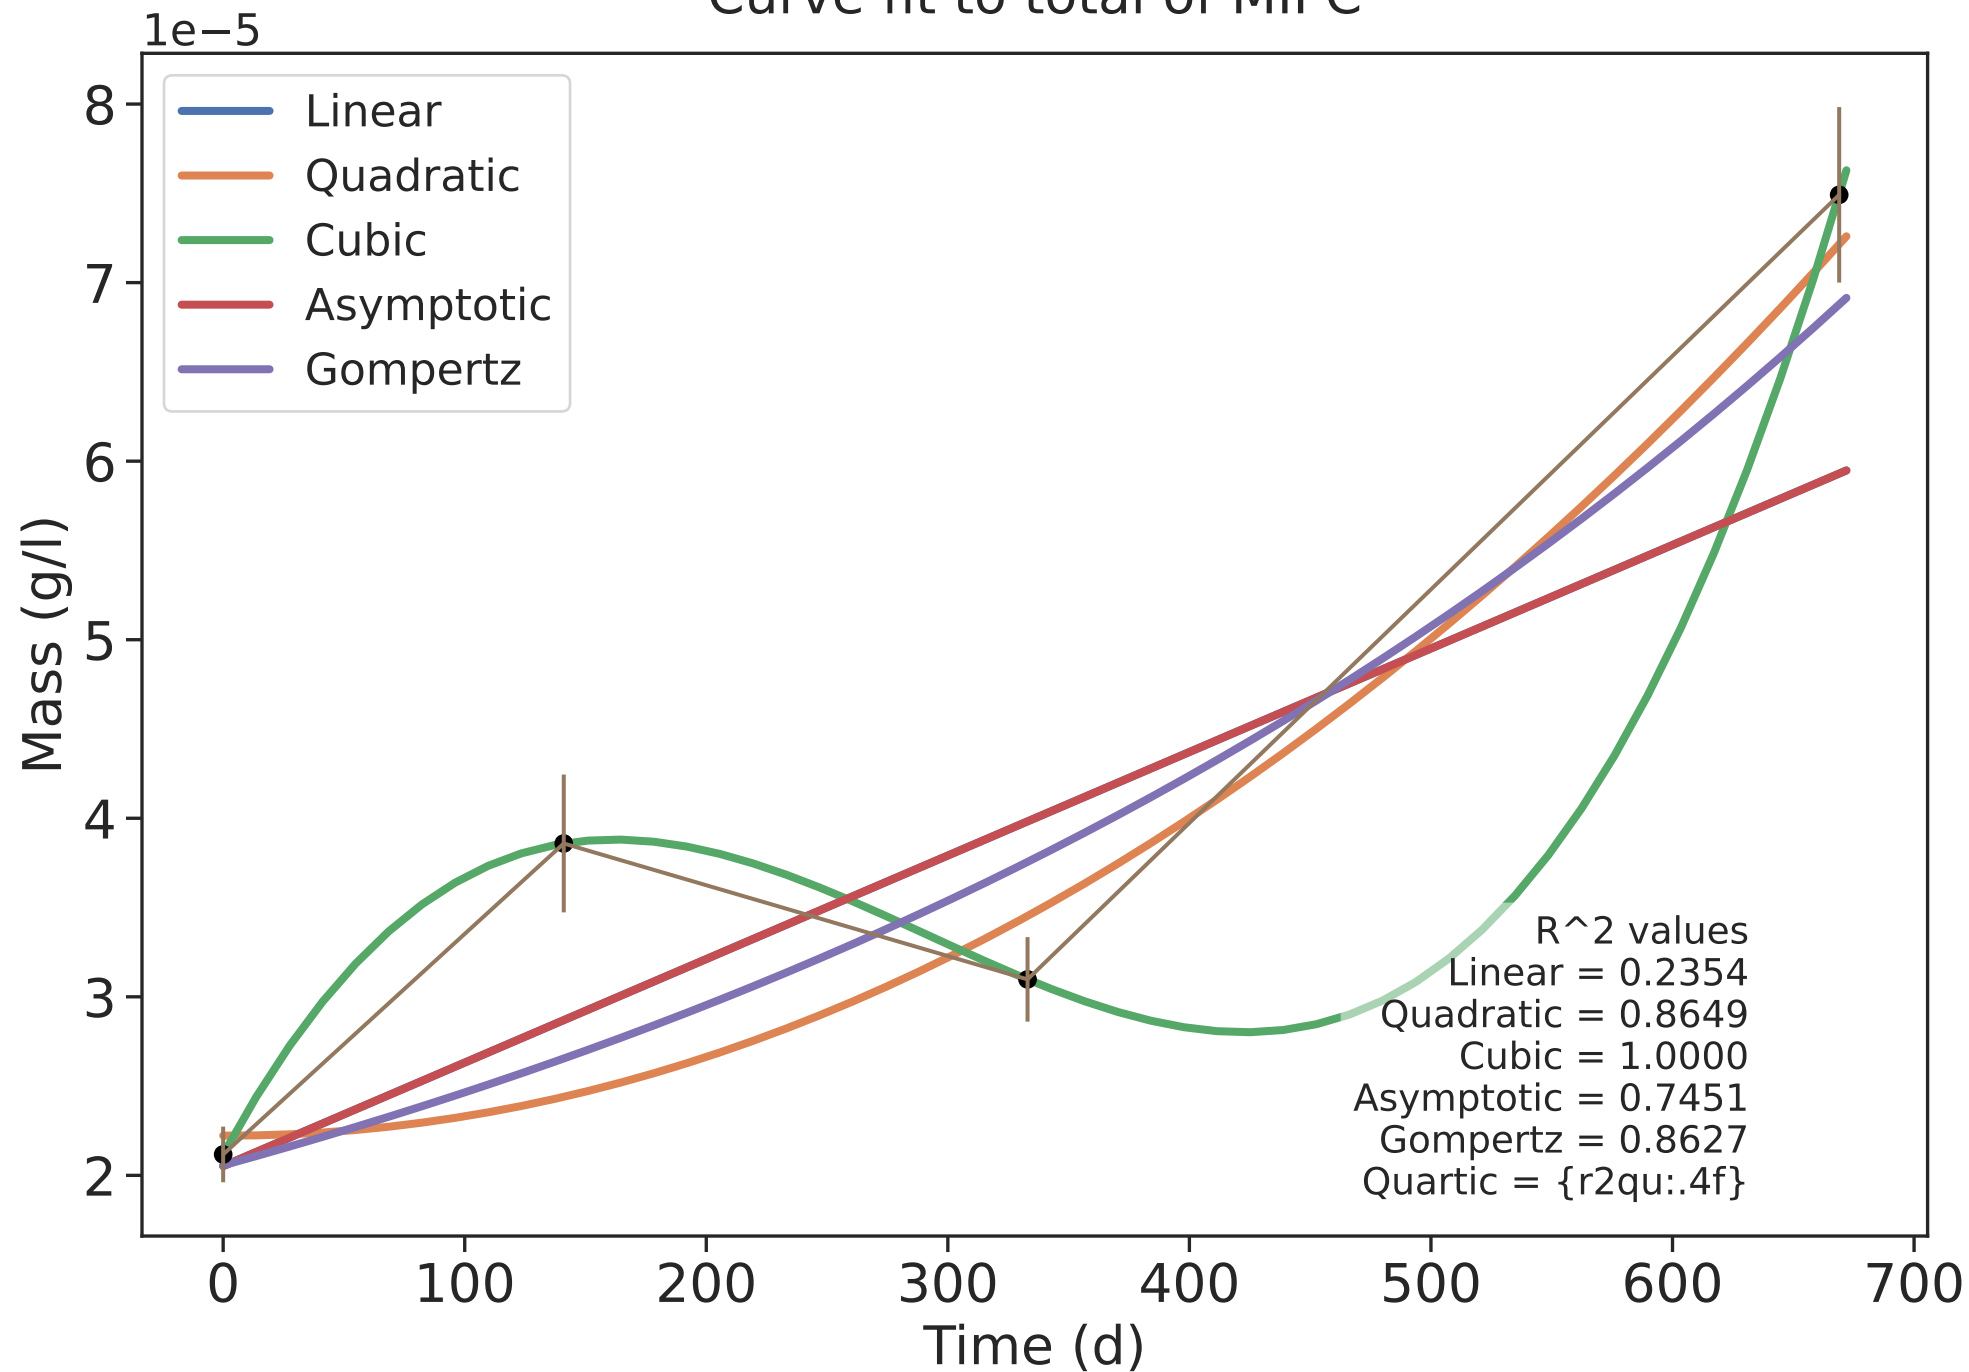

Curve fit to total of chitin

Curve fit to total of MIPC

Curve fit to total of DNA
